MEMPHIS, Tenn. (AP) — The mysterious Eric Starvo Galt has been charged with conspiracy and murder in the assassination of Dr. Martin Luther King Jr.

The FBI said in a fugitive warrant issued Wednesday night in Birmingham, Ala., that Galt, 36, conspired with a man "whom he alleged to be his brother" to violate King's civil rights.

The state charge of first-degree murder was filed against Galt in Memphis where King, 39, Nobel Prize winning civil rights leader, was shot to death on a motel balcony April 4 by a sniper who fled from a nearby rooming house.

First-degree murder in Tennessee carries the death penalty although the electric chair has not been used in the state since 1960.

The maximum penalty under the federal charge of conspiracy to violate a person's civil rights is a $5,000 fine and 10-year prison sentence.

**No Mention**

There was no further mention in the FBI statement about the alleged brother and no charge was filed against him.

FBI Director J. Edgar Hoover announced in Washington that the conspiracy to "injure, oppress, threaten or intimidate" King began "on or about March 30" in Birmingham.

The FBI statement said a .30.06 rifle equipped with a telescopic sight found near the rooming house shortly after King was slain, was purchased March 30 in Birmingham.

The statement did not connect Galt directly with the rifle.

The FBI released a photograph of Galt and solicited public aid in finding him. Whether this appeal meant the trail had become cold was unclear, but U.S. Atty. Gen. Ramsey Clark told a reporter in Washington that he felt this was not the situation.

The FBI started hunting Galt a week ago. Agents even contacted persons named Galt in several states in an attempt to find him.

**Not Certain**

The picture—which had to have the eyes "opened" by an artist—brought uncertain responses from witnesses who were acquainted with Galt or saw the fleeing sniper.

"Unless he was wearing a wig or had had a face lift or something, it's not the man I saw," said Charles Q. Stevens, who lives at the Main Street rooming house from which the fatal shot apparently was fired.

"The hair is too full and the face is too young," he said. But Stevens said he only got a side view of the fleeing figure.

A source in Birmingham said the photograph was taken within the past three months, although the FBI did not specify when it was made. The photo has sharp contrast, making hair and features very dark.

The FBI, relying on witnesses apparently, said the fugitive had been described as a white man, 5-8 to 5-11, weighing 160 to 175 pounds, with brown hair in a brush cut, blue eyes, straight nose.

**Rural Speech**

Persons who have met Galt, the FBI reported, described him as a loner with a "rural" speech and little schooling, fond of vodka, beer and hillbilly music.

The FBI statement also said, "The fugitive is said to have a nervous habit of occasionally pulling at an ear lobe with his left hand. His left ear protrudes further from his head than his right ear."

"Galt should be considered armed and dangerous," the FBI release warned.

Galt has used the names of John Willard and Harvey Lowmeyer, the FBI said. The assassin registered at the Memphis rooming house under the name of John Willard.

**Details Missing**

Details of the alleged conspiracy were missing from the FBI release, as were vital statistics, such as Galt's birthplace, formal schooling, employment. The statement said Galt claimed to have been a cook on Mississippi riverboats, a merchant seaman and "is said to be an avid dancer."

Galt, the FBI said, is the owner of a 1966 white Mustang with Alabama license plates abandoned in Atlanta the day after King was shot to death. The vehicle was left in the parking lot of an apartment project near the Georgia Capitol.

Two white Mustangs were parked near the rooming house shortly before the shooting, witnesses have said, and both disappeared minutes later.

# Johnson, Ike Meet After Pacific Talks

By FRANK CORMIER

MARCH AIR FORCE BASE, Calif. (AP)—President Johnson, stopping en route to his Texas ranch after two days of Pacific policy talks in Honolulu, conferred today with former President Dwight D. Eisenhower about war and peace in the Pacific.

Johnson arrived at this Strategic Air Command base in the middle of the night, slept aboard his plane and, not long after dawn, welcomed Eisenhower for a breakfast meeting aboard the presidential jet. Their talk followed a Hawaii summit meeting with South Korean President Chung Hee Park, who got Johnson's assurance that the Korean will have a voice in any Vietnam peace negotiations and that the United States will stand by its commitments to help defend South Korea against any Communist incursions from the north.

Johnson alighted from his jet at 7 a.m. PST, greeted a few score military families gathered nearby, and then strolled around the air base apron while awaiting Eisenhower, who flew in 15 minutes later from his winter home at Palm Desert.

The two dined aboard Air Force 1 while Johnson briefed Eisenhower on his Hawaii talks.

Johnson interrupted a Texas Easter vacation to fly to Hawaii Monday for discussions on Vietnam strategy with his Pacific military commanders and then Wednesday's parley with Park.

A 1,000-word joint communique and a warm embrace by Johnson of his important Asian ally climaxed the meeting which grew out of a strain in U.S.-Korean relations following last January's North Korean assassination attempt against Park and seizure of the U.S. intelligence ship Pueblo.

South Korea has nearly 50,000 troops with the allied forces in South Vietnam, and some of the allied Asian leaders have been making it plain they do not want to be bypassed in any peace negotiations. Some have also voiced misgivings Johnson may be too soft toward the Communist with his peace bids.

Johnson reassured Park on this score during an eight-hour session much of which featured talks by the two with no one but interpreters present.

Park publicly endorsed Johnson's cutback in bombing of North Vietnam and other efforts —still unsuccessful—to get talks with Hanoi under way.

The communique was drawn up by the two chiefs during their discussions at the oceanside estate of the late industrialist Henry J. Kaiser and dealt with two principal questions: Vietnam and Korea.

On Vietnam, the joint statement said:

—"Coupled with continued resolution and military firmness," the common goal of the allies of an honorable and secure peace requires "the earnest pursuit of a diplomatic solution"—and they hope "serious talks on the substance of peace could begin in the near future."

—Johnson reviewed developments over the past fortnight since his bombing curtailment to encourage peace contacts and Park "expressed his satisfaction with these developments."

—Johnson reviewed the position that American envoys would take in direct contacts with North Vietnamese representatives and reaffirmed that "the U.S. government would continue to consult fully with the Republic of Korea and other allies concerning negotiating developments and positions to be taken on the allied side at each stage."

On Korea, the two said:

—"Further aggressive actions by the North Korean Communists would constitute a most grave threat to peace."

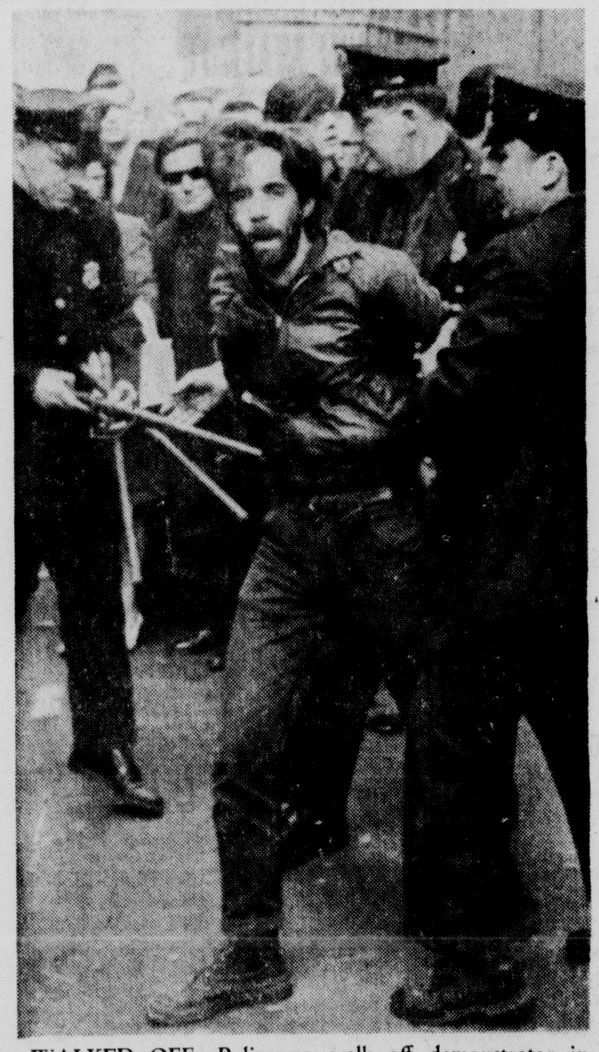

Word of a fresh incident involving a North Korean terrorist attack against the South Korean soldiers arrived while the leaders were meeting here.

—Johnson "reaffirmed the readiness and determination of the United States to render prompt and effective assistance to repel armed attacks against the Republic of Korea."

U.S. officials said this statement did not change existing treaty commitments of the United States, which has two Army divisions stationed in South Korea.

# *Hanoi Again Charges Delay*

TOKYO (AP) — North Vietnam demanded today that the United States "agree without delay" to Phnom Penh or Warsaw as the site for preliminary peace talks and also stop all attacks on North Vietnamese territory.

The demand, in the official Communist party newspaper Nhan Dan, repeated the charge that the United States is insincere in its talk of peace efforts.

**Stop Bombing**

"Once again," it said, "we demand that the U.S. government give up its attitude that shows a lack of good will and agree without delay to either Phnom Penh or Warsaw for the site of contacts. We demand that the United States stop definitively and unconditionally its bombing and other acts of war on the whole territory of the Democratic Republic of Vietnam so that talks may begin."

Presumably this latter referred to later peace negotiations, since the commentary noted that Hanoi had agreed to preliminary talks despite "limited bombing" attacks ordered by President Johnson.

**Blamed for Delay**

Nhan Dan said Johnson, in his speech in Honolulu Monday, attempted to blame North Vietnam for the delay in the start of the preliminary talks.

"Obviously, the U.S. President wanted to make public opinion believe that if contacts still have not been made between the two sides it is because of delay and lack of seriousness on the part of the Democratic Republic of Vietnam government," the paper said.

"This is clearly a complete reversal of truth aimed at coping with public opinion which is protesting against the U.S. government."

Nhan Dan noted that Johnson spoke in Honolulu of a "suitable place" for the preliminary talks. The paper added: "In the eyes of those men of good will who want an early end to the war in Vietnam, Phnom Penh—capital of a neutral country—or Warsaw—where the United States has its embassy—are suitable places for the contacts."

**Want Neutral Country**

Diplomats in Washington from some of the countries allied with the United States in Vietnam said the U.S. government had objected to Phnom Penh and Warsaw because it had promised the preliminary talks would be held, if possible, in a neutral Asian country to which South Vietnam and its Asian allies could send observer delegations.

This was expected to provoke a new howl from Hanoi, which has given every indication that it assumes the preliminary talks will be confined to the United States and North Vietnam, with their sole purpose the ending of all American attacks on North Vietnamese territory.

# War's Heaviest Bombing

SAIGON (AP) — Waves of American B52s hit South Vietnam's A Shau Valley with more than 1,500 tons of bombs Wednesday and today in the war's heaviest aerial blows for a 24-hour period.

At least 60 of the eight-engine Stratofortresses streaked over the valley from bases in Thailand and Guam to bomb North Vietnamese truck parks, storage areas and troop concentrations.

**No. 1 Target**

The 25-mile-long valley has become the No. 1 target for the B52 saturation bombing. Senior U.S. officers believe the North Vietnamese may be using the valley as a staging area for another major attack on Hue, 25 miles to the northeast.

The Communist command is believed to have 25 to 30 battalions in the Hue area, perhaps 15,000 to 18,000 men. The valley is used to funnel enemy troops and supplies from Laos eastward to the fringes of the old imperial capital on the coast where the enemy made his most determined stand during the lunar new year offensive in February.

Vietnamese sources report that the North Vietnamese 325C Division, once deployed around the Khe Sanh base 50 miles to the north, has moved into the A Shau Valley.

Since April 1, the B52s have flown 55 separate missions over the area, with each mission averaging about six planes. An estimated 8,000 tons of explosives have been dropped.

On the ground, U.S. and South Vietnamese troops battled enemy forces in the Mekong Delta and along the northern frontier Wednesday.

In the biggest battle, U. S. Infantrymen from the 9th Division reported killing 78 Viet Cong in day-long fighting in the delta 43 miles southwest of Saigon. Four Americans were reported killed and 15 wounded.

The U.S. infantrymen surrounded the enemy, and artillery and fighter-bombers blasted the enemy positions.

**No Fighting**

No new ground fighting was reported at Khe Sanh, but U.S. officers said more than 240 rounds of artillery and rockets hit the area Wednesday in the third consecutive day of heavy shelling. U.S. casualties were reported light.

For the 14th successive day in the air war against North Vietnam, U.S. jets stayed south of the 19th Parallel.

The deepest pentration reported was by Navy bombers that hit a ferry crossing 26 miles northwest of Vinh and 10 miles south of the parallel.

*City Hall Pickets Back*

# Up to Ray on Wages for the Firemen

By HUGH REYNOLDS

Mayor Raymond W. Garraghan will have to make a decision on firemen's wages after last night's meeting between commissioners and aldermen. The fire fighters resumed their picketing of city hall this morning.

**The Principals**

The meeting, held in the corporation counsel's office in city hall, was attended by 11 aldermen, Alderman-at-Large T. Robert Gallo, Corporation Counsel Aaron E. Klein, City Clerk Thomas R. Lyle and the three fire commissioners, Morton Finch, Robert S. Hinkley and Fred P. Reis. Alderman Edward Norton (D-Seventh Ward) and William Davis did not attend.

Peter Mancuso (D-Eighth Ward), finance chairman, told The Freeman today there was little the group could do last night since any transfer of funds to meet the firemen's wage demands would have to be instituted by Mayor Garraghan.

The firemen's chances of getting the raise from Garraghan appeared slim today as the mayor said, "I haven't got the money. I'll try to give them a raise in next year's budget.

Local 461, Uniformed Fire Fighters Association president Robert Gollnick said today he was "disillusioned" and "disappointed" at the results of last night's meeting. Gollnick said the firemen would continue to picket city hall in numbers and expected outside help such as other unions and other locals of the fire fighters association.

Garraghan's decision, whatever it is, should be binding since under the Taylor Law the municipality has the last word on contract negotiations.

Garraghan also had the first word on this contract when he offered both police and firemen $350 across the board last December. The police have accepted their raise, the firemen haven't. Fire fighters, represented by their local, 461, bargained with fire commissioners for the wage package now under dispute. It calls for $1,100 for the chief, $1,000 for each of four deputies and $400 for firemen.

The fire commissioners submitted that departmental budget in January but it was not accepted by the Council. The commissioners budget called for a 67-man department and there were only 64 in January with a mechanic to be hired in June. The extra money for the additional men, $10,400, was placed in the contingency fund by the Council.

**Call Pact Binding**

Another aspect of this many faceted controversy is the relationship between the council and the commissioners in regards to departmental appropriations and their disbursement. The firemen say they negotiated a contract with the commissioners in good faith and that the contract is binding on the city.

The aldermen agree that the commissioners have the responsibility to set salaries but say that they can only disburse what the Council gives them.

The firemen have used every channel available to them under the Taylor Law. They have taken their case all the way to the New York State Public Employe Relations Board and were upheld by that board. Strikes by public employes are banned by the law except under "extreme provocation."

# Bedford-Stuyvesant Next Stop for IBM

IBM's newest manufacturing facility will be established in the Bedford-Stuyvesant area of Brooklyn, in the core of that borough's racially disturbed area.

"The company's intent in going to Bedford-Stuyvesant," said Robert Dunlop, president of IBM Systems Manufacturing, "is to help address the needs of the community by providing jobs there and to provide for our own manufacturing needs."

**300 Peak Employment**

The plant is expected to employ about 100 persons by the end of 1968 and 300 at the conclusion of 1969, Dunlop told a Brooklyn meeting of community and business leaders yesterday.

**Lindsay's Comments**

New York's Mayor John V. Lindsay termed the project "a pioneering praiseworthy step, which will benefit both the company and Bedford-Stuyvesant.

Lindsay said IBM "will be providing jobs for the people who most need them and will pump new economic strength and new hope into the community."

Lewis Douglas, deputy director of the Bedford-Styvesant Restoration Corporation which aided in finding the site for IBM, said, "IBM really represents the power structure. We hope that it sets a trend."

IBM's chairman, Thomas Watson, also commenting, said "Establishing a new manufacturing activity is always a milestone for our company. This is all the more meaningful for Bedford-Stuyvesant where requirements for new job opportunities are so acute.

"We will do our best to be responsive to the needs of the area and look forward to being a part of the community."

**Computer Cables First**

The new facility will be located in a leased building at Gates and Nostrand Avenues and will begin operations with the manufacture of computer cables for use in the company's standard computer line.

The growth to 300 employes will involve the introduction of additional computer - related products.

Named to the post of general manager of the Brooklyn facility is a native New York and former Kingston resident, Ernest K. Friedli.

A Duke University graduate with a BS degree in mechanical engineering, he grew up in Brooklyn and attended Transfiguration Elementary and Stuyvesant High School.

Friedli joined the company in 1947 as an engineering trainee at Endicott. The following year he was transferred to Poughkeepsie as a design engineer.

Friedli advanced through various technical assignments and in 1954 was assigned to IBM's San Jose, Calif., facility, where he held management positions in product engineering. After four years on the coast, he went to White Plains where he worked in a number of administrative positions.

**Here Since 1961**

From 1961 until his present assignment, Friedli was located in Kingston where he held several management positions, most recently as assistant general manager of the manufacturing plant.

In making the announcement of the Brooklyn plant, Dunlop said the building will be ready for initial occupancy by IBM in about 45 to 60 days and general hiring will commence at that time.

The company is not receiving a subsidy or other governmental incentive for the project, but some of the employes may qualify for federal job training aid.

NEW FACILITY — IBM's new facility in Brooklyn's Bedford-Stuyvesant section will be located in this leased building at Gates and Nostrand Avenue. By the end of the year IBM plans to have approximately 100 people engaged in the manufacture of computer cables for use in the company's standard computor line. Anticipated growth to 300 employes by the end of 1969 will involve the introduction of additional computer-related products. Thomas Watson, IBM chairman, said at a Brooklyn meeting of community and business leaders yesterday that "In recent years the growth of IBM has been accompanied by the need for expanding our manufacturing operations. "This has meant the creation of new employment opportunities in which we can meet the needs of the community and at the same time provide for our needs."

# Conservative Party Backs Liddy, Bell

The county committee of Ulster County Conservative Party met recently and nominated G. Gordon Liddy for congress in the 28th district and H. Clark Bell for Ulster County assemblyman.

Also name dby the Conservatives were Kingston auto appliance dealer Bernie Singer for the state senate, Democratic incumbent William Martin for sheriff, and Republican incumbent Henry S. Hartley for coroner.

Liddy, Dutchess County assistant district attorney who will oppose Hamilton Fish Jr. for the Republican nomination for congress in the June 18 primary, said that because he will go into the primary it was impossible for him to withdraw his name from the Conservative ballot.

The deadline for withdrawing is May 17. The set procedure is that the Conservatives must circulate petitions for their candidates and collect five per cent of the votes cast for the Conservative candidate for governor in the last general election.

The deadline for these petitions is May 14 and the candidates have three days to either accept the designation or decline.

Bell said he would have to assess the situation.

It was announced at the meeting that the New York State Conservative party nominated James Buckley to oppose Republican Sen Jacob K. Javits for the U.S. Senate seat.

Harry S. Hoffman Jr., Ulster County Conservative Party chairman, said that, "Mr. Buckley will offer a real choice for the U.S. Senatorial post, in contrast to the very similar candidates offered by all other parties."

He further stated, "The Conservative Party of Ulster County has examined the qualifications of the candidates for various offices and has chosen members of other parties where they appear to be the best man for the job, and has chosen its own party candidates where it could not support any of the others."

In closing, Hoffman said, "It is clear that for the presidency, there is no support among Ulster County Conservatives for Nelson Rockefeller."

TEXAS SLAYING — Val Verde Countiy Sheriff Herman Richter examines the body of Juan Manuel Arellane, one of four persons found slain along highway 277 Wednesday, north of Del Rio, Texas. (UPI TELEPHOTO).

# The Slaughter in Texas: Child, 3 Others Victims

By LEE JONES

SONORA, Tex. (AP) — Four persons, one a child, died of brutal stab wounds and beatings on a lonely stretch of West Texas cattle country highway apparently early Wednesday.

**Two Survive**

Two children, gravely wounded, survived the slaughter but were so small it appeared unlikely that even the elder could aid officers.

A ranch hand found the first evidences of the slayings and officers combed the area during the morning looking for possible more bodies. But by early afternoon, authorities believed they had found all victims.

The three adults resided in Piedras Negras, Mexico, across the Rio Grande from Eagle Pass, Tex., Del Rio police said. Presumably the children were from there, too.

One of the survivors, an infant girl, was shot between the eyes, but a doctor said he had hopes she would live.

The other survivor was a boy, 4 to 5 years old, who suffered multiple stab wounds and was covered with earth and gravel when he reached a Del Rio hospital. He was conscious and tearless. Docters said his condition was fair.

**Few Clues**

Officers had few clues.

At one point they searched for a hitchhiking Mexican national wearing a white shirt. They found such a man sleeping beside a road near Del Rio and questioned him only briefly before releasing him.

Del Rio police identified three of the victims as:

Maria Antonia Lopez Cantu, 19.

Monica Lopez Arellano, 24.

Juan Manuel Arellano, 25.

The dead child was about 2 years old and not immediately identified.

The Arellanos were identified as man and wife.

Del Rio police said the younger woman was nude and that she had been raped.

The bodies were scattered for two or three miles along the highway which runs from Del Rio to Sonora.

One body was on the highway, another in a ditch, one near the ditch and another in a pasture. The wounded children were in a pasture.

Only the little girl was known to be shot, although doctors believed the surviving boy may have a bullet wound.

The wounded girl was taken to a Sonora hospital where Dr. J. C. Howell said "I have a hunch she may live." Her right side was paralyzed.

Del Rio officers said the victims were last seen at a spot called Loma Alta, a combination store, gasoline station and cafe.

The operator said the victims had a blowout on their car after passing through and returned for repairs. They headed back north on the highway about 10 p. m. Tuesday.

# Driver Hurt, Cited After 209 Accident

A one-car accident on Route 209 near hte Village of Ellenville yesterday injured a 19-year-old Pine Bush man who was given a summons for driving at a speed not reasonable or prudent.

According to Ellenville State Police, Andrew Mazesky was traveling south on Route 209 at about 11:45 p. m. last night when he lost control of his vehicle.

Reportedly, Mazesky ran off the right side of the road and knocked down 13 guard rails before coming to rest at the bottom of a bank.

He suffered injuries which included a laceration of the left arm and was taken to Ellenville Community Hospital for treatment.

Troopers R. M. Houst and J. J. Schatzel gave Mazesky the summons which is returnable to Wawarsing Town Justice Herbert Poppel.

There were no injuries in a Route 9W accident in the Town of Saugerties yesterday, but one of the drivers involved received a summons for driving too close to the vehicle in front of him.

Kingston State Police claim that 36-year old Robert Finger Jr. of 12 Birchwood Drive was traveling north on the highway with Robert Boerner, 30, of Apple Tree Drive, directly behind him.

Allegedly, when Finger attempted to turn into a gas station driveway, Boerner collided with his car.

Boerner's summons is returnable to the Saugerties town justice.

## And the Feud Goes On

# Rosendale Village Tax Hike Due

By LYNN MULVANEY

A tax raise of "a dollar or two" is indicated for Village of Rosendale residents whose board last night unanimously passed a budget of $36,937—up $4,300 from last year.

The present tax rate is $9.91 per thousand dollars assessed valuation.

**Six at Hearing**

At a public hearing attended by about six persons prior to the budget approval, the village's fiscal affairs received a thorough going over as did the Town of Rosendale which once again came under village board criticism for "lack of cooperation during the past year."

Trustee Joseph La Fera, going over the budget, item for item, pointed out the areas of increase. Added money is needed to meeting planning expenditures, police and fire department increases, for street maintenance, a new dump truck and for salary increases for the village attorney and the newly created post of clerk and treasurer. In the past the latter positions were separate at salaries of $500 and $950 respectively. The new budget calls for a salary of $1,750

**Meters Only Answer: Reid**

Mayor Joseph Reid, commenting on the village's financial status cited the approximate $100,000 the village expects to pick up in assessed valuation this year and told of more than $18,000 owed in back taxes over the past six years with $7,000 outstanding from last year. He said steps were being taken to collect money owed.

Concerned over delinquent water bills, he said some go back seven years with one as high as $1,700. "Meters are the only answer," he suggested.

**'Town Does Nothing'**

The mayor also cited the increased financial burden imposed on the village due to the fact that the town has done "nothing" to help the village this year as it had in the past with such things as snowplowing, maintenance of the dump, oiling and chipping of roads, and loading sand trucks.

It was pointed out that the village has been helpful to the town in providing school crossing guards.

Mayor Reid said that the board had written the Conference of Mayor seeking a ruling on the matter and was told that any services rendered the village by the town are purely up to the town should a gentlemen's agreement exist as it has in the past.

A taxpayer in attendance volunteered at this point "What is needed is a Little Orphan Annie to get in the middle and tell that there is no Daddy Warbucks."

**Water Fund Comment**

The water fund also drew considerable comment with attention being given the fact that the total cost last year was budgeted at $14,548 whereas $18,000 was actually spent. This year's budget calls for an expenditure of $19,330 with increases found in items such as the pump source, reserve repair, debt redemption and administration.

Praise was given Frank Majestic of Gardiner for his loan of $55,000 worth of pipe to the village.

LaFera in explaining the budget further indicated the anticipated income will be up about $400.

**Compute Rate**

As far as the actual tax rate, he explained that it still has to be computerized. Explaining that the equalization rate, necessary to computing the tax, had just been received from the state, he said time did not allow for a final figure—hence the anticipated rate of "a dollar or two."

Many budget items stayed the same—for instance, the mayor's and trustee's salaries as well as salaries for the assessors and election office. Street cleaning, snow removal, shade tree and light items stayed at the same level as did refuse, youth and vital statistic items.

Trustee LaFera also announced that bids on the flood control project have been received with the village's portion coming in much higher than anticipated. He said the village has the right to reject the bid and has written the Army Corps of Engineers suggesting that it would take another course of action. The bids for the state's portion of the contract were much lower by comparison, LaFera said. Construction is expected to begin in May.

# 2 School Filings

By WALTER S. CLARK JR.

A Kingston accountant and a Woodstock housewife submitted nominating petitions seeking membership on the Board of Education of the Kingston School District Consolidated before the 5 p. m. deadline on Wednesday.

**School Vote May 7**

C. Leser Legg Jr., of 68 Wilson Avenue, who is associated with the firm of Peat, Marwick, Mitchell and Company, accountants and auditors, and Mrs. Bernadine Coller, of 9 Forest Woods Drive, Woodstock, will be candidates for a seat on the Board of Education to be vacated at the end of the current school year by Hubert Hoderath, who is not seeking another term.

The petitions were filed yesterday at the office of Superintendent of Schools W. Wendell Hoover and each petition was signed by at least 100 persons who are qualified to vote at the school election in the consolidated district to be held on Tuesday, May 7.

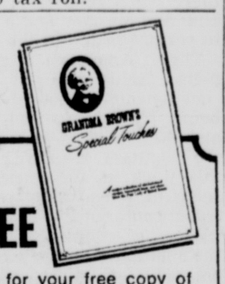

Polling places in the 18 election districts will be open on election day from 12 noon until 9 p. m.

**Proposition Vote**

In addition to electing a member of the Board of Education, district voters also will vote on a proposition as follows: That the existing constitutional tax limitation of 1.75 per cent on the amount to be raised by tax on real estate in the City School District of the City of Kingston in any fiscal year be increased to 2 per cent.

## Rochester Tax

It has been reported by the Board of Assessors of the Town of Rochester that there are many new, and renewal applications for aged exemptions that have not been returned to the chairman of the board of assessors. The applications must be on file by May 2, 1968, in order to be applied to the 1968-1969 tax roll.

TEXAS SLAYING — Val Verde Countiy Sheriff Herman Richter examines the body of Juan Manuel Arellane, one of four persons found slain along highway 277 Wednesday, north of Del Rio, Texas. (UPI TELEPHOTO).

# The Slaughter in Texas: Child, 3 Others Victims

By LEE JONES

SONORA, Tex. (AP) — Four persons, one a child, died of brutal stab wounds and beatings on a lonely stretch of West Texas cattle country highway apparently early Wednesday.

**Two Survive**

Two children, gravely wounded, survived the slaughter but were so small it appeared unlikely that even the elder could aid officers.

A ranch hand found the first evidences of the slayings and officers combed the area during the morning looking for possible more bodies. But by early afternoon, authorities believed they had found all victims.

The three adults resided in Piedras Negras, Mexico, across the Rio Grande from Eagle Pass, Tex., Del Rio police said. Presumably the children were from there, too.

One of the survivors, an infant girl, was shot between the eyes, but a doctor said he had hopes she would live.

The other survivor was a boy, 4 to 5 years old, who suffered multiple stab wounds and was covered with earth and gravel when he reached a Del Rio hospital. He was conscious and tearless. Docters said his condition was fair.

**Few Clues**

Officers had few clues.

At one point they searched for a hitchhiking Mexican national wearing a white shirt. They found such a man sleeping beside a road near Del Rio and questioned him only briefly before releasing him.

Del Rio police identified three of the victims as:

Maria Antonia Lopez Cantu, 19.

Monica Lopez Arellano, 24.

Juan Manuel Arellano, 25.

The dead child was about 2 years old and not immediately identified.

The Arellanos were identified as man and wife.

Del Rio police said the younger woman was nude and that she had been raped.

The bodies were scattered for two or three miles along the highway which runs from Del Rio to Sonora.

One body was on the highway, another in a ditch, one near the ditch and another in a pasture. The wounded children were in a pasture.

Only the little girl was known to be shot, although doctors believed the surviving boy may have a bullet wound.

The wounded girl was taken to a Sonora hospital where Dr. J. C. Howell said "I have a hunch she may live." Her right side was paralyzed.

Del Rio officers said the victims were last seen at a spot called Loma Alta, a combination store, gasoline station and cafe.

The operator said the victims had a blowout on their car after passing through and returned for repairs. They headed back north on the highway about 10 p. m. Tuesday.

# Driver Hurt, Cited After 209 Accident

A one-car accident on Route 209 near hte Village of Ellenville yesterday injured a 19-year-old Pine Bush man who was given a summons for driving at a speed not reasonable or prudent.

According to Ellenville State Police, Andrew Mazesky was traveling south on Route 209 at about 11:45 p. m. last night when he lost control of his vehicle.

Reportedly, Mazesky ran off the right side of the road and knocked down 13 guard rails before coming to rest at the bottom of a bank.

He suffered injuries which included a laceration of the left arm and was taken to Ellenville Community Hospital for treatment.

Troopers R. M. Houst and J. J. Schatzel gave Mazesky the summons which is returnable to Wawarsing Town Justice Herbert Poppel.

There were no injuries in a Route 9W accident in the Town of Saugerties yesterday, but one of the drivers involved received a summons for driving too close to the vehicle in front of him.

Kingston State Police claim that 36-year old Robert Finger Jr. of 12 Birchwood Drive was traveling north on the highway with Robert Boerner, 30, of Apple Tree Drive, directly behind him.

Allegedly, when Finger attempted to turn into a gas station driveway, Boerner collided with his car.

Boerner's summons is returnable to the Saugerties town justice.

# Rosendale Village Tax Hike Due

By LYNN MULVANEY

A tax raise of "a dollar or two" is indicated for Village of Rosendale residents whose board last night unanimously passed a budget of $36,937—up $4,300 from last year.

The present tax rate is $9.91 per thousand dollars assessed valuation.

**Six at Hearing**

At a public hearing attended by about six persons prior to the budget approval, the village's fiscal affairs received a thorough going over as did the Town of Rosendale which once again came under village board criticism for "lack of cooperation during the past year."

Trustee Joseph La Fera, going over the budget, item for item, pointed out the areas of increase. Added money is needed to meeting planning expenditures, police and fire department increases, for street maintenance, a new dump truck and for salary increases for the village attorney and the newly created post of clerk and treasurer. In the past the latter positions were separate at salaries of $500 and $950 respectively. The new budget calls for a salary of $1,750

**Meters Only Answer: Reid**

Mayor Joseph Reid, commenting on the village's financial status cited the approximate $100,000 the village expects to pick up in assessed valuation this year and told of more than $18,000 owed in back taxes over the past six years with $7,000 outstanding from last year. He said steps were being taken to collect money owed.

Concerned over delinquent water bills, he said some go back seven years with one as high as $1,700. "Meters are the only answer," he suggested.

**'Town Does Nothing'**

The mayor also cited the increased financial burden imposed on the village due to the fact that the town has done "nothing" to help the village this year as it had in the past with such things as snowplowing, maintenance of the dump, oiling and chipping of roads, and loading sand trucks.

It was pointed out that the village has been helpful to the town in providing school crossing guards.

Mayor Reid said that the board had written the Conference of Mayor seeking a ruling on the matter and was told that any services rendered the village by the town are purely up to the town should a gentlemen's agreement exist as it has in the past.

A taxpayer in attendance volunteered at this point "What is needed is a Little Orphan Annie to get in the middle and tell that there is no Daddy Warbucks."

**Water Fund Comment**

The water fund also drew considerable comment with attention being given the fact that the total cost last year was budgeted at $14,548 whereas $18,000 was actually spent. This year's budget calls for an expenditure of $19,330 with increases found in items such as the pump source, reserve repair, debt redemption and administration.

Praise was given Frank Majestic of Gardiner for his loan of $55,000 worth of pipe to the village.

LaFera in explaining the budget further indicated the anticipated income will be up about $400.

**Compute Rate**

As far as the actual tax rate, he explained that it still has to be computerized. Explaining that the equalization rate, necessary to computing the tax, had just been received from the state, he said time did not allow for a final figure—hence the anticipated rate of "a dollar or two."

Many budget items stayed the same—for instance, the mayor's and trustee's salaries as well as salaries for the assessors and election office. Street cleaning, snow removal, shade tree and light items stayed at the same level as did refuse, youth and vital statistic items.

Trustee LaFera also announced that bids on the flood control project have been received with the village's portion coming in much higher than anticipated. He said the village has the right to reject the bid and has written the Army Corps of Engineers suggesting that it would take another course of action. The bids for the state's portion of the contract were much lower by comparison, LaFera said. Construction is expected to begin in May.

# 2 School Filings

By WALTER S. CLARK JR.

A Kingston accountant and a Woodstock housewife submitted nominating petitions seeking membership on the Board of Education of the Kingston School District Consolidated before the 5 p. m. deadline on Wednesday.

**School Vote May 7**

C. Leser Legg Jr., of 68 Wilson Avenue, who is associated with the firm of Peat, Marwick, Mitchell and Company, accountants and auditors, and Mrs. Bernadine Coller, of 9 Forest Woods Drive, Woodstock, will be candidates for a seat on the Board of Education to be vacated at the end of the current school year by Hubert Hoderath, who is not seeking another term.

The petitions were filed yesterday at the office of Superintendent of Schools W. Wendell Hoover and each petition was signed by at least 100 persons who are qualified to vote at the school election in the consolidated district to be held on Tuesday, May 7.

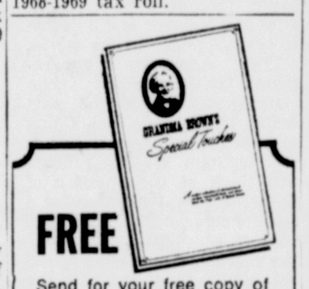

Polling places in the 18 election districts will be open on election day from 12 noon until 9 p. m.

**Proposition Vote**

In addition to electing a member of the Board of Education, district voters also will vote on a proposition as follows: That the existing constitutional tax limitation of 1.75 per cent on the amount to be raised by tax on real estate in the City School District of the City of Kingston in any fiscal year be increased to 2 per cent.

## Rochester Tax

It has been reported by the Board of Assessors of the Town of Rochester that there are many new, and renewal applications for aged exemptions that have not been returned to the chairman of the board of assessors. The applications must be on file by May 2, 1968, in order to be applied to the 1968-1969 tax roll.

## National Library Week

During the April 22-27 period, National Library Week will be observed and no institution can be more deserving of such an honor. For a library is, in the full sense of the word, a monument to civilization, to its tragedies and triumphs, its disasters and its victories and, above all, what men have felt and managed to put down in words of prose and poetry.

A world without books would be the emptiest of worlds. And the man or woman who does not read and read seriously is missing, tragically and unnecessarily, one of the greatest of human needs and pleasures.

Kingston Library, which is participating in the national observance, is encouraging reading for self-improvement and pleasure. Approximately 70,000 books, periodicals, records and films were circulated last year by the local library. More than 20,000 adult books, 5,600 juvenile books and 114 newspapers and periodicals are available to the public. Available also are sheet music, scores and librettos and access to more than 1,200 films through membership in the Mid-Hudson Library System and the State Library.

These public library services are all free.

Americans are reading more and better books, according to a recent survey made by the American Library Association in 100 cities. With today's increasing interchange between rural residents and city dwellers, the same probably exists in lesser centers of population.

Education, government, religion, business and investments are all studied much more than formerly. Libraries are playing a unique role on storing, organizing and dispensing mankind's recorded knowledge. People are reading more and more deeply.

If you haven't been doing much reading lately, visit the library, fill out a card and take home a book. Like the newspapers, which increasingly have brought important messages and problems to public attention, you can read a book at your leisure and not at some day and hour dictated to you.

The strength of the nation depends on the knowledge and understanding of its citizens.

This years' theme for Library Week is "Be All You Can Be—Read."

## There Are Notable Gains

Operation Breadbasket, a Chicago-based operation, seeks to persuade business to hire more Negroes and to encourage Negro ownership of business. The Rev. Jesse Jackson, who was with Dr. Martin Luther King when he was slain in Memphis, said the operation now functions in 28 cities and will soon expand to 50. Both its aims are catching on.

New York City's Finance Director, Roy M. Goodman, proposes an intensive business training program, on the order of wartime officer training schools, to develop Negro and Puerto Rican executives. His idea is that the economic development of the ghetto is tantamount to a wartime emergency. Given access to business training, Negroes can rise in the free enterprise system. They are needed in the business world.

Those steps, taken in the nation's two largest cities, herald things to come. For instance, Negro college students held a three-day conference in Princeton, not to hear agitators and rabble rousers, but to set plans to rebuild Negro communities and to re-educate Negroes to form manufacturing and financial concerns. The Association of Black Collegians is dedicated to restoration of the internal strength of character and purpose they hope can free them of the mental slavery so many feel.

No doubt there are many more such hopeful developments around the country. One day, they may make it impossible for agitators to stir up the sporadic riots which get the headlines. The Negro is seeking ways to help himself.

## Back to the Farm

Relaxed and jovial, President Johnson told a farm group at the Department of Agriculture that he would be returning to the farm when he leaves the White House.

"If we had done a good job for the farmers, so many would not have been leaving the farm," Johnson admitted. "I'm going to set an example by going back to the farm."

Johnson will be 60 August 27 next. Half his life has been spent in Washington—10 years in the House, 12 in the Senate including eight as Democratic leader, eight as Vice President and President. He will be following General Eisenhower's precedent and, in turn, they will be following those set by Washington, Adams and Jefferson many years ago.

Judging from the way he "relaxes," life on the farm for Johnson will not be restful. But there will be time for contemplation and perhaps some writing and putting his papers in order.

Above all, Johnson can cultivate the new role he assumed when he announced he will not run for a second elective term—that of the elder statesman.

Suddenly It's Spring!

## David Lawrence Says

# Administration Is Not Getting Its Case Across

WASHINGTON — It is becoming more and more apparent that the biggest single reason why the administration has been unable to deal effectively with the dissent at home on the Vietnam issue is indirectly related to inadequate presentation of the case to the American people.

Although Both Red China and the Soviet Union are actively engaged in helping the North Vietnamese to kill American soldiers, there have been no public accusations directed specifically to either Moscow or Peking. Proof that this places the administration at a disadvantage came this very week, as carping critics in Congress insist that the United States should go anywhere—even into areas under Communist control — to talk about a truce in Vietnam.

The United States government, on the other hand, feels that the meeting must be a a neutral place in order that its messages will not be intercepted or communications interfered with. There is no assurance of protecton except in a neutral country.

President Johnson attempted to clarify the reasons why the United States is in Vietnam. He said:

"The price of isolationism — whether it is the old-fashioned kind of isolationism that is rooted in ignorance, or the new-fashioned kind that grows from weariness and impatience — whatever its kind, isolationism exacts the highest price of all and, ultimately, as well learned, it is unpayable."

The President added that "we send our young men abroad because peace is threatened — in other lands tonight, and ultimately in our own." He declared that the United States takes its stand "to give stability to a world where stability is needed desperately."

The President is convinced that America's involvement in Vietnam will help to prevent a third world war. He believes that the sacrifices made in Vietnam have been small in comparison with the cost that the people of the United States would have to pay if a world war ensues.

Mr. Johnson has said these things again and again, but his remarks have been met with cynicism. Critics resort to abstract statements that a Third World War is improbable. unfortunately, the same comments were heard in Europe prior to World War II.

The truth is the administration has not been getting its case across, and millions of people have come to believe that the Vietnam conflict is none of America's business. There is plenty of information available inside the State Department about the series of Communist threats of aggression which have been made in Europe as well as Asia, and which have been thwarted only by the determination of America to use its power, if necessary, to prevent a major war.

One thing is clear. While the resoluteness of the United States is being asserted from time to time through diplomatic channels, this is not being done publicly.

There would be no war in Vietnam today if Red China and the Soviet government withheld their military support from the Hanoi regime. Peace could be negotiated within a matter of weeks if there were good faith in Peking and Moscow and a desire to restore peace in the world.

The American governments reluctance to speak out openly about the part being played by Red China and the Soviet government in the Vietnam War was noted this week as the question of selecting a neutral place for a truce conference became the subject of controversy. Even the members of Congress did not seem acquainted with the American viewpoint when they said one place is "as good as another." They didn't realize that American's envoys could not negotiate with the North Vietnamese in a country to which representatives of the South Vietnam government would not have access.

The real problem is whether the North Vietnamese want to start peace talks or are looking for an excuse to delay them while they carry on military build-up. If the North Vietnamese have any desire to end the war, they will not haggle about the place where the talks take place, but will arrange for a site which will be open to the South Vietnamese as well as the American representatives.

The Hanoi government in its first message about truce parleys said the meeting should be at "a mutually agreeable site." It is plain that a peace conference which doesn't include the South Vietnamese is not going to be satisfactory, and hence a location must be selected which will be agreeable to the Saigon government.

# Daley's 'Shoot to Kill' Order Astonishes, Angers Officials

CHICAGO, April 16—Mayor Richard J. Daley's angry "shoot to kill" and "shoot to maim" orders—put into effect within hours after the mayor's outburst yesterday—drew stunned reaction from the marble halls of Washington to the burned-out, black ghettos.

Amazement and astonishment characterized the reaction of some of Daley's friends who, at the same time, kept cool enough to take refuge in off-the-record statements of criticism.

Negro leaders and civil rights workers replied with bitterness and predicted possibly more violence as a result of his statements.

Among the unanswered question today that surfaced after the initial shock had worn off were these:

1. Why did the mayor blast the police department — the very same force he praised last Wednesday for its riot-control work—at a time when the city is trying to heal its wounds?

2. Why did the mayor issue the "shoot to kill" and "shoot to maim" orders when every responsible authority — from the President's Advisory Commission on Civil Disorders to Defense Department riot-control analysts — had urged that a "life-above-property" policy is the best way to contain civil disorder?

3. What effect will Daley's orders have on National Guard and Army units — if they are called to Chicago again—which follow a policy of firing weapons only as a last resort?

4. What effect will Daley's statements have on the efforts of white and Negroes in Chicago to work together in an attempt to solve the problems that afflict both groups and prevent further polarization of the races?

Incidental to all this, observers of city hall and police department politics saw Daley's criticism as greasing the way for dumping his $30,000-a-year police boss, James B. Conlisk Jr., in command since June 23.

Shortly after 6 p.m. police teletypes in all stations and other headquarters clattered with the following message to commanding officers:

"Arson, attempted arson, burglary and attempted burglary are forcible felonies.

"Such force as is necessary, including deadly force, shall be used to prevent the commission of tese offenses and to prevent the escape of perpetrators."

Commanding officers were ordered to remind their men of these instructions at the three roll calls for the next seven days.

The mayor's statement drew criticism from members of the Chicago Commission on Human Relations.

The commission, at its meeting last night, voted to submit a "comprehensive report" of the riots as seen through the eyes of its staff.

Chairman Peter Fitzpatrick was unavailable for comment, but attorney Jerome J. Friedman, often regarded as the No. 2 man on the 15-man panel, indicated he was surprised at the mayor's statement. "I do not believe in extreme or drastic measures except only to prevent loss of life," he added.

Brig. Gen. Richard T. Dunn, in command of the Illinois National Guard, said in any future riot involvement:

"I'm going to instruct my men that they must be aggressive in clearing looters out, through the use of gas and rifle butts. But shooting is the ultimate force—not the first line of attack.

"If you can grab a guy by the collar, you're certainly not going to shoot him."

Col. Walton Goodwin, chief of staff to Army Lt. Gen. George Mather, who commanded the 11,700 Army troops and federalized Guardsmen during the Chicago riots, said it was his "personal opinion" that the Chicago police did creditable riot-control work "from what I observed."

Battalion commanders and police district commanders worked "eyeball to eyeball" during the riots, he said.

"Our orders were to wound and not to shoot to kill, even right up to the end," he said. "We were not to fire if we could get out of it. That was a last resort."

He declined comment on whether Daley's and Conlisk's latest orders were necessary. "That's their city," he said.

The mayor's proposals to "shoot to kill" and "maim" are "too harsh," said William H. Robinson, Cook County (Chicago) Public Aid director.

Under these orders, said Robinson, a Negro, police will be regarded as "potential killers." Relations between the police and the community then become "further irritated."

## South Korean President Advises President Johnson to Be Tough

WASHINGTON — The main reason for President Johnson's meeting with President Chung Hee Park of South Korea is because Park expects the North Koreans to break the 15-year truce in Korea. Either the Korean Communists will plunge again across the 38th parallel, Park is warning President Johnson, or they will flood the south with infiltrators.

The bantam South Korean leader also believes fiercely that American softness toward North Korea will merely encourage the Reds to renew the Korean war. The United States has taken pains to prevent the eruption of a second front in Korea while American troops are fighting in Vietnam. But Park thinks this restraint will be interpreted as weakness and, more likely, will embolden the North Koreans.

These were President Park's views when I talked with him in Seoul a few weeks before his meeting with President Johnson. The tough, taciturn Park wanted to pursue an eye-for-an-eye policy—"prudent retaliation," he suggested — against North Korea's hot-tempered Dictator Kim Il Sung. But the American authorities persuaded him told his fire and his fury.

The seizure of the spy ship Pueblo and the attempt to assassinate Park, which made headlines in January, merely climaxed a succession of harassments. They came on top of 400 incidents along the demilitarized zone last year.

"Casualties have been inflicted; sabotage has been committed; agents have been infiltrated into the Republic of Korea," President Park recounted. Each incident has become more bold, he said, because of U.S. failure to retaliate.

"Firm determination and resolute action," he insisted "would not escalate the crisis but would discourage dangerous incidents in the future."

**Tough Man—Soft Words**

The United States preoccupied with Vietnam, has chosen to play down the incidents. Not so President Park and his people. These hostile acts are a constant reminder to the South Koreans of the threat that lurks just beyond the demarcation line.

Park's soft voice seemed to belie his tough words. But as the belligerence swelled up inside him, he would slash the air with a silver pointer to emphasize his meaning. Then he would pause and lay down his pointer while he lit a cigarette. As he inhaled deeply, the passion seemd to float away from him like the smoke. He cainsmokes Korean cigarettes and forbids government employes to smoke anything else, in order to build up the Korean economy.

The real reason for American timidity in Korea, of course, was simply that the U. S. lacked the military force to respond. The armed services were so bogged down in Vietnam that they had lost the ability to act elsewhere in the Far East.

This was dramatized by the difference in how the U. S. reacted in August 1964 to an attack on a spy ship in the Gulf of Tonkin, as contrasted in January 1968 with the seizure of a spy ship off the North Korea coast.

In the earlier incident, the USS Maddox was said to be attacked by patrol boats while she was engaged in an electronic espionage mission along the North Vietnamese coast. The extent of the attack may have been magnified by a malfunctioning radar set. There was enough uncertainty, at least, that Adm. U. S. Grant Sharp, the Pacific commander, felt compelled to query the Maddox: "Can you confirm absolutely that you were attacked?"

Despite this doubt, an angry United States struck back by bombing North Vietnam. This set off a chain reaction, which has entangled the United States in an unpopular jungle war. The cost last week reached 21,054 American lives, plus more than $26 billion a year.

**U. S. Changes Tactics**

Three years and five months after the Maddox incident, the USS Pueblo was apprehended by patrol boats while she was engaged in a similar electronic espionage mission along the North Korean coast. The ship not only was fired upon but was boarded by the Communists while the crew radioed plaintively: "How about some help? These guys mean business."

Yet Secretary of State Rusk and then-Secretary of Defense McNamara, instead of sending help, half-apologized on TV for the intrusion into North Korean waters. This humility was necessary, it was explained, to safeguard the crew.

The truth is that the United States had only four planes in South Korea at the time. These were loaded with nuclear weapons which, if used, would have pulverized the Pueblo along with the patrol boats. Anyway, it is doubtful that the four planes could ever have reached the Pueblo. When they approached the 38th parallel on a probing mission, at least 100 North Korean aircraft soared up to intercept them.

Another 40 U.S. planes were located in Japan, within flying distance of Korea. But these were also no match for the North Korean air force. Around Wonsan alone, where the captured Pueblo was taken, the North Koreans had more than 75 swift, Soviet-built fighters. The harbor bristles with anti-aircraft guns and heavy artillery.

President Park has also had some advice for LBJ on Vietnam truce talks. Park told me that the United States should go ahead with the negotiations but should settle for nothing short of permanent peace.

A peace treaty still hasn't been signed in Korea 15 years after the truce. The communists have used the intervening period to build up their military strength. Their aim to take over the entire country, Park said, hasn't changed.

"If the Korean war had not been stopped," he said, "we would have been able to crush the communist element, and we wouldn't be faced with the problems we still suffer."

He urged that the lesson of Korea should not be forgotten in Vietnam.

# Thailand's Deprived Tribes Point Up Parallel in U.S.

By RAY CROMLEY
NEA Washington Correspondent

NORTHWEST THAILAND (NEA) — An analysis of the underground war in this isolated mountainous area of Southeast Asia takes on particular interest in the aftermath of the slum riots in 50 U.S. cities.

The people in northwestern Thailand are mountain tribesmen. They are racially different from the majority of the Thai. They feel the same cultural and minority differences as do many American Negroes. They live in extreme poverty in their own communities.

Large numbers of these mountain people have migrated into this area within the past seven or eight years. Many don't even realize they live in Thailand; there are no well-marked boundaries here in these mountains. These mountain people, therefore, feel no loyalty toward the Thai government. In fact, they've been isolated so long they feel no loyalty for any government.

The mountain tribesmen grow opium. The Thai government has declared opium growing illegal. Therefore, Thai police move in and destroy the crop whenever they can find it. They work closely with the United Nations worldwide opium-suppression program.

Therefore, like the illegal moonshiners, well-writtten up in U.S. regional history, these tribesmen are in constant armed conflict with the Thai equivalent to the "revenuers."

These mountain people also live by slash-and-burn agriculture. This means that every few years they move into a new area, destroy the trees, crop the land until it is barren, then move on. The government, in an attempt to preserve the forest cover for the mountains and prevent the despoilation which has followed countries that have overcut their forests, has clamped down on slash-and-burn agriculture. This again has put the govxernment and the tribesmen in conflict.

Poor roads and a scarcity of other communications have created in this area deep isolation which government services — schools, agricultural aid, health services and law and order—are very slowly beginning to penetrate.

For some time now, the Communists have been moving into this touchy situation. They have recruited unhappy younger tribesmen, trained them in Laos and North Vietnam. They have sent in North Vietnamese, Lao and Chinese agent-organizers, communications specialists and saboteurs. They have taught the local mountain people how to set effective ambushes.

The Thai police and military are at a disadvantage in this terrain. They're not experienced in mountain war. The valleys are narrow and rugged. Besides, as one border policeman told this reporter, "The mountain men know the mountains like their own back yard and they're tough; they can make it as far in one day as we can go in two."

Northwest Thailand then has all the makings—one of these days—of a serious Communist subversive insurgency. How fast it will grow depends on how imaginatively the Thai government and its allies, including the United States, respond to these problems.

The underground today is young enough so that if the Thai, with our help, can solve the political-social-economic problem here, the Communists will wither away.

The lessons we learn in attacking American social-economic slum problems, therefore, can be applied profitably to northwest Thailand—and hopefully, the lessons we learn here in Thailand can be applied at home.

# GOP Convention Wide Open

LOS ANGELES, April 16—This year's Republican National Convention still is wide open, Gov. Ronald Reagan's favorite son California delegation was told by campaign strategist F. Clifton White.

White, the man who mapped Sen. Barry Goldwater's successful campaign for the GOP nomination in 1964, was hired by important Reagan backers to make a survey and report to the 86-member state delegation at its first meeting yesterday.

"I told them that I think this convention is going to be very pragmatic — that the delegates will try to pick a man who will win in November," White told a news conference.

White refused to be pinned down on his estimates of the chances of Reagan, former Vice President Richard M. Nixon, New York Gov. Nelson A. Rockefeller or other potential nominees.

Nixon, he conceded, is now the front runner, but the polls say that he can't beat any of the prospective Democratic nominees now that President Johnson has declared himself out.

Nixon has said himself that his biggest problem is his "loser image" and it's tough getting rid of that in uncontested primaries," White said.

He predicted that, like in 1940 and 1948, the Republican convention will have several ballots before a nominee is picked.

White said it was too early to say, as former Presidential Press Secretary Pierre Salinger did over the weekend, that Nixon would lose at the convention and either Reagan or Rockefeller would win.

"This is still a wait-and-see situation across the country," White said. "Events have moved so far this year and there has been such a side fluctuation in the public opinion poles that it's impossible to make valid political judgements."

Reagan, who introduced White to the delegates, was still sticking to his often-stated premise that he is not a candidate for the nomination for President. He has, however, made it clear that "if the Republican Party comes knocking at my door, I would not tell it to get lost.

Backers point out that Reagan picked up a 5 per cent write-in vote in New Hampshire, 11 per cent on the ballot in Wisconsin and may do even better in Nebraska's May 14 primary. He is also on the ballot in Oregon May 28 and California June 4.

But only in Oregon is a vigorous campaign being conducted in his behalf with upward of $300,000 committed to prime time television shows, billboards and brochures.

Reagan is unopposed in California. An attempt to put an uncommitted slate on the GOP ballot failed when anti-Reagan forces could not get enough signatures on the primary nominating petition.

Supporters hope Reagan will make an impressive showing and possibly even win in Oregon, the last major primary outside of California's. Such a victory, with no personal campaigning on his part, coupled with being able to walk into the convention with a united California delegation from a party that once was badly split would make him the man of the hour.

Only last week Reagan announced a schedule of out-of-state speaking dates and said more would be announced later. His subjects will be national and international affairs, aides said.

Reagan also has made two other significant moves recently, moves indicating a much more liberal posture on civil rights matters.

First, he said he would veto any attempt to repeal the controversial California Rumford Open Housing law, a reversial of his previous stand.

Secon, he warned the state's most conservative GOP group, the California Republican Assembly, that Conservatives are going to have to prove that they are more than just negative critics. He said that if they did not become involved in solving problems of minority citizens, government will.

## National Library Week

During the April 22-27 period, National Library Week will be observed and no institution can be more deserving of such an honor. For a library is, in the full sense of the word, a monument to civilization, to its tragedies and triumphs, its disasters and its victories and, above all, what men have felt and managed to put down in words of prose and poetry.

A world without books would be the emptiest of worlds. And the man or woman who does not read and read seriously is missing, tragically and unnecessarily, one of the greatest of human needs and pleasures.

Kingston Library, which is participating in the national observance, is encouraging reading for self-improvement and pleasure. Approximately 70,000 books, periodicals, records and films were circulated last year by the local library. More than 20,000 adult books, 5,600 juvenile books and 114 newspapers and periodicals are available to the public. Available also are sheet music, scores and librettos and access to more than 1,200 films through membership in the Mid-Hudson Library System and the State Library.

These public library services are all free.

Americans are reading more and better books, according to a recent survey made by the American Library Association in 100 cities. With today's increasing interchange between rural residents and city dwellers, the same probably exists in lesser centers of population.

Education, government, religion, business and investments are all studied much more than formerly. Libraries are playing a unique role on storing, organizing and dispensing mankind's recorded knowledge. People are reading more and more deeply.

If you haven't been doing much reading lately, visit the library, fill out a card and take home a book. Like the newspapers, which increasingly have brought important messages and problems to public attention, you can read a book at your leisure and not at some day and hour dictated to you.

The strength of the nation depends on the knowledge and understanding of its citizens.

This years' theme for Library Week is "Be All You Can Be—Read."

## There Are Notable Gains

Operation Breadbasket, a Chicago-based operation, seeks to persuade business to hire more Negroes and to encourage Negro ownership of business. The Rev. Jesse Jackson, who was with Dr. Martin Luther King when he was slain in Memphis, said the operation now functions in 28 cities and will soon expand to 50. Both its aims are catching on.

New York City's Finance Director, Roy M. Goodman, proposes an intensive business training program, on the order of wartime officer training schools, to develop Negro and Puerto Rican executives. His idea is that the economic development of the ghetto is tantamount to a wartime emergency. Given access to business training, Negroes can rise in the free enterprise system. They are needed in the business world.

Those steps, taken in the nation's two largest cities, herald things to come. For instance, Negro college students held a three-day conference in Princeton, not to hear agitators and rabble rousers, but to set plans to rebuild Negro communities and to re-educate Negroes to form manufacturing and financial concerns. The Association of Black Collegians is dedicated to restoration of the internal strength of character and purpose they hope can free them of the mental slavery so many feel.

No doubt there are many more such hopeful developments around the country. One day, they may make it impossible for agitators to stir up the sporadic riots which get the headlines. The Negro is seeking ways to help himself.

## Back to the Farm

Relaxed and jovial, President Johnson told a farm group at the Department of Agriculture that he would be returning to the farm when he leaves the White House.

"If we had done a good job for the farmers, so many would not have been leaving the farm," Johnson admitted. "I'm going to set an example by going back to the farm."

Johnson will be 60 August 27 next. Half his life has been spent in Washington—10 years in the House, 12 in the Senate including eight as Democratic leader, eight as Vice President and President. He will be following General Eisenhower's precedent and, in turn, they will be following those set by Washington, Adams and Jefferson many years ago.

Judging from the way he "relaxes," life on the farm for Johnson will not be restful. But there will be time for contemplation and perhaps some writing and putting his papers in order.

Above all, Johnson can cultivate the new role he assumed when he announced he will not run for a second elective term—that of the elder statesman.

Suddenly It's Spring!

# Administration Is Not Getting Its Case Across

WASHINGTON — It is becoming more and more apparent that the biggest single reason why the administration has been unable to deal effectively with the dissent at home on the Vietnam issue is indirectly related to inadequate presentation of the case to the American people.

Although Both Red China and the Soviet Union are actively engaged in helping the North Vietnamese to kill American soldiers, there have been no public accusations directed specifically to either Moscow or Peking. Proof that this places the administration at a disadvantage came this very week, as carping critics in Congress insist that the United States should go anywhere—even into areas under Communist control — to talk about a truce in Vietnam.

The United States government, on the other hand, feels that the meeting must be a a neutral place in order that its messages will not be intercepted or communications interfered with. There is no assurance of protecton except in a neutral country.

President Johnson attempted to clarify the reasons why the United States is in Vietnam. He said:

"The price of isolationism — whether it is the old-fashioned kind of isolationism that is rooted in ignorance, or the new-fashioned kind that grows from weariness and impatience — whatever its kind, isolationism exacts the highest price of all and, ultimately, as well learned, it is unpayable."

The President added that "we send our young men abroad because peace is threatened — in other lands tonight, and ultimately in our own." He declared that the United States takes its stand "to give stability to a world where stability is needed desperately."

The President is convinced that America's involvement in Vietnam will help to prevent a third world war. He believes that the sacrifices made in Vietnam have been small in comparison with the cost that the people of the United States would have to pay if a world war ensues.

Mr. Johnson has said these things again and again, but his remarks have been met with cynicism. Critics resort to abstract statements that a Third World War is improbable, unfortunately, the same comments were heard in Europe prior to World War II.

The truth is the administration has not been getting its case across, and millions of people have come to believe that the Vietnam conflict is none of America's business. There is plenty of information available inside the State Department about the series of Communist threats of aggression which have been made in Europe as well as Asia, and which have been thwarted only by the determination of America to use its power, if necessary, to prevent a major war.

One thing is clear. While the resoluteness of the United States is being asserted from time to time through diplomatic channels, this is not being done publicly.

There would be no war in Vietnam today if Red China and the Soviet government withheld their military support from the Hanoi regime. Peace could be negotiated within a matter of weeks if there were good faith in Peking and Moscow and a desire to restore peace in the world.

The American governments reluctance to speak out openly about the part being played by Red China and the Soviet government in the Vietnam War was noted this week as the question of selecting a neutral place for a truce conference became the subject of controversy. Even the members of Congress did not seem acquainted with the American viewpoint when they said one place is "as good as another." They didn't realize that American's envoys could not negotiate with the North Vietnamese in a country to which representatives of the South Vietnam government would not have access.

The real problem is whether the North Vietnamese want to start peace talks or are looking for an excuse to delay them while they carry on military build-up. If the North Vietnamese have any desire to end the war, they will not haggle about the place where the talks take place, but will arrange for a site which will be open to the South Vietnamese as well as the American representatives.

The Hanoi government in its first message about truce parleys said the meeting should be at "a mutually agreeable site." It is plain that a peace conference which doesn't include the South Vietnamese is not going to be satisfactory, and hence a location must be selected which will be agreeable to the Saigon government.

## South Korean President Advises President Johnson to Be Tough

WASHINGTON — The main reason for President Johnson's meeting with President Chung Hee Park of South Korea is because Park expects the North Koreans to break the 15-year truce in Korea. Either the Korean Communists will plunge again across the 38th parallel, Park is warning President Johnson, or they will flood the south with infiltrators.

The bantam South Korean leader also believes fiercely that American softness toward North Korea will merely encourage the Reds to renew the Korean war. The United States has taken pains to prevent the eruption of a second front in Korea while American troops are fighting in Vietnam. But Park thinks this restraint will be interpreted as weakness and, more likely, will embolden the North Koreans.

These were President Park's views when I talked with him in Seoul a few weeks before his meeting with President Johnson. The tough, taciturn Park wanted to pursue an eye-for-an-eye policy—"prudent retaliation," he suggested — against North Korea's hot-tempered Dictator Kim Il Sung. But the American authorities persuaded him told his fire and his fury.

The seizure of the spy ship Pueblo and the attempt to assassinate Park, which made headlines in January, merely climaxed a succession of harassments. They came on top of 400 incidents along the demilitarized zone last year.

"Casualties have been inflicted; sabotage has been committed; agents have been infiltrated into the Republic of Korea," President Park recounted. Each incident has become more bold, he said, because of U.S. failure to retaliate.

"Firm determination and resolute action," he insisted "would not escalate the crisis but would discourage dangerous incidents in the future."

**Tough Man—Soft Words**

The United States preoccupied with Vietnam, has chosen to play down the incidents. Not so President Park and his people. These hostile acts are a constant reminder to the South Koreans of the threat that lurks just beyond the demarcation line.

Park's soft voice seemed to belie his tough words. But as the belligerence swelled up inside him, he would slash the air with a silver pointer to emphasize his meaning. Then he would pause and lay down his pointer while he lit a cigarette. As he inhaled deeply, the passion seemd to float away from him like the smoke. He cainsmokes Korean cigarettes and forbids government employes to smoke anything else, in order to build up the Korean economy.

The real reason for American timidity in Korea, of course, was simply that the U. S. lacked the military force to respond. The armed services were so bogged down in Vietnam that they had lost the ability to act elsewhere in the Far East.

This was dramatized by the difference in how the U. S. reacted in August 1964 to an attack on a spy ship in the Gulf of Tonkin, as contrasted in January 1968 with the seizure of a spy ship off the North Korea coast.

In the earlier incident, the USS Maddox was said to be attacked by patrol boats while she was engaged in an electronic espionage mission along the North Vietnamese coast. The extent of the attack may have been magnified by a malfunctioning radar set. There was enough uncertainty, at least, that Adm. U. S. Grant Sharp, the Pacific commander, felt compelled to query the Maddox: "Can you confirm absolutely that you were attacked?"

Despite this doubt, an angry United States struck back by bombing North Vietnam. This set off a chain reaction, which has entangled the United States in an unpopular jungle war. The cost last week reached 21,054 American lives, plus more than $26 billion a year.

**U. S. Changes Tactics**

Three years and five months after the Maddox incident, the USS Pueblo was apprehended by patrol boats while she was engaged in a similar electronic espionage mission along the North Korean coast. The ship not only was fired upon but was boarded by the Communists while the crew radioed plaintively: "How about some help? These guys mean business."

Yet Secretary of State Rusk and then-Secretary of Defense McNamara, instead of sending help, half-apologized on TV for the intrusion into North Korean waters. This humility was necessary, it was explained, to safeguard the crew.

The truth is that the United States had only four planes in South Korea at the time. These were loaded with nuclear weapons which, if used, would have pulverized the Pueblo along with the patrol boats. Anyway, it is doubtful that the four planes could ever have reached the Pueblo. When they approached the 38th parallel on a probing mission, at least 100 North Korean aircraft soared up to intercept them.

Another 40 U.S. planes were located in Japan, within flying distance of Korea. But these were also no match for the North Korean air force. Around Wonsan alone, where the captured Pueblo was taken, the North Koreans had more than 75 swift, Soviet-built fighters. The harbor bristles with anti-aircraft guns and heavy artillery.

President Park has also had some advice for LBJ on Vietnam truce talks. Park told me that the United States should go ahead with the negotiations but should settle for nothing short of permanent peace.

A peace treaty still hasn't been signed in Korea 15 years after the truce. The communists have used the intervening period to build up their military strength. Their aim to take over the entire country, Park said, hasn't changed.

"If the Korean war had not been stopped," he said, "we would have been able to crush the communist element, and we wouldn't be faced with the problems we still suffer."

He urged that the lesson of Korea should not be forgotten in Vietnam.

# Thailand's Deprived Tribes Point Up Parallel in U. S.

By RAY CROMLEY
NEA Washington Correspondent

NORTHWEST THAILAND (NEA) — An analysis of the underground war in this isolated mountainous area of Southeast Asia takes on particular interest in the aftermath of the slum riots in 50 U.S. cities.

The people in northwestern Thailand are mountain tribesmen. They are racially different from the majority of the Thai. They feel the same cultural and minority differences as do many American Negroes. They live in extreme poverty in their own communities.

Large numbers of these mountain people have migrated into this area within the past seven or eight years. Many don't even realize they live in Thailand; there are no well-marked boundaries here in these mountains. These mountain people, therefore, feel no loyalty toward the Thai government. In fact, they've been isolated so long they feel no loyalty for any government.

The mountain tribesmen grow opium. The Thai government has declared opium growing illegal. Therefore, Thai police move in and destroy the crop whenever they can find it. They work closely with the United Nations worldwide opium-suppression program.

Therefore, like the illegal moonshiners, well-writtten up in U.S. regional history, these tribesmen are in constant armed conflict with the Thai equivalent to the "revenuers."

These mountain people also live by slash-and-burn agriculture. This means that every few years they move into a new area, destroy the trees, crop the land until it is barren, then move on. The government, in an attempt to preserve the forest cover for the mountains and prevent the despoilation which has followed countries that have overcut their forests, has clamped down on slash-and-burn agriculture. This again has put the govxernment and the tribesmen in conflict.

Poor roads and a scarcity of other communications have created in this area deep isolation which government services — schools, agricultural aid, health services and law and order—are very slowly beginning to penetrate.

For some time now, the Communists have been moving into this touchy situation. They have recruited unhappy younger tribesmen, trained them in Laos and North Vietnam. They have sent in North Vietnamese, Lao and Chinese agent-organizers, communications specialists and saboteurs. They have taught the local mountain people how to set effective ambushes.

The Thai police and military are at a disadvantage in this terrain. They're not experienced in mountain war. The valleys are narrow and rugged. Besides, as one border policeman told this reporter, "The mountain men know the mountains like their own back yard and they're tough; they can make it as far in one day as we can go in two."

Northwest Thailand then has all the makings—one of these days—of a serious Communist subversive insurgency. How fast it will grow depends on how imaginatively the Thai government and its allies, including the United States, respond to these problems.

The underground today is young enough so that if the Thai, with our help, can solve the political-social-economic problem here, the Communists will wither away.

The lessons we learn in attacking American social-economic slum problems, therefore, can be applied profitably to northwest Thailand—and hopefully, the lessons we learn here in Thailand can be applied at home.

# Daley's 'Shoot to Kill' Order Astonishes, Angers Officials

CHICAGO, April 16—Mayor Richard J. Daley's angry "shoot to kill" and "shoot to maim" orders—put into effect within hours after the mayor's outburst yesterday—drew stunned reaction from the marble halls of Washington to the burned-out, black ghettos.

Amazement and astonishment characterized the reaction of some of Daley's friends who, at the same time, kept cool enough to take refuge in off-the-record statements of criticism.

Negro leaders and civil rights workers replied with bitterness and predicted possibly more violence as a result of his statements.

Among the unanswered question today that surfaced after the initial shock had worn off were these:

1. Why did the mayor blast the police department — the very same force he praised last Wednesday for its riot-control work—at a time when the city is trying to heal its wounds?

2. Why did the mayor issue the "shoot to kill" and "shoot to maim" orders when every responsible authority — from the President's Advisory Commission on Civil Disorders to Defense Department riot-control analysts — had urged that a "life-above-property" policy is the best way to contain civil disorder?

3. What effect will Daley's orders have on National Guard and Army units — if they are called to Chicago again—which follow a policy of firing weapons only as a last resort?

4. What effect will Daley's statements have on the efforts of white and Negroes in Chicago to work together in an attempt to solve the problems that afflict both groups and prevent further polarization of the races?

Incidental to all this, observers of city hall and police department politics saw Daley's criticism as greasing the way for dumping his $30,000-a-year police boss, James B. Conlisk Jr., in command since June 23.

Shortly after 6 p.m. police teletypes in all stations and other headquarters clattered with the following message to commanding officers:

"Arson, attempted arson, burglary and attempted burglary are forcible felonies.

"Such force as is necessary, including deadly force, shall be used to prevent the commission of tese offenses and to prevent the escape of perpetrators."

Commanding officers were ordered to remind their men of these instructions at the three roll calls for the next seven days.

The mayor's statement drew criticism from members of the Chicago Commission on Human Relations.

The commission, at its meeting last night, voted to submit a "comprehensive report" of the riots as seen through the eyes of its staff.

Chairman Peter Fitzpatrick was unavailable for comment, but attorney Jerome J. Friedman, often regarded as the No. 2 man on the 15-man panel, indicated he was surprised at the mayor's statement. "I do not believe in extreme or drastic measures except only to prevent loss of life," he added.

Brig. Gen. Richard T. Dunn, in command of the Illinois National Guard, said in any future riot involvement:

"I'm going to instruct my men that they must be aggressive in clearing looters out, through the use of gas and rifle butts. But shooting is the ultimate force—not the first line of attack.

"If you can grab a guy by the collar, you're certainly not going to shoot him."

Col. Walton Goodwin, chief of staff to Army Lt. Gen. George Mather, who commanded the 11,700 Army troops and federalized Guardsmen during the Chicago riots, said it was his "personal opinion" that the Chicago police did creditable riot-control work "from what I observed."

Battalion commanders and police district commanders worked "eyeball to eyeball" during the riots, he said.

"Our orders were to wound and not to shoot to kill, even right up to the end," he said. "We were not to fire if we could get out of it. That was a last resort."

He declined comment on whether Daley's and Conlisk's latest orders were necessary. "That's their city," he said.

The mayor's proposals to "shoot to kill" and "maim" are "too harsh," said William H. Robinson, Cook County (Chicago) Public Aid director.

Under these orders, said Robinson, a Negro, police will be regarded as "potential killers." Relations between the police and the community then become "further irritated."

# Strike Against Bell Telephone Won't Be Felt for Awhile

By WILLIAM J. EATON
Chicago Daily News Service

WASHINGTON—An AFL-CIO Union prepared to strike against major elements of the Bell Telephone System this week even though labor leaders admitted the impact might be "invisible" for awhile.

Long distance callers who do not dial directly and others seeking help from operators may notice the walkout at first. After 3 o'clock this afternoon, the zero hour for the stirke, new telephones and switchboard equipment will not be installed in homes or office buildings.

Eventually, predicts President Joseph A. Bierne of the Communications Workers of America, service will deteriorate without effective maintenance and repairs.

"The $30 billion computer they call The Bell Telephone System is just about the most spectacular achievement in the entire world of automation," said Bierne. But without skills of CWA experts, he said, it may become an "enormous pile of junk."

The 22,470 Western Electric workers who install the big switchboards and telephone equipment in business offices and industrial plants are the shock troops of the forthcoming war.

They work across the nation and other members of Bierne's union are not going to cross picket lines that may be established at telephone company offices in major cities.

A union spokesman said the strike would idle 200,000 persons who work for the Bell system in Ohio, Illinois, Wisconsin, Michigan, Indiana, Iowa, Nebraska, Minnesota, the Dakotas, New Jersey, parts of California, Washington, Idaho and Nevada as well as Washington, D.C.

**Not Felt Immediately**

The impact of a walkout would not be felt immediately by the average housewife or secretary. The halt in new installation is expected to put pressure on the management to settle. Service during the strike could be maintained by 25 per cent of the Bell System employes who are classified as supervisory or confidential and not included in the bargaining units.

The union is not going to try to discourage telephoning in event of a walkout. In fact, Bierne is enjoined from telling people how to use their phones in such a way that tieups would result. This court order stemmed from a 1955 strike in which the union officials started a "Call Uncle Zilch" campaign to scramble the lines.

Money is the big issue in dispute, along with the CWA's demand for double-time for overtime work. The union wants a 10 per cent raise spread over the next 18 months.

The Management is offering 7.25 per cent for this reopener.

"It would take a miracle at this point to reach an agreement without a strike against the Bell System," Bierne said after a seven-hour session with his top lieutenants.

Western Electric installers average $3.28 an hour and telephone operators are paid $2.32 an hour in Washington, typical of other big city rates.

One reason for the 3 p. m. starting hour, said one union aide, is to give the telephone union a chance to walk off the job and dramatize that a strike is taking place. There has been no national telephone strike sinhe 1947.

"A strike in the telephone company is often invisible," he said. The Bell System's 83,700,000 (M) telephones may keep ringing for weeks after the strike begins. The union leadership hopes the walkout will be a black eye for "Ma Bell" that will put more money on the bargaining table.

Bierne is hoping for a bit of luck, too, it seems. The last four digits of the union's telephone number, as arranged by Bierne, are 7-7-11.

## Twenty and Ten Years Ago

April 18, 1958—A group of Kingston taxpayers have retained the local law firm of Schick and Klein to appeal a decision of the Board of Education which recently approved school consolidation contrary to referendum results, it was learned today.

Lack of formal application by a furniture house for use of the municipal auditorium and regulations ruling against such rental were emphasized by the Common Council five-member building committee in a statement issued today.

April 18, 1948—Robert Pritchard, 7, of Poughkeepsie, tossed into the Esopus Creek at Shandaken when he was struck by a car, was rescued by his father and several fishermen in the area.

Plans were announced for the preservation of Deepden, workshop and home of the late Frederick W. Goudy, noted type designer, of Marlboro, as a printer's shrine.

## Resisting Kennedy

By EDWIN A. LAHEY
Chicago Daily News Service

WASHINGTON, Apr. 16 — The mayors of some of the country's biggest cities are working in concert to prevent Sen. Robert F. Kennedy from running off with the Democratic presidential nomination.

City halls in Chicago, Detroit, Pittsburgh, Philadelphia and St. Louis are showing the door, temporarily at least, to Kennedy political salesmen trying to work their way through the electoral college.

Some of them are already in Vice President Hubert Humphrey's corner. Others are simply holding back for now, waiting to see how Kennedy does in the early primaries and letting the political confusion stirred up by President Johnson's pullout shake itself down.

The biggest source of sales resistance to the Kennedy Pitchmen so far has been the cool indifference of Mayor Richard J. Daley of Chicago.

Daley, who will largely control the 118 Illinois votes at the nominating convention, has talked by phone recently to Mayors Jerome Cavanagh of Detroit, Joseph Barr of Pittsburgh, James Tate of Philadelphia, A. J. Cervantes of St. Louis, and probably others.

He has suggested that the mayors can best protect their bargaining power by remaining uncommitted in the three-way scramble between Kennedy, Humphrey and Sen. Eugene J. McCarthy.

Mayoral neutrality, however, probably helps Humphrey more than either of his rivals. For one thing, the vice president has been the Johnson administration's official "liaison man" with the cities, and has worked hard to get them their share of money for summer job programs, model cities and other amenities. As the administration candidate, Humphrey can do more than Kennedy or McCarthy to help or hurt the mayors when they're asking for federal help this summer.

Furthermore, Kennedy's strategy since Mr. Johnson's bow-out has been to blitz the Democratic delegations. A holding operation thus plays into Humphrey's hands.

For example, the Michigan Democratic State Chairman, Sander Levin, was prepared to jump to Kennedy. But Detroit's Mayor Cavanagh has persuaded him to hold off.

Philadelphia's Mayor Tate is already for Humphrey, as is Mayor Cervantes in St. Louis. Mayor Barr, who is also Pennsylvania's national Democratic committeeman, and Mayor Daley, are the top prizes in this intra-party struggle.

Beside the big city mayors, Humphrey has support among Democratic state governors, many southern politicians, organized labor and business. He is, in other words, the candidate of the Democratic "establishment," and is turning out to be a tougher nut to crack than Kennedy or McCarthy expected two weeks ago.

# Viet Events Catch LBJ's Detractors Far Off Base

By LEON DENNEN
NEA Foreign News Analyst

NEW YORK (NEA) —As Al Smith loved to say, let us look at the record.

Gen. William C. Westmoreland has reason to be proud of the military operation that lifted the Communist siege of Khe Sanh.

The relief of the base has deprived North Vietnam of a trump card in any peace talks. It also removed the threat of the sort of defeat the French suffered at Dienbienphu in 1954.

Only a month ago, antiadministration senators, professors and commentators predicted that Khe Sanh would be an "American Dienbienphu."

After the Viet Cong's terrorist Tet offensive in January, Prof. Kenneth Galbraith, a Cassandra who teaches economics at Harvard, predicted that the Saigon government would "disintegrate" and the South Vietnamese army desert to the Communists.

Now, the record:

Khe Sanh did not become "an American Dienbienphu." The Saigon government did not fall apart after the Tet offensive. And the South Vietnamese army continues to fight the Communists.

As Westmoreland said, "Militarily, we have never been in a better relative position in South Vientam."

Is the general too much of an optimist? Perhaps. But his detractors, including Galbraith, Bobby Kennedy and other prophets of doom, were dead wrong. They should stay silent for a spell and let President Johnson conduct the peace talks.

Unfortunately, they are still peddling their damaged ideas and deriding those who disagree with them.

A kind of intellectual terror pervades American political life. It is respectable and "liberal" to castigate the administration's policies and Johnson and Vice-President Hubert H. Humphrey personally. But to cast doubt on the Viet Cong's "nationalism" is to leave one's self open to denunciation by the so-called liberals as a "reactionary" and even a "war criminal."

Taking their cue from Kennedy, the vocal peaceniks are now urging Johnson — even before the peace negotiations are really under way — to agree to the inclusion of the Viet Cong terrorists in a South Vietnamese coalition government.

They ignore the fact that the National Liberation Front, the Viet Cong's political arm, is a creature of North Vietnam.

It was created only seven years ago by Le Duan, secretary of the North Vietnamese Communist party.

They gloss over the fact that Nguyen Huu Tho, chairman of the National Liberation Front, is not a nationalist. He is a foreign agent whose only loyalty is to Moscow and its puppet Ho Chi Minh.

A South Vietnamese coalition government with the Viet cong — at what cost?

It was such coalitions with Reds that paved the way for the Communist dictatorships in eastern Europe. Indeed, how many Americans are aware that most Red governments are stil officially "coalitions" of Communists and other parties which have been reduced to the status of subservient puppets?

Right now, in Czechoslovakia, students in revolt against the Communist regime are conducting a postmortem on the murder of Foreign Minister Jan Masaryk 20 years ago. A great statesman, Masaryk was one of the many victims of coalition governments with Communists.

No wonder the South Vietnamese, who are paying dearly for their freedom, fear Kennedy and his supporters.

Underlying this fear is the feeling that Ho Chi Minh's negotiators seek a peace settlement that will jeopardize the independence of the South Vietnamese.

# Strike Against Bell Telephone Won't Be Felt for Awhile

By WILLIAM J. EATON
Chicago Daily News Service

WASHINGTON—An AFL-CIO Union prepared to strike against major elements of the Bell Telephone System this week even though labor leaders admitted the impact might be "invisible" for awhile.

Long distance callers who do not dial directly and others seeking help from operators may notice the walkout at first. After 3 o'clock this afternoon, the zero hour for the stirke, new telephones and switchboard equipment will not be installed in homes or office buildings.

Eventually, predicts President Joseph A. Bierne of the Communications Workers of America, service will deteriorate without effective maintenance and repairs.

"The $30 billion computer they call The Bell Telephone System is just about the most spectacular achievement in the entire world of automation," said Bierne. But without skills of CWA experts, he said, it may become an "enormous pile of junk."

The 22,470 Western Electric workers who install the big switchboards and telephone equipment in business offices and industrial plants are the shock troops of the forthcoming war.

They work across the nation and other members of Bierne's union are not going to cross picket lines that may be established at telephone company offices in major cities.

A union spokesman said the strike would idle 200,000 persons who work for the Bell system in Ohio, Illinois, Wisconsin, Michigan, Indiana, Iowa, Nebraska, Minnesota, the Dakotas, New Jersey, parts of California, Washington, Idaho and Nevada as well as Washington, D.C.

**Not Felt Immediately**

The impact of a walkout would not be felt immediately by the average housewife or secretary. The halt in new installation is expected to put pressure on the management to settle. Service during the strike could be maintained by 25 per cent of the Bell System employes who are classified as supervisory or confidential and not included in the bargaining units.

The union is not going to try to discourage telephoning in event of a walkout. In fact, Bierne is enjoined from telling people how to use their phones in such a way that tieups would result. This court order stemmed from a 1955 strike in which the union officials started a "Call Uncle Zilch" campaign to scramble the lines.

Money is the big issue in dispute, along with the CWA's demand for double-time for overtime work. The union wants a 10 per cent raise spread over the next 18 months.

The Management is offering 7.25 per cent for this reopener.

"It would take a miracle at this point to reach an agreement without a strike against the Bell System," Bierne said after a seven-hour session with his top lieutenants.

Western Electric installers average $3.28 an hour and telephone operators are paid $2.32 an hour in Washington, typical of other big city rates.

One reason for the 3 p. m. starting hour, said one union aide, is to give the telephone union a chance to walk off the job and dramatize that a strike is taking place. There has been no national telephone strike sinhe 1947.

"A strike in the telephone company is often invisible," he said. The Bell System's 83,700,000 (M) telephones may keep ringing for weeks after the strike begins. The union leadership hopes the walkout will be a black eye for "Ma Bell" that will put more money on the bargaining table.

Bierne is hoping for a bit of luck, too, it seems. The last four digits of the union's telephone number, as arranged by Bierne, are 7-7-11.

# Racial Rioting Hurts Nation's Poor Most

BUFFALO, N.Y. (AP) — Undersecretary of Commerce Howard J. Samuels says the poor of the nation's inner-cities suffer most from racial rioting and that it will take a new partnership to rebuild in areas hit by violence.

"No company president can give his board of directors any good reason to rebuild as things now stand," he said Wednesday.

The poor already pay more, he said, because of the higher cost of doing business in the inner-city and because there are not enough large volume retailers.

Insurance rates will rise because of racial rioting, he said, business leaders will hesitate to reinvest in the areas and again the poor will pay more.

Speaking at the Buffalo Junior Chamber of Commerce annual award dinner, Samuels said "We're kidding ourselves if we think business is going to rebuild on its own."

He urged a new partnership between the inner-city dwellers, businessmen and the government to encourage businesses to continue operating and to rebuild in the core areas.

A federal insurance program, more consumer education for the Negro slum dweller and better communication between the businessman and the community he services are needed, he said.

Congress, he said, should pass a federal reinsurance program to protect insurance companies from unacceptable risks, and large retailers should be offered the same kind of federal loans now available to small businesses.

Negro ownership and management of larger businesses should be encouraged, he added, and the truth-in-lending bill now locked in a Senate-House conference committee should be adopted.

Samuels said business hasn't fully rebuilt in Newark, Detroit or Watts—areas hit by racial violence last year—and it will not in Washington, Chicago and other cities unless a new partnership is agreed upon.

# Governor's Aide Speaks at Paltz

A special assistant to Governor Rockefeller, from the office of State Human Relations Chairman Jackie Robinson, spoke before students and faculty of the State University at New Paltz last night in a program sponsored by the University's Young Republican Club.

The topic, presented by Samuel P. Singletary, was The Negro in the Republican Party.

Singletary said that there was need for the Negro to become active in the GOP "to bring American life into line with American principals of personal dignity, human decency, and equality among all men."

He made references to Abraham Lincoln and Theodore Roosevelt and historical events of the past dealing with the Negro and Republicanism.

Singletary declared that, "Today the Negro is less concerned with history than he is concerned with what you have done for him lately and what you are going to do for him tomorrow."

The human relations assistant emphasized that the party which realized and acts on the Negro's demand for the "removal of all barriers which deny him the opportunity to improve his lot and compete on equal ground with his fellow Americans," will receive the support of the American Negro.

To obtain this vote, and the needed Black vote, Singletary said that the Republican party must directly seek out these votes by acting in such a manner as to insure them.

DALEY REPORT — Chicago Mayor Richard Daley rubs his eybrow while reading statement before a packed meeting of the City Council Wednesday, defending his controversial order that police should shoot to kill arsonists. He said that "Men poised with Molotov cocktails, incendiaries or fire bombs of any kind are same as the assassins who pulled the triggers on the guns that killed the Rev. Martin Luther King and the late President John F. Kennedy." (UPI TELEPHOTO).

# Last Week's Vietnam Toll Climbs to 363

SAIGON (AP) — The number of Americans killed in the Vietnam war climbed to 363 last week, the highest number in five weeks, the U.S. Command reported today.

An increase also was reported in the number of enemy killed, while South Vietnamese casualties dropped from the previous week.

An increase of 5,000 also was reported in the number of U.S. military personnel in South Vietnam, raising the total to 522,000 as of midnight last Saturday.

There was no official explanation for the increase in the number of American battle deaths in a week when fighting generally was described in communiques as light and scattered. U.S. officers said, however, there were tens of thousands of men in the field in widespread operations.

The week before 279 Americans were killed.

American wounded last week totaled 2,694, compared with 3,190 the previous week. Of the wounded last week, 1,352 were hospitalized.

South Vietnamese headquarters reported 293 government soldiers were killed last week, considerably less than the 407 reported the previous week. The headquarters said there were 985 South Vietnamese wounded last week, compared with 1,479 a week earlier, and 32 missing last week against 14 the previous week.

Both the U.S. and South Vietnamese commands reported that the total number of enemy killed by allied forces last week was 3,071. The reports of enemy dead from the two commands frequently differ.

The casualty report raised to 21,417 the number of U.S. military personnel killed in action in Vietnam between Jan. 1, 1961, and last Saturday and the total number of wounded reported to 133,752. Of the total wounded, the U.S. Command said 70,042 required hospitalization.

# 10 Fires Keep Vols, Others Busy Wednesday

Ten forest fires were fought Wednesday afternoon by volunteer firemen, wardens and forest rangers, according to William H. Sussdorf, district ranger in New Paltz, who said more than 80 acres were burned in the Yagerville area.

Sussdorf reported another serious fire occurred on East Mountain Road to Sundown. Fifty acres of woodland was charred by a fire that swept through an area in the vicinity of Callicoon Center in Sullivan County, and 10 acres were burned in the woods near Mountaindale.

Highland firemen were called out shortly after 6 p. m. to quell a bad grass fire that burned a large acreage off Old Route 299. Mutual Aid reported assistance was summoned from Clintondale, Modena, Wallkill and Plattekill.

Sussdorf said the humidity today registered at 19 per cent, and the atmosphere, he commented "is like a big sponge sucking all the moisture of the air."

## Connelly Break-in

A burglary at the Baxter home at the Rondout Marina in Connelly was under investigation today by County Investigator Harold T. Bowers of the office of Sheriff William B. Martin.

Bowers said entry was gained through two windows on the first floor and the intruders took about $100 in cash and checks from a safe. The investigator reported that Mrs. Baxter was not at home at the time of the theft. A late model car with a man and a boy in it had been seen near the marina prior to the entry.

# 10 Lottery Winners in Ulster County

The first-day drawing of the 10th New York State Lottery on Wednesday in Albany produced 10 tickets held by Ulster County residents. They will share $1.5 million.

The area prize winners include: C. & A. Peterson, Plattekill. G & H Carl, Bearsville. Four Cookies, Saugerties. S. Houlihan, Kingston. L. Hoyt, Highland. E & H. McNellis, Kingston. P. Mack, Highland. W. J. Michaels Jr., Saugerties. McGowan Family, Kingston. Sweet Shop, Saugerties.

The tickets were picked from four Y-shaped drums and placed in a smaller drum for the second-stage drawing in Albany today to determine the grand and consolation prize tier.

# Six Children Die in Georgia Dwelling Blaze

RABUN GAP, Ga. (AP) — Six children in this small North Georgia community perished when fire destroyed their two-story house Wednesday night, despite frantic efforts of their mother to rescue them.

Mrs. Billy Darnell, the mother, and a 16-year-old son, Hubert, escaped.

Mrs. Darnell awakened the children who were sleeping upstairs and then went to call volunteer firemen at nearby Clayton.

As she was making the call, the flames spread from an area around the chimney to a nearby staircase, blocking it as a retreat for the children, a relative reported.

The 16-year-old boy escaped by leaping down the staircase.

The dead children were identified as Sue, 18; Lester, 15, Gladys, 13; Rose Ann, 11; Dale, 10, and Kay, 8.

A sister-in-law of Mrs. Darnell, Mrs. Keith Darnell of Atlanta, said the father was away at his job at the time of the fire.

## Pellet Shorted TV

A single shotgun pellet imbedded in Kingston Cablevision's main trunk cable, causing intermittent shorting, was located by service crews last night after an extensive search, it was reported today by William Krajci, Cablevision manager. Repairs have been completed, he said. The tiny pellet, almost invisible, had apparently been in the cable for a period of time but could be pinpointed only after careful inspection of miles of cable. Location of the damage was in the Town of Esopus in the Rosenthal Lane area.

# Racial Rioting Hurts Nation's Poor Most

BUFFALO, N.Y. (AP) — Undersecretary of Commerce Howard J. Samuels says the poor of the nation's inner-cities suffer most from racial rioting and that it will take a new partnership to rebuild in areas hit by violence.

"No company president can give his board of directors any good reason to rebuild as things now stand," he said Wednesday.

The poor already pay more, he said, because of the higher cost of doing business in the inner-city and because there are not enough large volume retailers.

Insurance rates will rise because of racial rioting, he said, business leaders will hesitate to reinvest in the areas and again the poor will pay more.

Speaking at the Buffalo Junior Chamber of Commerce annual award dinner, Samuels said "We're kidding ourselves if we think business is going to rebuild on its own."

He urged a new partnership between the inner-city dwellers, businessmen and the government to encourage businesses to continue operating and to rebuild in the core areas.

A federal insurance program, more consumer education for the Negro slum dweller and better communication between the businessman and the community he services are needed, he said.

Congress, he said, should pass a federal reinsurance program to protect insurance companies from unacceptable risks, and large retailers should be offered the same kind of federal loans now available to small businesses.

Negro ownership and management of larger businesses should be encouraged, he added, and the truth-in-lending bill now locked in a Senate-House conference committee should be adopted.

Samuels said business hasn't fully rebuilt in Newark, Detroit or Watts—areas hit by racial violence last year—and it will not in Washington, Chicago and other cities unless a new partnership is agreed upon.

# Governor's Aide Speaks at Paltz

A special assistant to Governor Rockefeller, from the office of State Human Relations Chairman Jackie Robinson, spoke before students and faculty of the State University at New Paltz last night in a program sponsored by the University's Young Republican Club.

The topic, presented by Samuel P. Singletary, was The Negro in the Republican Party.

Singletary said that there was need for the Negro to become active in the GOP "to bring American life into line with American principals of personal dignity, human decency, and equality among all men."

He made references to Abraham Lincoln and Theodore Roosevelt and historical events of the past dealing with the Negro and Republicanism.

Singletary declared that, "Today the Negro is less concerned with history than he is concerned with what you have done for him lately and what you are going to do for him tomorrow."

The human relations assistant emphasized that the party which realized and acts on the Negro's demand for the "removal of all barriers which deny him the opportunity to improve his lot and compete on equal ground with his fellow Americans," will receive the support of the American Negro.

To obtain this vote, and the needed Black vote, Singletary said that the Republican party must directly seek out these votes by acting in such a manner as to insure them.

DALEY REPORT — Chicago Mayor Richard Daley rubs his eybrow while reading statement before a packed meeting of the City Council Wednesday, defending his controversial order that police should shoot to kill arsonists. He said that "Men poised with Molotov cocktails, incendiaries or fire bombs of any kind are same as the assassins who pulled the triggers on the guns that killed the Rev. Martin Luther King and the late President John F. Kennedy." (UPI TELEPHOTO).

# Last Week's Vietnam Toll Climbs to 363

SAIGON (AP) — The number of Americans killed in the Vietnam war climbed to 363 last week, the highest number in five weeks, the U.S. Command reported today.

An increase also was reported in the number of enemy killed, while South Vietnamese casualties dropped from the previous week.

An increase of 5,000 also was reported in the number of U.S. military personnel in South Vietnam, raising the total to 522,000 as of midnight last Saturday.

There was no official explanation for the increase in the number of American battle deaths in a week when fighting generally was described in communiques as light and scattered. U.S. officers said, however, there were tens of thousands of men in the field in widespread operations.

The week before 279 Americans were killed.

American wounded last week totaled 2,694, compared with 3,190 the previous week. Of the wounded last week, 1,352 were hospitalized.

South Vietnamese headquarters reported 293 government soldiers were killed last week, considerably less than the 407 reported the previous week. The headquarters said there were 985 South Vietnamese wounded last week, compared with 1,479 a week earlier, and 32 missing last week against 14 the previous week.

Both the U.S. and South Vietnamese commands reported that the total number of enemy killed by allied forces last week was 3,071. The reports of enemy dead from the two commands frequently differ.

The casualty report raised to 21,417 the number of U.S. military personnel killed in action in Vietnam between Jan. 1, 1961, and last Saturday and the total number of wounded reported to 133,752. Of the total wounded, the U.S. Command said 70,042 required hospitalization.

# 10 Fires Keep Vols, Others Busy Wednesday

Ten forest fires were fought Wednesday afternoon by volunteer firemen, wardens and forest rangers, according to William H. Sussdorf, district ranger in New Paltz, who said more than 80 acres were burned in the Yagerville area.

Sussdorf reported another serious fire occurred on East Mountain Road to Sundown. Fifty acres of woodland was charred by a fire that swept through an area in the vicinity of Callicoon Center in Sullivan County, and 10 acres were burned in the woods near Mountaindale.

Highland firemen were called out shortly after 6 p. m. to quell a bad grass fire that burned a large acreage off Old Route 299. Mutual Aid reported assistance was summoned from Clintondale, Modena, Wallkill and Plattekill.

Sussdorf said the humidity today registered at 19 per cent, and the atmosphere, he commented "is like a big sponge sucking all the moisture of the air."

## Connelly Break-in

A burglary at the Baxter home at the Rondout Marina in Connelly was under investigation today by County Investigator Harold T. Bowers of the office of Sheriff William B. Martin.

Bowers said entry was gained through two windows on the first floor and the intruders took about $100 in cash and checks from a safe. The investigator reported that Mrs. Baxter was not at home at the time of the theft. A late model car with a man and a boy in it had been seen near the marina prior to the entry.

# 10 Lottery Winners in Ulster County

The first-day drawing of the 10th New York State Lottery on Wednesday in Albany produced 10 tickets held by Ulster County residents. They will share $1.5 million.

The area prize winners include: C. & A. Peterson, Plattekill. G & H Carl, Bearsville. Four Cookies, Saugerties. S. Houlihan, Kingston. L. Hoyt, Highland. E & H. McNellis, Kingston. P. Mack, Highland. W. J. Michaels Jr., Saugerties. McGowan Family, Kingston. Sweet Shop, Saugerties.

The tickets were picked from four Y-shaped drums and placed in a smaller drum for the second-stage drawing in Albany today to determine the grand and consolation prize tier.

# UR Reviews Uptown and Downtown

The Kingston Urban Renewal Agency met with a group of local businessmen last night and reviewed plans for the Uptown and Downtown projects.

Presiding was G. Scott Alexander, KURA chairman, Richard M. Kalish, Kingston civic leader and businessman, was also in attendance.

Summer plans for street construction Downtown were discussed along with the proposed parking garage on the site of the Montgomery Ward building on North Front Street.

Also discussed was a park at the foot of Broadway on Ferry Street. Work is expected to begin this summer.

# Six Children Die in Georgia Dwelling Blaze

RABUN GAP, Ga. (AP) — Six children in this small North Georgia community perished when fire destroyed their two-story house Wednesday night, despite frantic efforts of their mother to rescue them.

Mrs. Billy Darnell, the mother, and a 16-year-old son, Hubert, escaped.

Mrs. Darnell awakened the children who were sleeping upstairs and then went to call volunteer firemen at nearby Clayton.

As she was making the call, the flames spread from an area around the chimney to a nearby staircase, blocking it as a retreat for the children, a relative reported.

The 16-year-old boy escaped by leaping down the staircase.

The dead children were identified as Sue, 18; Lester, 15, Gladys, 13; Rose Ann, 11; Dale, 10, and Kay, 8.

A sister-in-law of Mrs. Darnell, Mrs. Keith Darnell of Atlanta, said the father was away at his job at the time of the fire.

## Trust Co. Notes Data on Retirement Plan

In an advertisement appearing in tonight's Freeman, Kingston Trust Company brings to the attention of self-employed taxpayers, whether business or professional, the self-employed retirement plan now permitted by Internal Revenue regulations.

Under recently enacted tax law, 10 per cent of taxable business-income, up to a maximum of $2,500 may be deducted as a business expense and placed in a retirement fund. Monies thus segregated and the income from them are tax free until retirement. Kingston Trust Company offers its facilities and experience to merchants, doctors, lawyers, etc. who might find this means of establishing a retirement fund suited to their needs. Kingston Trust Company now administers more than $20 million in a fiduciary capacity.

## *Bridge Results*

The Glenerie Bridge Club held its regular fractional point game at the Elk's Club, Fair Street, and played 24 boards in a Mitchell movement.

On the North-South side, Ralph Wesselmann and H. Latin of Shokan took first place.

On the East-West side, Donald Thompson, Kingston and Godfrey Weidlich of Connecticut won their way.

On the North-South side, second place went to Steve Lumisi and Abhay Jhaveri of Kingston third spot was taken by Jame Cavin of Kingston and Michae Liuni of Tillson.

On the East-West side, second place went to Mr. and Mrs. Ernest LeFevre of Hurley; third place was taken by Dr. Paul Perlman of Woodstock and Fred Stern of Saugerties.

The Glenerie Club will hold its sixth game in the spring series at the Elk's Club, Tuesday, April 23 at 7:30 p. m. All bridge players may attend.

DEWITT SEASON STARTER SALE

Price rise in the Spring? Maybe somewhere else . . . maybe everywhere else. But **not** at DE WITT. Not by a long shot. This dealership is built on **volume** sales — and only competitive dealing can build volume. That's how we operate — and here's the proof:

We're opening the prime buying time of the year with a SEASON STARTER SALE — an all-out deal-a-thon aimed at setting new records this Spring that'll top the sales figures of Fall and Winter that have already made '68 the best year in our business history. Make your move now to a spectacular new Oldsmobile or a magnificent new Cadillac. You don't have to wait till the middle of Summer for the car you want and the deal to match — they're **both** waiting for **you** at DE WITT **now.**

DEPEND ON DE WITT FOR TOTAL VALUE.

★ COMPETITIVE PRICES

You can depend on De Witt to deliver the most car for your money — and the reason is simple arithmetic. De Witt is the area's leading volume Cadillac-Oldsmobile dealer — and that means lower proportionate overhead per car. Remember, it's the **net** price that counts — and everything works in your favor at De Witt: Volume buying from the factory and volume selling of both new and used cars combine to put us in a position to give you the No. 1 value — whatever car you choose, on **any** day, in **any** month, during **any** season of the year. See De Witt first or see De Witt last — just be sure to see De Witt before you decide.

★ HUGE SELECTIONS

You can depend on De Witt to make it easy for you to decide — because you'll see a cavalcade of cars at De Witt, not a gallery of pictures. De Witt has a spectacular standing stock of brand new Cadillacs, Oldsmobiles and late model used cars that spans the whole spectrum of series, body styles, colors, accessories and equipment options. The chances are excellent that exactly the car you want is in De Witt's inventory right now — but if it's necessary to place a factory order, you'll still have the advantage of De Witt's delivery expediting service. There's no faster way to get what you want than to let De Witt get it for you.

★ SUPREME SERVICE

You can depend on De Witt to keep your confidence and safeguard your satisfaction in the matter that may well be the most important of all: Service. Your new Cadillac or Oldsmobile is covered, of course, by one of the most complete and comprehensive warranties in the industry. But it takes the skill of De Witt's master mechanics and the precision of De Witt's advanced automotive maintenance equipment to give that protection maximum meaning through preventive care and professional expertness of the highest order. It all adds up to one clear conclusion: "When you depend on De Witt—you've found the formula for **total** value."

# The Phenomenal Growth: Part of It Was Inflation

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — The record $20-billion growth of the American economy in the first quarter of 1968 is phenomenal.

If the figure were to be taken at face value it would mean that the expansion of the American economy in just three months — the expansion alone — would be more than the gross national product of Brazil for an entire year.

It would be the equivalent of creating an economy the size of Belgium's.

**$8 Billion Inflation**

The figures cannot be taken at face value, however. About $8 billion of the "growth" was just inflation. Since the value of the dollar shrank in those three months, it simply took more dollars to measure output.

To assume that inflated figures represent true growth is to delude. It would be the same thing as a carpenter measuring feet with an inch clipped off his ruler, or a butcher weighing meat with his thumb on the scale.

Nevertheless, the $12 billion real growth still was enormous by any measure. It was bigger than the entire economy of Norway or Austria or Venezuela. And it came on top of a record long expansion of the American economy.

It is clear, however, that economists greeted these figures with chagrin. This is a giant with disorders, with ailments that result from trying to produce beyond its capacity and with failing to watch the signals that tell any growing body to take some medicine or relax or change its way of life.

The same report from the Commerce Department shows that defense spending once again rose sharply, arousing the suspicion that whatever is said about slowing the rate of military spending, what is done is something different.

**Foreign Surplus Dips**

The report disclosed also that the surplus in foreign trade was off, a condition that cannot be permitted to continue for long without confidence in the dollar deteriorating even more.

It showed that consumers were stepping up their commitments, that after prolonged restraint they were beginning to buy their long postponed needs and luxuries, which in the present state of things can only be inflationary.

The disorders are serious.

Although inflation is damaging domestically because it shrinks the value of the dollar, the real danger is in what it does to the nation's exports. If American prices are inflated, how are U.S. goods to compete overseas?

If U.S. goods cannot compete effectively overseas, how is the nation to correct its imbalance of payments, how is it to bring into balance the amount exported and the amount imported?

With consumer demand strong again — at least for the present — this imbalance may be accentuated. Eager consumers very likely will increase their demands for the products and services of other nations.

This already is occuring in some areas of the economy. Foreign car sales are at a record high in the United States now, and the total is expected to reach about one million for the year, or a minimum of $2 billion.

This return of the consumer to the market comes at a very poor time. Ordinarily economists would welcome consumer buying strength. But now, even after months of consumer restraint, the economy is overheated.

All these disorders, no matter how serious, can be remedied.

The first reaction to the latest Gross National Product figures will be additional pressure for a tax increase. This would transfer buying power from the consumer to the federal government and permit it to pay its bills.

## *Social Security Benefits Should Be Checked*

Q — My problem is all too common: the need for more income by a 52-year-old widow, in poor health and therefore obliged to stop working. How can I change $9,000 in E bonds into stocks that will give me more income?—K. McE.

A—You have my sincere sympathy and I'll do what I can to suggest steps to take to find a solution to your problem.

First I would like to point out that your bonds have one important advantage over stocks. They do not fluctuate in price. Your capital remains intact and is immediately available on request should you need it for medical expenses. Were you to change to stocks you might see your capital diluted by a forced sale of shares in a falling market.

Now that savings bond interest has been increased to 4.15 per cent there is no great difference between this and the 5-5½ per cent divided yield that would be available from carefully selected stocks. I advise you to discuss with a bank officer the exchange of your E bonds for H bonds which pay the 4.15 per cent interest directly to you semiannually.

Next I suggest going to your local Social Security office—assuming you are covered — to check on disability income. Under the new Social Security Act recently passed by Congress, such income is now payable at age 50—10 years sooner than was the case under the original act.

Q — Please comment on recent market performance and relative growth value of Combined Insurance Co. of America.—W.J.

A—An exceptional sales record and highly profitable underwriting experience have produced a strong earnings uptrend for the past decade. Bid prices in a weak market and an out-of-favor industry have remained near the 1967 high bid of 69. The unique leadership of company president Clement Stone is largely responsible for the company's above-average growth to date. This growth is likely to continue.

# Chamber Warns About the 'Gypsy Repair'

The Kingston Area Chamber of Commerce warned today of itinerant repairmen who quote bargain prices for jobs but later submit exorbitant bills for inferior work.

Peter O. Allen, executive vice-president of the local Chamber, said that each year gypsy repairmen, house painters and other operators victimize homeowners, churches, schools, hospitals, industrial plants, florists, restaurants and public and private institutions.

According to the National Better Business Bureau, with which the local Chamber is affiliated through membership, bands of itinerant repairmen have been the subject of a number of recent complaints to local Business Bureaus and Chambers of Commerce.

Using several names and giving addresses from other parts of the Hudson Valley, the repair gyps quoted low cost estimates but actually charged exorbitant prices for work that involved nothing more than cleaning and repainting. In one case, the charge was far higher than the cost of new work.

The Chamber advised members of the community to be wary of unknown repairmen and to deal only with firms of known reliability.

# Ray, Others Look Over Land In Woodstock

A delegation of city officials, led by Mayor Raymond Garraghan, traveled to Woodstock yesterday afternoon to inspect city-owned property leased to the Woodstock Art Students League. Garraghan wants to sell the land to the art students.

The land is situated off Rt. 212 just outside of Woodstock and comprises about 37 acres. Garraghan has been offered $32,000 by the students league but said yesterday that $40,000 would be a more reasonable price.

The mayor plans to deposit the money, if the Council agrees to sell the land, in a savings account to be used for future city needs. Today he said one of those needs might be a parking lot on mid-Broadway.

Garraghan said he would set up the account so that it could only be drawn on with the signatures of 12 aldermen, the mayor and alderman-at-large.

City officials on yesterday's tour included Stanley J. Petro Jr., treasurer; Mathias Richardson, assessor; Edmund Cloonan, superintendent of the water department which owns the land; George E. Radcliffe, building inspector; Aldermen Peter Mancuso (D-Eighth Ward), John Naccarato (R-Third Ward) and Peter Fisher (R-10th Ward) and William Leehive, president of the water board. Walter Donnaruma, who often advises the city on assessments, was also on the tour.

# Two Upstaters Killed in Viet

BY THE ASSOCIATED PRESS

Two more upstate New York Marines have been killed in action in Vietnam, the Defense Department said Wednesday.

The two were identified as Pfc. Kenneth R. Totten Jr. of Brewster, and Pfc. Joseph K. Wheeler of West Utica.

Totten was the son of Mr. and Mrs. Kenneth R. Totten Sr.

Wheeler was the son of Mr. and Mrs. Charles R. Wheeler.

NEW YORK (AP) — The stock market resumed a somewhat spotty advance in brisk trading early Thursday.

Gains outnumbered losses by more than 200 issues, and the New York Stock Exchange index showed a small advance.

International Nickel jumped nearly 3 points on news of a stock split proposal, but Du Pont slid another 2 points or so in a continued reaction from Monday's 7-point spurt.

All Big Three motors were fractional losers.

Homestake was down a point as the price of gold bullion fell in Europe.

Johns-Manville, down more than a point, highlighted a soft building-materials group. The news was that housing starts fell 3.5 per cent in March after two months of increases.

McDonnell Douglas was off ⅝ at 45 on a big opening block of 116,400 shares.

Chrysler slipped ¼ to 66⅝ on 12,500 shares.

## CAB Hearing

WASHINGTON (AP) — The Civil Aeronautics Board has ordered a hearing on the application of Mohawk Airlines to operate nonstop between Buffalo, N.Y., and New York City-Newark, N.J., and between Rochester, N.Y., and New York-Newark.

The application, made by the Utica, NY.,-based carrier Feb. 12, is being opposed by two trunk airlines — American and United, the CAB said Wednesday.

It is supported by the New York State Department of Transportation, Monroe County, N.Y., and the Rochester Chamber of Commerce.

# Fuel Dropped To Expedition Bound for Pole

CHICAGO (AP) — An expedition trying to reach the North Pole by snowmobile reported by radio late Wednesday it had received a fuel drop from its support plane and had enough fuel to go nonstop to the Pole.

If successful, the men will be the first to have reached the Pole by surface since Commodore Robert E. Peary led a dog-sled expedition to the top of the world in 1909.

The party was only 78 miles from its goal when it received the fuel for its gasoline-powered vehicles. The men told their Chicago contact that surface and weather conditions were favorable and they expected to reach the Pole late today or early Friday.

The expedition, led by Ralph Plaisted, a St. Paul, Minn., insurance man, has been on the ice cap more than a month. Six men have been making the try for the pole although only four men were with the advance party which picked up the fuel.

The base camp, at Ward Hunt Island in northernmost Canada, radioed that the other two men will try to overtake the surface party in the support plane so they can reach the Pole together.

# Chamber Warns About the 'Gypsy Repair'

The Kingston Area Chamber of Commerce warned today of itinerant repairmen who quote bargain prices for jobs but later submit exorbitant bills for inferior work.

Peter O. Allen, executive vice-president of the local Chamber, said that each year gypsy repairmen, house painters and other operators victimize homeowners, churches, schools, hospitals, industrial plants, florists, restaurants and public and private institutions.

According to the National Better Business Bureau, with which the local Chamber is affiliated through membership, bands of itinerant repairmen have been the subject of a number of recent complaints to local Business Bureaus and Chambers of Commerce.

Using several names and giving addresses from other parts of the Hudson Valley, the repair gyps quoted low cost estimates but actually charged exorbitant prices for work that involved nothing more than cleaning and repainting. In one case, the charge was far higher than the cost of new work.

The Chamber advised members of the community to be wary of unknown repairmen and to deal only with firms of known reliability.

# Ray, Others Look Over Land In Woodstock

A delegation of city officials, led by Mayor Raymond Garraghan, traveled to Woodstock yesterday afternoon to inspect city-owned property leased to the Woodstock Art Students League. Garraghan wants to sell the land to the art students.

The land is situated off Rt. 212 just outside of Woodstock and comprises about 37 acres. Garraghan has been offered $32,000 by the students league but said yesterday that $40,000 would be a more reasonable price.

The mayor plans to deposit the money, if the Council agrees to sell the land, in a savings account to be used for future city needs. Today he said one of those needs might be a parking lot on mid-Broadway.

Garraghan said he would set up the account so that it could only be drawn on with the signatures of 12 aldermen, the mayor and alderman-at-large.

City officials on yesterday's tour included Stanley J. Petro Jr., treasurer; Mathias Richardson, assessor; Edmund Cloonan, superintendent of the water department which owns the land; George E. Radcliffe, building inspector; Aldermen Peter Mancuso (D-Eighth Ward), John Naccarato (R-Third Ward) and Peter Fisher (R-10th Ward) and William Leehive, president of the water board. Walter Donnaruma, who often advises the city on assessments, was also on the tour.

# Two Upstaters Killed in Viet

By THE ASSOCIATED PRESS

Two more upstate New York Marines have been killed in action in Vietnam, the Defense Department said Wednesday.

The two were identified as Pfc. Kenneth R. Totten Jr. of Brewster, and Pfc. Joseph K. Wheeler of West Utica.

Totten was the son of Mr. and Mrs. Kenneth R. Totten Sr.

Wheeler was the son of Mr. and Mrs. Charles R. Wheeler.

## Douse Car Fire

City paid firemen and volunteers quickly doused a car fire at the rear of Appa's Garage at 291 Hasbrouck Avenue this morning at 1:53 a. m. Engines One and Three and Truck One responded along with volunteers from Wicks Salvage and Rapid Hose. The fire was of undetermined origin.

# Financial and Commercial

NEW YORK (AP) — The stock market resumed a somewhat spotty advance in brisk trading early Thursday.

Gains outnumbered losses by more than 200 issues, and the New York Stock Exchange index showed a small advance.

International Nickel jumped nearly 3 points on news of a stock split proposal, but Du Pont slid another 2 points or so in a continued reaction from Monday's 7-point spurt.

All Big Three motors were fractional losers.

Homestake was down a point as the price of gold bullion fell in Europe.

Johns-Manville, down more than a point, highlighted a soft building-materials group. The news was that housing starts fell 3.5 per cent in March after two months of increases.

McDonnell Douglas was off ⅝ at 45 on a big opening block of 116,400 shares.

Chrusler slipped ¼ to 66⅝ on 12,500 shares.

## CAB Hearing

WASHINGTON (AP) — The Civil Aeronautics Board has ordered a hearing on the application of Mohawk Airlines to operate nonstop between Buffalo, N.Y., and New York City-Newark, N.J., and between Rochester, N.Y., and New York-Newark.

The application, made by the Utica, N.Y.,-based carrier Feb. 12, is being opposed by two trunk airlines — American and United, the CAB said Wednesday.

It is supported by the New York State Department of Transportation, Monroe County, N.Y., and the Rochester Chamber of Commerce.

$500 FOR Y — Frank P. Hoornbeek, manager of the Kingston office of Loeb, Rhoades and Company, presents $500 gift to Paul Coon, president of the Kingston Ulster County YMCA. The gift will go to the current YMCA building fund to provide a new facility at the present Broadway and Pine Grove Avenue site. (Freeman photo by Kruh).

# Fuel Dropped To Expedition Bound for Pole

CHICAGO (AP) — An expedition trying to reach the North Pole by snowmobile reported by radio late Wednesday it had received a fuel drop from its support plane and had enough fuel to go nonstop to the Pole.

If successful, the men will be the first to have reached the Pole by surface since Commodore Robert E. Peary led a dog-sled expedition to the top of the world in 1909.

The party was only 78 miles from its goal when it received the fuel for its gasoline-powered vehicles. The men told their Chicago contact that surface and weather conditions were favorable and they expected to reach the Pole late today or early Friday.

The expedition, led by Ralph Plaisted, a St. Paul, Minn., insurance man, has been on the ice cap more than a month. Six men have been making the try for the pole although only four men were with the advance party which picked up the fuel.

The base camp, at Ward Hunt Island in northernmost Canada, radioed that the other two men will try to overtake the surface party in the support plane so they can reach the Pole together.

# Jackie's Cook Gets Pink Slip

By BERNIE GOULD

NEW YORK (AP) — Mrs. John F. Kennedy's German cook, a 24-year-old blonde, says she was fired Tuesday after word of her cook book and television career ambitions got into print.

Annemarie Huste, the cook, said Mrs. Kennedy apparently believed that Annemarie was going to expose the former first lady's private life to public scrutiny.

**No Word on Clause**

"I would never allow anything to be printed about her private life," Miss Huste told an interviewer, but she declined to say if she had a contract with such a clause.

She denied she was responsible for statements attributed to her in a published account relating her ambitions, and said it must have been a "close friend" who talked to a reporter. But she said she didn't know who it might be.

A spokesman for Mrs. Kennedy declined immediate comment about the firing.

Miss Huste, a 5-foot-3, 115-pound native of Ulm, Germany, who came to this country five years ago, said she was surprised when she received a phone call Tuesday from Mrs. Kennedy's secretary, informing her "it would be better if I didn't come back."

She said the published report that she was making a pilot television film this week, with a view toward syndication, was not true.

**TV Career Just a Hope**

Equally untrue, she said, was a remark attributed to her that she hoped to make $1 million before she was 25. "This couldn't be possible," she said, "because I will be 25 next month."

Miss Huste said a television career was "just a hope" of hers.

And as for the unfinished cook book she has been writing, it will include her favorite recipes, not necessarily those she served to the Kennedy family, she said. No contracts have been signed for publication, she added.

Miss Huste said she has worked for Mrs. Kennedy more than two years. She had drawn $130 a week with the Kennedys, she said.

# Enter Guilty Plea In Art Theft Case

Two defendants were sentenced by Judge Raymond J. Mino in county court Wednesday and a plea of guilty was accepted from Robert F. Paganelli, 29, of Saugerties, who was held on charges involving the theft of nearly $10,000 worth of art work and antiques.

Paganelli, facing five burglary indictments after consolidation of the charges pleaded guilty to attempted burglary, third degree, a felony, and his case was put over to May 15 for sentencing.

The burglaries of paintings and antiques from various establishments in Woodstock and Saugerties culminated in the arrest of Paganelli by state police on Oct. 8, 1967, while he was still inside Igo's Antique Shop, Route 212, Veteran, Town of Saugerties. He was further accused in the theft of $4,400 worth of paintings from the Louis Lewis Gallery, Woodstock, on Sept. 9, 1967, and again at the Lewis Gallery on Oct. 5 involving $1,475 worth of paintings.

Troopers said at the time that $5,000 worth of art works were recovered, but more than $3,000 worth was destroyed. Other places entered in the case included Betty Haeussler Shop, Woodstock, on Aug. 1, 1967.

Donald Sickler, 25, of this city, was sentenced Wednesday to Elmira Reformatory until discharged by law. He pleaded guilty in September to attempted grand larceny involving the theft of former Supervisor Bowman H. Owen's 1967 automobile from the supervisor's parking lot late in 1966. Sickler and another, according to authorities, took the car for a ride and smashed it in Highland.

Edward Jackson, 35, of New York City, pleaded guilty to petit larceny and obscenity as a misdemeanor and was sentenced to six months in county jail on each count. Terms to run concurrently. Marshall Lipton represented the defendant.

Jackson was accused of entering the room of a fellow employe at the Granit Hotel in December 1967. At the time of his arrest he was allegedly in possession of pornographic pictures.

The District Attorney's Office was represented by District Attorney Joseph Torraca and Assistant District Attorney Robert MacKinnon.

Two defendants were sentenced by Judge Raymond J. Mino in county court Wednesday and a plea of guilty was accepted from Robert F. Paganelli, 29, of Saugerties, who was held on charges involving the theft of nearly $10,000 worth of art work and antiques.

Paganelli, facing five burglary indictments after consolidation of the charges pleaded guilty to attempted burglary, third degree, a felony, and his case was put over to May 15 for sentencing.

The burglaries of paintings and antiques from various establishments in Woodstock and Saugerties culminated in the arrest of Paganelli by state police on Oct. 8, 1967, while he was still inside Igo's Antique Shop, Route 212, Veteran, Town of Saugerties. He was further accused in the theft of $4,400 worth of paintings from the Louis Lewis Gallery, Woodstock, on Sept. 9, 1967, and again at the Lewis Gallery on Oct. 5 involving $1,475 worth of paintings.

Troopers said at the time that $5,000 worth of art works were recovered, but more than $3,000 worth was destroyed. Other places entered in the case included Betty Haeussler Shop, Woodstock, on Aug. 1, 1967.

Donald Sickler, 25, of this city, was sentenced Wednesday to Elmira Reformatory until discharged by law. He pleaded guilty in September to attempted grand larceny involving the theft of former Supervisor Bowman H. Owen's 1967 automobile from the supervisor's parking lot late in 1966. Sickler and another, according to authorities, took the car for a ride and smashed it in Highland.

Edward Jackson, 35, of New York City, pleaded guilty to petit larceny and obscenity as a misdemeanor and was sentenced to six months in county jail on each count. Terms to run concurrently. Marshall Lipton represented the defendant.

Jackson was accused of entering the room of a fellow employe at the Granit Hotel in December 1967. At the time of his arrest he was allegedly in possession of pornographic pictures.

The District Attorney's Office was represented by District Attorney Joseph Torraca and Assistant District Attorney Robert MacKinnon.

# Ho Chi Minh Seen as Moderate Among Communists

**William C. Baggs**, editor of The Miami News, has made a second trip to North Vietnam. His first visit was in January, 1967. This is the last of Mr. Baggs' reports on his findings.

**By BILL BAGGS**
**Editor of the Miami News**
Copyright 1968, The Miami News

HANOI, North Vietnam (AP) — (Delayed) — Ho Chi Minh is an old man, he will be 78 in May, but he remains the prevailing influence in the government of North Vietnam.

Among the Communists of Asia, Ho is a moderate. He has never embraced the militant philosophy of Mao Tse-tung to the north. Rather, he edges towards the Soviet interpretation of Marx and Lenin.

**One Exception**

Moreover, he has surrounded himself by what you would describe as moderate Communists, with one exception. The exception is Truong Chinh, chairman of the National Assembly, and by all reports a pro-Maoist.

The four other men of much influence here are:

Le Duan, secretary general of the Communist Party, and regarded as the No. 2 man to Ho.

Pham Van Dong, prime minister.

Vo Nguyen Giap, the head general who also serves as defense minister.

Nguyen Duy Trinh, foreign minister.

**Devoted to Ho**

All four, unlike Truong Chinh, reveal no sympathy for the strident ways of Chinese communism. And all four are devoted to Ho Chi Minh.

There is a visible concern for the old patriarch.

The concern is obvious in the way the ministers insist on Ho working in safe plces. One explained: "We try to arrange his presence so that he will not have to run or hurry to a shelter in the event of an air raid."

This has meant that Ho often does his work far from Hanoi, probably in the mountains to the north and west, and he is transported into the city, it is believed, by helicopter.

**Has Total Control**

In few Communist countries does the party have the supreme power it has in North Vietnam. The party runs the government and it has total control over the army. One reason for the latter is found in the person of General Giap, called 23 years ago by Ho to organize the army, and a man who respects Ho Chi Minh greatly. Giap of course, is a Communist.

These men, then, can determine from the North Vietnamese side if there is to be peace out here, and if the early gestures towards peace are going to mean anything.

**Hope Is Seen**

Surely the first indications are hopeful. Word of President Johnson's restriction of the bombing reached here Monday before noon. The leaders went into session that afternoon and had a reply fewer than 48 hours later. They offered to meet with the Americans.

So, what might be measured as a small, but hopeful, beginning has emerged here in late days to make a peace and end this war.

## Dutchess College Grants

The federal government has allotted Dutchess Community College over $35,000 in funds to provide financial assistance to students, Dr. James F. Hall, college president, announced today.

The Department of Health, Education and Welfare has presented the college $25,300 to participate in the Educational Opportunity Grants program for the period July 1, 1968 through June 30, 1969.

In addition the same department has approved the use of $10,268 in federal funds for the operation of Dutchess' College Work-Study Program for the period January 1, 1968 through December 31, 1968.

Under the terms of the Higher Education Act of 1965, the college may award Educational Opportunity Grants to qualified students who show financial need. The grants, which range from $200 to $800, must be matched by other financial assistance to the student, such as part-time jobs, scholarships, and loans. These grants do not have to be repaid.

In the Work-Study Program, students from low-income families are given preference for on-campus employment and are paid the standard student aide wages. As authorized under the Economic Opportunities Act of 1964, this program gives students the opportunity to work up to 15 hours a week during the academic year and 40 hours a week during vacation periods.

Donald Scott, Dutchess counsellor in charge of financial aid, said his office can furnish more details about these and other financial aid plans available to DCC students.

## Marvella Hits Out at Resnick On Rights Bill

Dutchess County Liberal, Joseph Marvella, has charged that Congressman Joseph Y. Resnick's "attack on the (1968) civil rights bill," is an example of "a demagogue at work."

Marvella is seeking the Liberal party nomination for state senator in the 38th senatorial district which includes Dutchess and Ulster counties.

"Resnick is not the only one who believes that laws must be matched with money to eradicate the ghetto and its threat to society, but he is practically the only one to leap from that conviction to the empty-headed statement that the bill is a hoax," said Marvella.

The Dutchess County Liberal said that although the bill "doesn't add anything to New York State law, there are 49 other states in the union," and he further went on to say that "the bill is pretty weak stuff for New Yorkers (but) it is far from valueless to the overall goal of nationwide equality."

Marvella also stated that, "This kind of narrowness shown by Resnick is bad enough for a congressman but unthinkable for a senator."

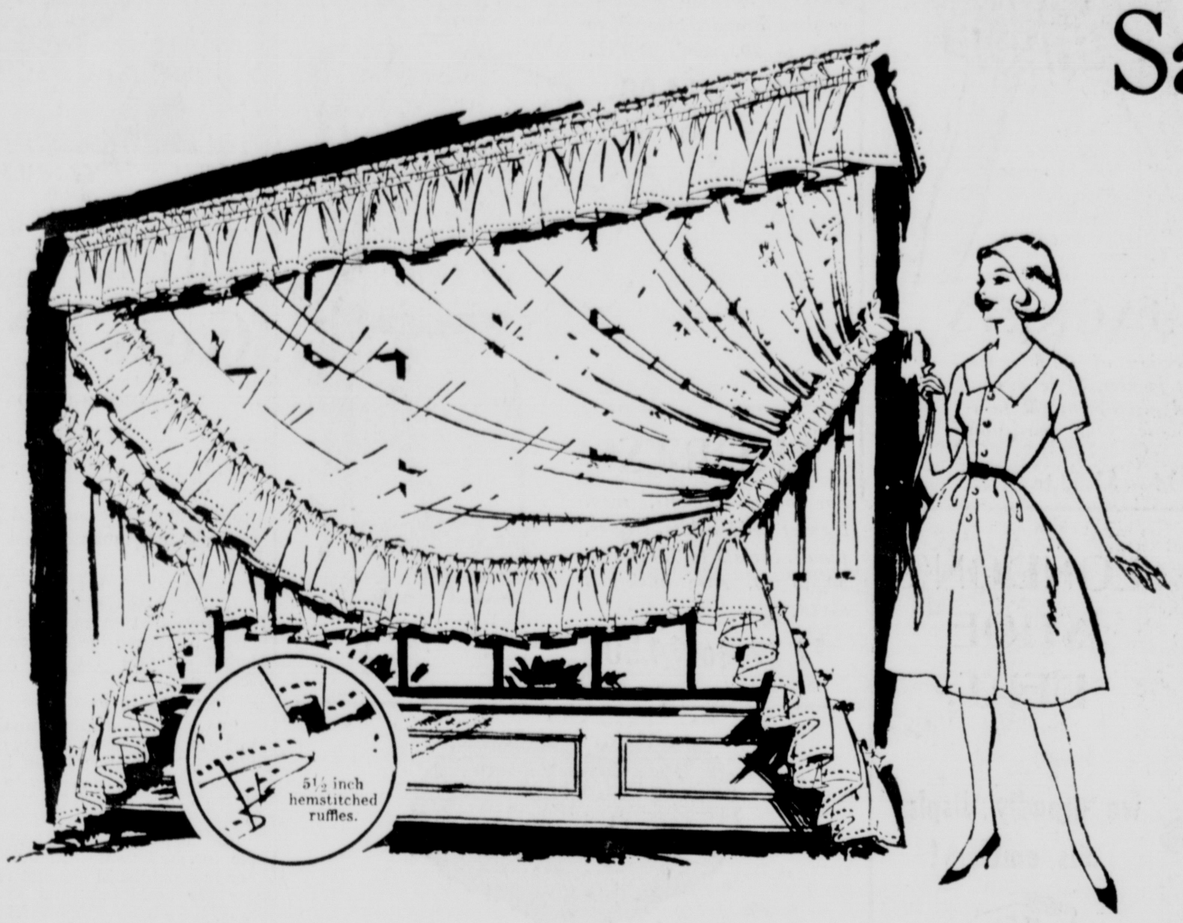

ON FBI LIST — David Stuart Neff, a convicted forger who uses several aliases and regularly frequents racetracks, has been placed on the FBI's list of "Ten Most Wanted Men." Neff is an expert marksman and is charged with robbing two Massachusetts banks. The fugitive is considered an extremely capable automobile thief who reportedly boasts loudly of his criminal activities. Neff was born at Providence, R. I., on Dec. 26, 1936. He is 5' 8" to 5' 9" tall, weighs 190 to 200 pounds, has a heavy build, brown hair, brown eyes and a medium complexion. He has "Baron" and a pair of dice tattooed on his right forearm. Neff should be considered armed and dangerous and information about him should be reported immediately to the nearest office of the FBI. (FBI PHOTO VIA UPI TELEPHOTO).

## Vacation Plans At Boice Gages Will Be Revised

A recent acquisition of several new patents, covering new devices in measuring instruments was received by Boice Gages, Inc., of Hyde Park.

In keeping with a trend to spread vacation programs for employes over a longer period, Boice Gage will revise its practice to close down the plant when all employes were obliged to take vacations on a set period.

Among items covered in the recent authorization were a master gage for internal bore gages, known as a bore gage setmaster. Other items are a slide propulsion means, applied as a height stand; gage setting and checking apparatus applied as an Acra-Master, an indicator feeler biasing and reversible means for action as electronic-indicator where required; also a new patent on leveling tables.

Other recent patent approvals covered Bore gages, Acra-Cord and a number of new additions in the gage field that will assure quality control in all fields of metal working.

Commenting on the change in the vacation programs, Ralph A. Boice, president of the gage firm, said, "We have studied the policy and feel that our employes should have a choice as to when they prefer taking their vacation time off and unless impractical, they should have that period for rest and enjoyment. We intend to cooperate in every way possible."

The new practice of vacation time off will be put into effect immediately, Boice said.

## Vacation Plans At Boice Gages Will Be Revised

A recent acquisition of several new patents, covering new devices in measuring instruments was received by Boice Gages, Inc., of Hyde Park.

In keeping with a trend to spread vacation programs for employes over a longer period, Boice Gage will revise its practice to close down the plant when all employes were obliged to take vacations on a set period.

Among items covered in the recent authorization were a master gage for internal bore gages, known as a bore gage setmaster. Other items are a slide propulsion means, applied as a height stand; gage setting and checking apparatus applied as an Acra-Master, an indicator feeler biasing and reversible means for action as electronic-indicator where required; also a new patent on leveling tables.

Other recent patent approvals covered Bore gages, Acra-Cord and a number of new additions in the gage field that will assure quality control in all fields of metal working.

Commenting on the change in the vacation programs, Ralph A. Boice, president of the gage firm, said, "We have studied the policy and feel that our employes should have a choice as to when they prefer taking their vacation time off and unless impractical, they should have that period for rest and enjoyment. We intend to cooperate in every way possible."

The new practice of vacation time off will be put into effect immediately, Boice said.

# Gun Sales Soar In White Areas Since Violence

WASHINGTON (AP) — Gun sales have soared in predominantly white suburbs of Washington, Baltimore and Kansas City since looting and violence erupted in the Negro neighborhoods of those cities this month.

Rioting that followed the murder of Dr. Martin Luther King Jr. on April 4 marked the first major racial disorders in any of the three cities in recent years.

In contrast, there was little if any increase in gun sales in the suburbs of two cities which experienced rioting in previous years as well as this month. Only one dealer in two suburbs adjacent to Chicago's West Side, scene of a 1966 riot, reported an increase in sales. And there was no evidence of an increase in Detroit's suburbs, where gun sales went up sharply during the 1967 riot.

**Sales Banned at Time**

When trouble broke out in Washington, gun sales were banned in the city and in its Maryland suburbs.

Sales were permitted in suburban Virginia, however, and in Alexandria long lines of suburbanites formed outside gun shops.

Alexandria police said in the first two weeks in April they received 400 applications for permits to possess handguns—more than they had during the entire month of March.

Although purchases were barred in the Maryland suburbs of both Washington and Baltimore during the disorders, many dealers forwarded applications for handgun permits to police for processing. The ban was lifted last Sunday.

Karl Zinkhan, deputy chief of the Baltimore County police, said the number of requests was the highest his department has received since 1966 when the law requiring permits was passed.

"We don't like to see so many handguns going out," Zinkhan said, "but, we're reasonably sure they are going into the hands of responsible citizens."

Gun dealers in Overland Park, Kan., a suburb of Kansas City, reported a spurt in sales as soon as a ban on them was lifted.

**40 Lined Up**

In Independence, Mo., another Kansas City suburb, 40 people were lined up at one gun shop when the ban went into effect.

Edward Breitt, owner of a gun shop in Oak Park, Ill., a town adjacent to Chicago's West Side, said his business was up substantially.

"Mostly handguns. Not rifles or shotguns," he said.

However, police in Oak Park and neighboring Cicero said applications for handgun permits were running about normal.

In the Detroit suburb of Dearborn, Police Chief John B. O'Reilly said, "Last fall the amount of handgun registrations probably tripled. This pace has been constant. I don't think there has been any change as a result of Dr. King's death."

# 2 Burglaries Under Probe

The County Sheriff's Department is investigating two burglaries, one in Atwood and another at the Rotron construction site at Ashokan.

County Investigator Harold T. Bowers said the summer home of Mrs. Hyacinth Miller at 303 Atwood Road was entered recently and a .22 Remington single shot bolt action rifle was taken. Entry was gained with the use of a master key. Norman Miller of New York City reported the breakin to the sheriff's Department.

Investigator Bowers said two nickel cadmium battery units and seven remote head lanterns were taken during Tuesday night at the site of the new Rotron Manufacturing Company plant at Ashokan. Daniel Cronin of Joe E. O'Connor Inc., electrical contractor reported the theft.

# Gene for Bobby Debate, Wants Rusk to Quit Job

By THE ASSOCIATED PRESS

Sen. Eugene J. McCarthy, campaigning in Indiana, says he wants to debate Sen. Robert F. Kennedy, his rival for the Democratic presidential nomination, and also wants Secretary of State Dean Rusk to resign because of his association with the Vietnam war.

**Bobby's Response**

Kennedy responded to the McCarthy debate challenge by saying the Minnesotan "isn't the only candidate" and that he is willing to debate all other White House contenders together, including Vice President Hubert H. Humphrey, who is expected to be a candidate.

There was no comment from the Johnson administration regarding McCarthy's demand that Rusk leave.

On the Republican side, Gov. Nelson A. Rockefeller, who says he won't run for the GOP nomination but will accept a draft, was in Washington today for a speech on urban problems before the American Society of Newspaper Editors convention. He has said he will make a series of speeches on major issues.

**Poll Favors Rocky**

The State Poll in California reported Rockefeller would carry California if the presidential election were held today.

The poll, published by The Los Angeles Times, said he would get 53 per cent of the vote to 38 for President Johnson if the chief executive—who says he won't seek re-election—were the Democratic nominee. The poll gave these other percentags: Rockefeller, 57, Kennedy, 36; Rockefeller 62, Humphrey 29; Rockefeller 53, McCarthy, 38.

Democrats outnumber Republicans 5 to 4 in California.

The poll also said both McCarthy and Johnson could defeat former Vice President Richard M. Nixon, the only announced major GOP candidate, if the election were held today.

McCarthy told an interviewer in Indianapolis he would be satisfied if Johnson replaced Rusk with almost anyone, even someone in the administration who has had a hand in Vietnam war policy—a policy he opposes.

McCarthy is campaigning in Indiana today following a stint in Pittsburgh where he accelerated criticism of the way the Johnson administration is handling peace probes with North Vietnam.

Kennedy, who was in Oregon, also assailed U.S. foreign policy, saying it is based on an obsession with power which is costing this country respect abroad.

Kennedy and McCarthy clash in Indiana's May 7 primary.

## Give Summer to a Child

"Give summer to a child," says Aline Waters of Woodstock who is now taking applications from persons wishing to take Fresh Air children from July 17 to 31 this year.

"Summertime is a time for kids," she says. "School is out, the beaches and pools are open. It is a time for baseball games, camping trips, backyard barbecues and popsicles. Or, maybe it's just kicking off your shoes and walking barefoot in the grass.

"But for thousands of underprivileged kids from the tenement districts of New York City, summertime can be anything but exciting.

"For these youngsters there are no beaches, pools, parks or playgrounds. Their playground is the nearest open stretch of concrete and almost always this is the city street. As one little girl put it, I play on the stairs.

"For most, opportunities for solitude and a sense of self-discovery are practically nonexistent. Life is a series of 'mob scenes' — teeming playstreets, shared beds, overcrowded classrooms, the crush of busses and subways, the unrelenting assault of traffic sounds and fumes."

In July and August, the Fresh Air Fund will arrange for free summer vacations for 14,000 of these boys and girls in communities like Woodstock from Maine to Virginia.

# Christ's Church Spring Luncheon

On Tuesday, April 23, at 12:30, Christ's Lutheran Church Women of Woodstock will hostess their third annual spring luncheon at the Fellowship Hall. Women from all the Woodstock churches are invited.

Miss Carmen Suarez, a visiting teacher in the Onteora School, will be the guest speaker.

Miss Suarez is here from Columbia, S. A., with the Volunteers to America program, a type of exchange Peace Corps proposed by President Johnson in 1966, whereby the volunteers come to assist our schools and communities in meeting their educational and cultural needs; to obtain experience which will benefit both the volunteers and their countries, and to promote cooperation and understanding between the American people and those of other nations.

Guest soloist, Mrs. Edouard Blatter, will be accompanied by Mrs. Connie Wengert.

Reservations should be made by Thursday, April 18. Contact Mrs. Nestor Bryant or Mrs. Donald Donohue.

# Public Hearing On Onteora School Budget

The public hearing for the 1968-69 budget of the Onteora Central Schools will be held Tuesday, April 23, at 8 p. m. in the Onteora High School at Boiceville.

Various sections of the budget will be read and explained by members of the Onteora school board, as follows:

Board of education and central administration, Douglas Gross; instruction and adult education, Mrs. Caroline Hanks and Jack Kahn; transportation, Herbert R. Shultis Jr.

Operation and maintenance of plants, Charles Newcomb; undistributed expenses and employee benefits, Charles H. Weidner; debt service and interfund transfers, Patrick Dodge.

An overview of the budget will be presented by Dr. Harold Snyder superintendent of the Onteora Central Schools.

# Planes May 'Water Bomb' Bay State Fires

BOSTON (AP) — The use of airplanes to "water bomb" two serious forest fires in western Massachusetts was under consideration today as continuing dry weather increased the danger of woods fires.

The State Department of Natural Resources said Commissioner Robert L. Yasi discussed the use of planes with acting Gov. Francis W. Sargent but no decision was announced.

At Rowe, in the northwestern corner of the state, 200 men with portable pumps and shovels labored overnight to contain a fire that blackened more than 400 acres of Eagle and Negus mountains.

The Natural Resources Department said 159 fires were reported across the state Wednesday. Other than burned woodland, there were no reports of property damage.

# State Approves Series of Hikes On Fire Cover

NEW YORK (AP) — The State Insurance Department says it has approved a series of rate increases, ranging from 1 to 4 per cent, in another attempt to guarantee fire insurance in high-risk neighborhoods.

Among the increases, revealed Wednesday, is a rise of 1 per cent in the rate on extended coverage policies on homes and apartments.

Policies for extended coverage include damage from civil commotions, riots attending labor strikes, wind storms, explosions, hail and smoke.

The department increased the rate of fire and extended coverage policies on all other buildings—except farm properties—by 4 per cent in New York City and in the Counties of Nassau, Suffolk, Westchester, Albany, Erie, Monroe, Oneida and Onondaga.

The department said that in the rest of the state the fire and extended coverage rate on all but private dwellings and farm properties was increased by 2 per cent.

The increases, requested by the New York Fire Rating Organization which has more than 200 members, will take effect May 1.

Earlier this year, after a statewide study showed that fire and extended coverage insurance was almost unavailable in slum areas of the state, the insurance department recommended that a mandatory coverage pool be established.

Such a pool was approved later by the Legislature and Gov. Nelson A. Rockefeller signed the legislation on April 8. The new law will become effective Sept. 1.

A spokesman for the insurance department said Wednesday that the new rates are a further step in assuring that any property owner in the state—especially in city core areas—can be insured.

## Charges Dismissed

BUFFALO, N.Y. (AP) — A City Court Judge has dismissed first degree manslaughter charges against 84-year-old George Bobo because the Judge said the prosecution lacked sufficient evidence to support them.

City Court Judge Joseph S. Mattina granted the dismissal on a motion by defense council that referred to a revised penal code provision that justified the use of physical force in self defense in the face of imminent deadly force.

Police arrested Bobo Sunday and said he killed Mosely McRae, 56, with a blast from a 16-gauge shotgun.

# Public Hearing On Onteora School Budget

The public hearing for the 1968-69 budget of the Onteora Central Schools will be held Tuesday, April 23, at 8 p. m. in the Onteora High School at Boiceville.

Various sections of the budget will be read and explained by members of the Onteora school board, as follows:

Board of education and central administration, Douglas Gross; instruction and adult education, Mrs. Caroline Hanks and Jack Kahn; transportation, Herbert R. Shultis Jr.

Operation and maintenance of plants, Charles Newcomb; undistributed expenses and employee benefits, Charles H. Weidner; debt service and interfund transfers, Patrick Dodge.

An overview of the budget will be presented by Dr. Harold Snyder superintendent of the Onteora Central Schools.

# Planes May 'Water Bomb' Bay State Fires

BOSTON (AP) — The use of airplanes to "water bomb" two serious forest fires in western Massachusetts was under consideration today as continuing dry weather increased the danger of woods fires.

The State Department of Natural Resources said Commissioner Robert L. Yasi discussed the use of planes with acting Gov. Francis W. Sargent but no decision was announced.

At Rowe, in the northwestern corner of the state, 200 men with portable pumps and shovels labored overnight to contain a fire that blackened more than 400 acres of Eagle and Negus mountains.

The Natural Resources Department said 159 fires were reported across the state Wednesday. Other than burned woodland, there were no reports of property damage.

# State Approves Series of Hikes On Fire Cover

NEW YORK (AP) — The State Insurance Department says it has approved a series of rate increases, ranging from 1 to 4 per cent, in another attempt to guarantee fire insurance in high-risk neighborhoods.

Among the increases, revealed Wednesday, is a rise of 1 per cent in the rate on extended coverage policies on homes and apartments.

Policies for extended coverage include damage from civil commotions, riots attending labor strikes, wind storms, explosions, hail and smoke.

The department increased the rate of fire and extended coverage policies on all other buildings—except farm properties—by 4 per cent in New York City and in the Counties of Nassua, Suffolk, Westchester, Albany, Erie, Monroe, Oneida and Onondaga.

The department said that in the rest of the state the fire and extended coverage rate on all but private dwellings and farm properties was increased by 2 per cent.

The increases, requested by the New York Fire Rating Organization which has more than 200 members, will take effect May 1.

Earlier this year, after a statewide study showed that fire and extended coverage insurance was almost unavailable in slum areas of the state, the insurance department recommended that a mandatory coverage pool be established.

Such a pool was approved later by the Legislature and Gov. Nelson A. Rockefeller signed the legislation on April 8. The new law will become effective Sept. 1.

A spokesman for the insurance department said Wednesday that the new rates are a further step in assuring that any property owner in the state—especially in city core areas—can be insured.

**Plan Open House**

The Rosendale Library will hold open house Wednesday from 2 to 5 and 7 to 9 p. m. In addition to Book Week the event will mark the 10th anniversary of the library.

The public may attend to tour the library and become acquainted with services and facilities. Mrs. Helen Netter, a library consultant, will be present in the afternoon. Refreshments will be served.

## Temple Emanuel

The Rev. Philip N. Sanders Jr., pastor of the New Central Baptist Church, will be guest preacher at the concluding Passover Sabbath family service in Temple Emanuel, Friday, 7:30 p.m. The New Central Church choir will sing and the congregation will be guests. The Rev. Mr. Sanders' sermon will be on The Memorial of the Redemption by Blood.

During memorial services the memories of the following will be invoked. Jacob Marblestone, Alvin Marblestone, Mason Millens, Joseph Block, Henry Markson, Louis Simon and Harris Brown.

Following the service an Oneg Shabbat will be sponsored by the Temple Sisterhood, assisted by the Temple Brotherhood, in honor of Passover season.

Passover Yizkor services will be held Saturday 10 a.m. Rabbi Jonathan Eichhorn's sermon will be entitled The Greater Vision.

Temple Brotherhood will have a bagels and lox brunch Sunday 10 a.m. Special program will be Kingston Race Relations—1968. Guest speakers will be Everette Hodge and Irving Bell.

Rabbi Eichhorn will begin a six session adult study course, Justice and Judaism, Tuesday 8 p.m. The course will deal with Jewish ethical values as they pertain to contemporary social issues. The public may attend.

The annual congregational meeting will be held after Sabbath services Friday, April 26. Annual reports will be given and officers elected.

## Ahavath Israel

Religious services at Congregation Ahavath Israel, a Conservative Congregation, at 100 Lucas Avenue, will be held this week for the concluding days of the Passover festival. During the week services will be held every day at 7 a.m. and at 7 p.m.

The last two days of Passover are tonight, Friday and Saturday. Services will begin today 6:30 p.m., Friday and Saturday services will be held at 9:30 a.m. and 6:30 p.m. Memorial, or Yizkor, services will be held Saturday 11 a.m.

Rabbi Harry Z. Schectman, the spiritual leader of the congregation, assisted by Cantor L. Larry Jacobs and Ephraim Propp, will conduct the memorial service. Children's services will be held every morning of the holiday at 11 a.m. in the Children's Chapel.

The USY, the youth organization of the congregation, will hold its regular meeting and social this Sunday at 7 p.m. in the youth lounge.

The Sisterhood of the congregation will hold a four day bazaar in the auditorium of the synagogue building beginning Sunday, April 21, at 1 p.m., and ending Wednesday, April 24.

The Talmud Torah will again resume classes in Hebrew and Jewish religious subjects on regular schedule beginning Monday, April 22. The Post-Bar Mitzvah class will meet Tuesday as per schedule.

# Explorer Scouts Guests at Rotary

Exploring, scouting's program for high school age boys, was outlined before Kingston Rotary Club luncheon-meeting Wednesday by Explorers Thomas Gallagher, medical post; Kevin Crosby, IBM post; Garry Murdock, Bell Telephone post.

The three Explorer Scouts, were introduced by Scout Executive Alex MacDonald, described phases of activities in their classifications. In presenting the Explorers, the scout executive gave a brief background review of scouting and its progress. Today, there are four million active scouts, ages 8 to 17, participating in scout activities. There are 3,500 scouts in the Ulster-Greene Boy Scout Council.

The following have been elected to membership in Kingston Rotary: John D. Dixon, controller at IBM; John Breithaupt, special activities manager at IBM; Robert C. Schantz, production control analyst at IBM, and Mario M. Scavuzzo, professional engineer.

## *Today In History*

BY THE ASSOCIATED PRESS

Today is Thursday, April 18 the 109th day of 1968. There are 257 days left in the year.

Today's highlights in history:

On this date in 1775, Paul Revere made his famous midnight ride from Charlestown to Lexington to warn: "The British are coming."

On this date—

In 1644, some 300 colonists were killed in the second Indian massacre in Virginia.

In 1906, San Francisco was struck by a violent earthquake. The quake and fires destroyed half the city and left nearly 500 persons dead.

In 1944, U.S. warplanes under Lt. Gen. James Doolittle made the first strikes against Tokyo and other cities in Japan.

In 1945, the war correspondent, Ernie Pyle, was killed in the Ryukyu Islands.

In 1946, the League of Nations met for the last time and turned its assets over to the United Nations.

In 1955, delegates of 29 nations opened an Asian-African conference in Bandung, Indonesia.

Ten years ago — 40 persons were killed while scrapping the bulk of a suken World War II U.S. munitions ship off Okinawa.

Five years ago — Jose Miro Cardona resigned as head of a Cuban exile organization and denounced the Kennedy Administration's Cuban policy.

One year ago — South Vietnam proposed a withdrawal of military forces from the demilitarized zone, and the United States voiced approval.

Sixteen bombers participated in Doolittle's air raid over Japan in April, 1942.

## *Rosendale-Tillson*
## Variety Show To Aid Heart

A one and one-half hour variety stage show will be presented on the stage of the Tillson School auditorium Saturday, May 4, at 8 p. m. Doors will open at 7:30 for the public, and tickets may be purchased in advance or at the door.

Featured on the show will be talent from various areas of Ulster County, as well as some from Tillson. Local entertainers scheduled to appear on the show will be Miss Laurie Barringer of Tillson, jazz dancer and singer; from Rosendale, Pete Matthews, banjoist and vocalist, and Frank Negro of Tillson, accordionist.

The show, according to Hollis E. Harvey, director, is for the benefit of the 1968 Heart Fund Campaign.

Also scheduled to appear on the show will be musical, dance, comedy and vocal acts, featuring Robert Tremper, comedian; the Wayside Singers; members of the Barbershop Quartet singers of Kingston; Collegiates of Kingston, and Mike Schovel, soft shoe dancer and comedian of Saugerties.

The public may attend this entertaining show. Volunteer workers of the Mid-Hudson Heart Association will be selling tickets.

### Cleanup Days

Town Supervisor Gerard DeFelicis announced at the April town board meeting that the Town of Rosendale will have clean up days for the first time in the town.

Clean up days will be held on Monday, Tuesday and Wednesday, April 22, 23 and 24 from 8 a. m. to 4 p. m. There will not be any particular section for the clean-up but men will canvass all streets outside of the Village of Rosendale. This will be done with the cooperation of Town Superintendent of Highways George Bockelman.

### Short Advice

NELSONVILLE, Ohio (AP) — The Nelsonville Mothers Association apparently isn't hip to the hippie movement.

It sponsored a billboard alongside U.S. Highway 33 on which is pictured a young man with long flowing hair. A caption reads:

"Beautify America. Cut Your Hair."

### Legion Dance

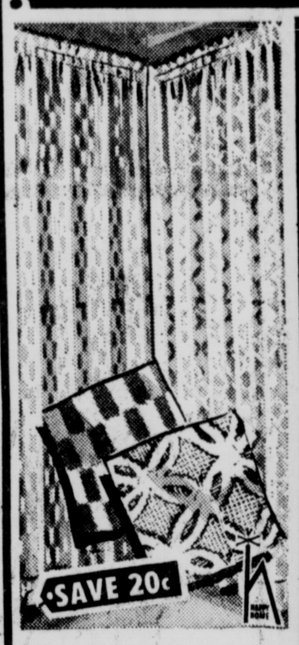

A Roaring 20's dance will be held at the Rosendale-Tillson Post 1219, American Legion, Tillson Saturday 8 p. m. Legionnaires and their guests may attend. Awards will be given for the best costumes. Music will be furnished by the Skylarks Orchestra. Refreshments will be served.

Featured on the show will be talent from various areas of Ulster County, as well as some from Tillson. Local entertainers scheduled to appear on the show will be Miss Laurie Barringer of Tillson, jazz dancer and singer; from Rosendale, Pete Matthews, banjoist and vocalist, and Frank Negro of Tillson, accordionist.

The show, according to Hollis E. Harvey, director, is for the benefit of the 1968 Heart Fund Campaign.

Also scheduled to appear on the show will be musical, dance, comedy and vocal acts, featuring Robert Tremper, comedian; the Wayside Singers; members of the Barbershop Quartet singers of Kingston; Collegiates of Kingston, and Mike Schovel, soft shoe dancer and comedian of Saugerties.

The public may attend this entertaining show. Volunteer workers of the Mid-Hudson Heart Association will be selling tickets.

### Cleanup Days

Town Supervisor Gerard DeFelicis announced at the April town board meeting that the Town of Rosendale will have clean up days for the first time in the town.

Clean up days will be held on Monday, Tuesday and Wednesday, April 22, 23 and 24 from 8 a. m. to 4 p. m. There will not be any particular section for the clean-up but men will canvass all streets outside of the Village of Rosendale. This will be done with the cooperation of Town Superintendent of Highways George Bockelman.

### Short Advice

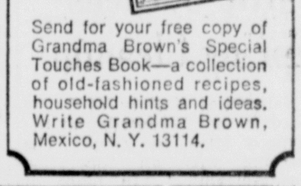

NELSONVILLE, Ohio (AP) — The Nelsonville Mothers Association apparently isn't hip to the hippie movement.

It sponsored a billboard alongside U.S. Highway 33 on which is pictured a young man with long flowing hair. A caption reads:

"Beautify America. Cut Your Hair."

### Legion Dance

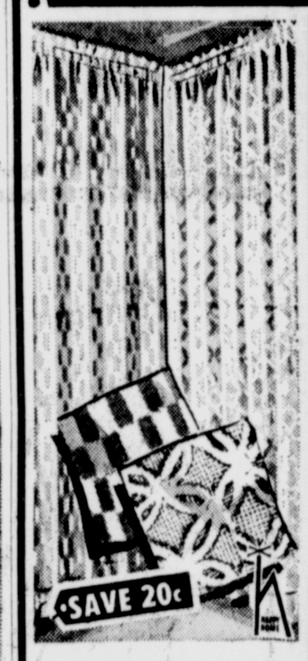

A Roaring 20's dance will be held at the Rosendale-Tillson Post 1219, American Legion, Tillson Saturday 8 p. m. Legionnaires and their guests may attend. Awards will be given for the best costumes. Music will be furnished by the Skylarks Orchestra. Refreshments will be served.

## Area Church Appeal On For Clothing

The annual spring clothing appeal sponsored by the Saugerties Area Council of Churches is underway and clothing may be brought to the churches of the Saugerties area any time prior to Monday, May 6.

The clothing will be shipped to the Church World Service Center at New Windsor, Md., where it is sorted and processed for shipping to points of need in our country and throughout the world.

Children's clothing is always an urgent need as well as blankets, men's work clothing, and other usable clothing for all ages. Persons contributing are asked to put their clothing in sturdy cardboard boxes or cloth bags so that in handling the clothing will not become soiled.

The Saugerties Area Council of Churches cooperates with Church World Service in gathering this clothing at each of the churches. Each church acts as a depot until time for shipment arrives when the clothing is sent to the Reformed Church of Saugerties where a truck from Church World Services collects it and delivers the clothing to Maryland.

## Little Gardens Spring Cleanup

Saugerties Society of Little Gardens met Wednesday at the home of Miss Jane Ziegler. The meeting was an "operation spring-cleanup." In place of the usual business meeting and program, the members formed several groups and went to various locations in the village to rake, pull weeds, clean up trash and plant seeds.

The places cleaned were the large circular flower bed at the Main Street School, the entrance signs to the village on Barclay Heights and Malden Avenue, and the park on Partition Street. The club members have planted these locations for over a period of several years with tulips perennials, and annuals. They are also cared for during the summer months by the Club.

Saugerties is a Garden Club town, which urges remembering "outdoor manners" and "stash the trash.' If you pick up a couple of pieces of someone's litter, the village of Saugerties will be better for your having passed that way, it suggests.

The members returned to the home of Miss Ziegler for refreshments and a short business meeting conducted by the president, Mrs. Frank Greco.

The next meeting will be held at the home of Mrs. Greco on April 24. The members are reminded to bring an article or plant for the silent auction to be held during this meeting.

## Lt. Col. Hunter Speaks on Viet

Lt. Col. Joseph Hunter of the United States Marine Corps was guest speaker Monday at a meeting of Saugerties Lions Club.

The son of the club secretary, Wellington Hunter, he spoke concerning the Vietnam conflict.

### Film Series

The Olive-Shokan Baptist Church, West Shokan, will present four missionary films tonight through Sunday at 7 o'clock each evening.

Schedule will be Thursday, Joao da Cruz, Flame in the Backlands; Friday, Something to Die For; Saturday, The Paul Carlson Story and Sunday, World's Fair Encounter.

The public may attend all programs.

### Dinner Meeting

The West Saugerties Community Club met at Frank and Anna Yakin's house for a meeting Monday night April 8 with Angeline Richards presiding.

Mrs. Yakin prepared a meat loaf and ham buffet.

As soon as weather permits, the members will again meet at the hall in West Saugerties.

Next refreshment committee will be Lillian Compitello and Mrs. Harold Wilfert.

## Vietnam Subject Of Lions Club

A discussion of the perplexing situation in Vietnam was analyzed at the weekly Saugerties Lions Club dinner by guest speaker Lt. Col. Maurice Hunter of the U. S. Marine Corps.

Col. Hunter, introduced by his father, Lion treasurer, Wellington Hunter, delivered an address at the Monday meeting in which the general subject of the United States involvement in Vietnam was explained with emphasis on how the United States became involved, the actual progress since American involvement, and the prospect of settlement of the conflict.

King Lion Kenneth Harder reported progress of the Lions Club Golf invitational for business and professional men of the Saugerties-Kingston area, which will be held at the new Sawyerkill Golf Course. Serving with Harder are treasurer, Wellington Hunter, past president Hugo Knauert, and Lion tamer, Irving Dreishpoon.

Past District Governor, William Stall of Kingston, was a guest of the local club and was invited again to conduct the installation service for the new officers to be held in June.

Welcomed back to the club after a leave of absence was Lion Glen Teetsell.

Delegates to the annual Lions club convention to be held in May are Lions Harder, Knauert, Brinnier and Hunter.

## Happy Bluebirds Have a Party

The Happy Bluebirds, a Saugerties Campfire Girls group, held a recent meeting at which they celebrated Easter with a party and an egg hunt.

Gregory Buono provided a drum accompaniment for the girls who danced.

The girls took home an Easter present for their parents.

The next Bluebird meeting project will be growing flowers from seeds.

## Reformed Church Considers New Fellowship Group

Consideration of the formation of an adult fellowship group for the Reformed Church of Saugerties will be given at a meeting of the congregation's representatives Tuesday, April 23 at 8 p.m. at the parsonage.

Coordinating the new group are Mrs. Arthur Korff, George A. Turner Jr., Lloyd Loop. Interested persons are invited.

The members of the board of directors of the Community Day Nursery School at the Reformed Church together with the parents of children enrolled will have a meeting on Tuesday, April 23, at 8 p. m. in the chapel.

The Consistory will meet Wednesday, April 24, at 7:30 p.m. at the home of LeRoy Donaldson in High Woods.

Delegates from the church to the Saugerties Area Council of Churches will meet for the monthly meeting of the council at the Malden Methodist Church at 6 p.m. Monday, April 22.

# Woodstock Playhouse Offering The Homecoming Friday Night

Hudson Valley Repertory Theatre will open its second production of the season Friday, Harold Pinter's dramatic comedy The Homecoming, at Woodstock Playhouse, which will come directly to the Hudson Valley from its most successful Broadway run.

The Homecoming, when it opened in New York, was a subject of great controversy and the New York Times was flooded with letters and articles about the play's comic and dramatic content and its meaning. It was also a hit in London. It is penned by one of our most applauded contemporary playwrights, Harold Pinter.

The Homecoming is a new kind of play and a new kind of theatre. Pinter has written a modern comedy of manners. He has taken a situation fraught with dark implications and handled it with incredible comic genius. No better world is sought or denied; only the world of the play is presented. Pinter is not a protest writer nor is he of the generation of angry young men of England. He is more like a "purist" and writes "pure" theatre.

In The Homecoming, a young professor brings his wife of a few years home to London to meet his family, father, uncle, and two brothers, four men from whose lives all true feminine influence has fled years ago—if it ever did exist for them. Teddy, the returning son, is played by John Swearingen, his wife Ruth, by Tanny McDonald, Mas, his father, is played by Edward Holmes, his Uncle Sam, by Tony Kraber. Teddy's two brothers Lennie and Joey are played by William Metzo and William B. Ade. The play is directed by Harold Baldridge, with scenery by Richard Burns and lighting by Dan Butt.

Hudson Valley Repertory Theatre opened it season on April 12 with the Pulitzer Prize-winning Long Day's Journey Into Night which will be presented in repertory with The Homecoming. Long Day's Journey may still be seen on April 21, April 27, and May 10. The Homecoming will be performed on April 19, 20, 26, 28, May 5, and 11.

Both of these productions previewed to student matinees at The Woodstock Playhouse and, in fact, approximately 5,000 school students will see productions of this new professional repertory company in Woodstock.

Following the opening of The Homecoming on April 19 will be She Stoops to Conquer, opening on May 3, and Death of a Salesman, opening May 17.

An exciting spring season is in the making for theatre-lovers at The Woodstock Playhouse with its two new heating plants and renovations which have been made to accommodate this new company.

The box office is open daily and season tickets are now on sale. For reservations and information write P. O. Box 268, Woodstock.

the HUDSON VALLEY REPERTORY THEATRE inc.

DID YOU MISS HER IN 1962 AND 1964?
WHO ARE YOU GOING TO MISS IN 1968?

This is ESTELLE PARSONS. As most of you know, she has just won stardom's most coveted award, Hollywood's OSCAR, for her role in BONNIE and CLYDE. She is starring now on Broadway in Tennessee Williams' "The Seven Descents of Myrtle"

Estelle Parsons was a resident actress at The Woodstock Playhouse in 1962 and in 1964. She will be remembered for her marvellous portrayal of Mrs. Peachum in "The Threepenny Opera" Eliza Doolittle in "My Fair Lady" and Jenny in the revival of "The Threepenny Opera". As they say in our trade, Estelle is now "at the top of the pile". We were proud of her when she was here ..... and we are proud now that she was here!

The HUDSON VALLEY REPERTORY THEATRE, this past week, opened its 1968 Spring Season with Eugene O'Neill's LONG DAY'S JOURNEY INTO NIGHT which has been acclaimed as a first-class professional production.

This Friday and Saturday you can see the opening of a Broadway smash hit! Harold Pinter's THE HOMECOMING, in its first release from Broadway, is a wonderful opportunity for local theatre patrons. It is a funny show! It is an engrossing show! It is a tantalizing example of "new theatre" from one of our most gifted playwrights! No more controversial play has come along since Albee's "Who's Afraid of Virginia Woolf?"

Don't miss the opportunity to see the best in professional live theatre when it's right in your own back yard! Don't wait for the 1968 and 1970 Academy Awards. Come on over to the centrally heated Woodstock Playhouse and sit down to the pleasure that only live professional theatre can give you.

*We are proud of the professional people who are with us this season!*

the HUDSON VALLEY REPERTORY THEATRE inc.

DID YOU MISS HER IN 1962 AND 1964?
WHO ARE YOU GOING TO MISS IN 1968?

This is ESTELLE PARSONS. As most of you know, she has just won stardom's most coveted award, Hollywood's OSCAR, for her role in BONNIE and CLYDE. She is starring now on Broadway in Tennessee Williams' "The Seven Descents of Myrtle"

Estelle Parsons was a resident actress at The Woodstock Playhouse in 1962 and in 1964. She will be remembered for her marvellous portrayal of Mrs. Peachum in "The Threepenny Opera" Eliza Doolittle in "My Fair Lady" and Jenny in the revival of "The Threepenny Opera". As they say in our trade, Estelle is now "at the top of the pile". We were proud of her when she was here . . . . . and we are proud now that she was here!

The HUDSON VALLEY REPERTORY THEATRE, this past week, opened its 1968 Spring Season with Eugene O'Neill's LONG DAY'S JOURNEY INTO NIGHT which has been acclaimed as a first-class professional production.

This Friday and Saturday you can see the opening of a Broadway smash hit! Harold Pinter's THE HOMECOMING, in its first release from Broadway, is a wonderful opportunity for local theatre patrons. It is a funny show! It is an engrossing show! It is a tantalizing example of "new theatre" from one of our most gifted playwrights! No more controversial play has come along since Albee's "Who's Afraid of Virginia Woolf?"

Don't miss the opportunity to see the best in professional live theatre when it's right in your own back yard! Don't wait for the 1968 and 1970 Academy Awards. Come on over to the centrally heated Woodstock Playhouse and sit down to the pleasure that only live professional theatre can give you.

*We are proud of the professional people who are with us this season!*

## Housing, Planning, People

# 2-Day Action Sessions at Paltz

The Ulster County Community Action Committee announced that at its Friday and Saturday conference on Housing, Planning, and People at the State University at New Paltz, Professor George Raymond of the Pratt Institute Center for Community improvement and Raymond and May, Planning Consultants, will be leading a panel of speakers from the local community and the field of planning.

Among the local speakers will be Charles Locke, director, Farmers Home Administration; Ralph Marello, Relocation Director for the Kingston Urban Renewal Agency; James Hanson, of the 10th Ward Neighborhood Action Group; Herbert Hekler, Executive Director of the Ulster County Planning Board; Roy Madgwick, Associate Director of Planning, Mid-Hudson Pattern for Progress, Inc.; Mrs. Carole Collins, chairman of the Ulster County Community Action Committee Housing Subcommittee and James DeGuire, Dutchess County Committee for Economic Opportunity, Poughkeepsie.

Also among representatives from the field of planning will be Ronald Shiffman, assistant director, Pratt Institute Center for Community Improvement, Charles Wilson, Consultant with the New York State Rehabilitation Commission, Nat Parrish, also of Raymond and May and Perry Sashkin, Office of Planning Coordination, New York.

The program will deal with such subjects as: Rural Development and Housing; Housing and Urban Renewal; Code Enforcement and Private Housing Efforts; Comprehensive Planning and Zoning; Recreation, Health and Other Community Facilities; Coordination of Public and Private Effort; and Job Development and Economic Growth as a Part of Planning. The goal of the workshops is to provide sufficient technical and program information to enable non-professionals to participate meaningfully in policy decisions affecting their communities in the areas of housing, community development and economic development.

The programs will be conducted in the Coykendall Science Building Auditorium between the hours of 3 p.m. and 9 p.m. (dinner included) on April 19, and from 10 a.m. to 5 p.m. April 20 (with luncheon provided). A registration donation is requested to cover the cost of meals.

Anyone interested in participating in the workshop conference should contact the Ulster County Community Action Committee, Inc. in Kingston.

# Australian Visitors

Six young Australian businessmen and their Rotary Club advisor will arrive at Kennedy Airport from Queensland, Australia, Friday as part of the Group Study Exchange Program sponsored by Rotary International between Rotary Districts 255 of Australia and District 721 in the Hudson Valley.

They will be greeted at the airport about 8 a.m. this Friday by Rotary District 721 Governor William Nichols and his Rotaryann, Susan, of Hyde Park; next year's Governor, Samuel Gilner of Nanuet; and the chairman of this Group Study Exchange, Walter S. VanWagenen of Woodstock; and other Rotary dignitaries. From the airport they will be taken directly to the Pines Hotel, South Fallsburgh, where they will spend four days participating in the annual Rotary District 721 conference to be held there.

An itinerary for all counties to visit during their nine-week stay in the area has been completed. The first county to be toured is Sullivan, which includes the towns of Liberty, Monticello, Livingston Manor, and Port Jervis. Charles Topper of Liberty will guide the group on this tour, beginning on Tuesday afternoon, April 23.

Names and occupations of the Australian visitors are Barnard Scanlon, Rotary Advisor, Cloncurry; John Compton, experimentalist in agriculture and agrostology, Chartors Towers; Graene McNee, dentist, Prosorpine; Desmond Winberley, teacher, Gladstone; George Chapman, surveyor, Cairns; Peter Forrest law clerk, Longreach; and Derek Miller, mining and metallurgical engineer, Mt. Isa.

# Historical Group Exhibits Rare, Valuable Art Items

One hundred and nine years ago the Ulster County Historical Society was founded by a small group interested in research of their county's history. It was disbanded during the Civil War but later in the century was reactivated by the late Judge G. D. B. Hasbrouck. Today it is an active organization with a membership of over 300 persons drawn from the county and nation. The latter descended from families which originated here and continue an interest in their former hometown.

The organization maintains its headquarters in the Bevier House at Marbletown, a gift from the Bevier family. During the past several years the house has been renovated, redecorated and largely refurnished and contains many rare and valuable pieces of furniture, both outright gifts and loans, as well as interesting portraits of former Ulster County residents. It collection of handcrafted farm and household implements is outstanding as is its collection of stone ware, china and artifacts too numerous to mention. In short it is well on the way to being a museum of which the county may well be proud.

During the past year donations from 20 persons have been received ranging from old deeds and manuscripts, a wedding dress, china, paintings and other items of interest. All gifts together with names of donors and descriptions of items given by the donors are entered in the master files of the organization and are also listed in the Ulster County Gazette, a small brochure published quarterly by the society and sent to all members.

Recently the society has received several interesting paintings to be hung in the small art gallery to be opened this season. Of special interest to Kingston people is an oil portrait of Peter Cornell and an oil portrait of his son, Thomas Cornell, a prominent businessman of his day, who organized and was president of the First National Bank of Rondout, owner of Wallkill Valley Railroad, of the Ulster and Delaware system, and the Cornell Steamboat Company.

There is also a large oil painting of the three children of G. D. Hasbrouck of Stone Ridge, painted in 1840 by Francisco Annelli. Another painting is of Daniel Dodge Brodhead who was a great, great, great grandson of Capt. David Brodhead who came to Kingston in 1665 as commander of the English Garrison and a great grandson of Capt. Dan Brodhead born in Marbletown in 1639. Also there are two portraits by John Vanderlyn the younger of Mr. and Mrs. William Winne of Kingston.

Beside the portraits the society has recently received an oil painting of pink roses by the late artist Julia Dillon of Kingston, well known nationally and abroad as a painter of flowers. Also donated to the society are two paintings of the Hudson River School. One, a woodland scene is called "In the Catskills" and is signed by Asher Brown Durand (1794-1886), a well known painter of his day. The other, a meadow landscape in muted tones, is thought by experts to have been done by John W. Casilear, a pupil of Durand and member of the Hudson River Group.

After the middle of June the Headquarters House will be open to the public, the date to be announced. The society urges residents of Ulster County as well as visitors to take advantage of this opportunity to see and study the interesting possessions of the past in a museum growing in scope and value. Perhaps too few people will realize that it is an excellent place in which to preserve family possessions not suitable for modern use where they may be enjoyed and preserved.

# Mental Health Unit Invites Legislators

Inner workings and scope of the Ulster County Association for Mental Health will be explained to county legislatures at a dinner meeting of the association Thursday, April 25.

The program, to which members and friends of the association have been invited also, will be held at The Hedges Restaurant, West Park, at 7 p.m. Reservations may be made at the Mental Health office, 27 East O'Reilly Street, Kingston, by April 19.

The annual meeting of the association with election of officers and directors will be held. Speakers from the Ulster County Mental Health Board and the Mental Health Association will detail the functions of their organizations. Dr. Emeline Place Hayward, director of the county Mental Health Center and members of her staff will tell of present and future activities. A question and answer period will be held, concluding at 9:30 p.m.

Plans for the annual meeting were being made by William H. van Benschoten, president, at the time of his recent sudden death. Dr. Frederic W. Holcomb Jr., vice-president of the association, said today that the meeting was a continuation of van Benschoter's untiring efforts to familiarize authorities with the Ulster County mental health program.

# Man-in-Street on Uptown Garage

By HUGH REYNOLDS

The question was, "What do you think about the proposed parking garage at the old Montgomery Ward building?" The answers ranged from enthusiastic support to outright opposition.

**Uptown Check Points**

The Freeman conducted another of its man in the street interviews, this time in the Wall Street, North Front Street section of Uptown Kingston.

The parking garage will be built by the Kingston Urban Renewal Agency on North Front Street where the Montgomery Ward building currently stands. The Ward building will be demolished and a 425 car, two-story garage constructed. Work is expected to begin this summer with the acquisition of the land.

A woman standing in front of a liquor store on North Front Street thought the parking garage was "a good idea" but said she'd rather see apartment houses or office buildings on the site. She noted there were two parking lots in the North Front-Wall Street area and felt these were sufficient.

**Notes Serious Lack**

Harry Breitenbach, store manager at Shults Paints on North Front, supported the garage plan, adding that he felt there was a serious lack of parking in Uptown Kingston.

Mrs. Maria Olsson, store manager at the Fanny Farmer Candy Shop on the corner of Wall and North Front was perhaps the most enthusiastic supporter of the garage.

"Fanny Farmer likes it very much," she told The Freeman. Mrs. Olsson added that she received a lot of complaints about the lack of parking in that area of town.

**Doubts About Start**

John Walsh, manager at the Singer Sewing Center on Wall, felt it was a good idea to build a parking garage but had some doubts as to when it would be built. "It'll help if they ever get around to it," he said. Walsh felt that Uptown Kingston should receive special attention from the city as it is "the biggest tax dollar section of the city."

Stuart S. Randall, over at the Safford and Scudder Jewelry store on Wall Street, said he was in favor of the parking garage and had signed a petition, along with numerous other Uptown businessmen attesting to his support.

**Not All in Favor**

Not everyone was in favor of the parking garage. J. Martin Zwilling, owner of an antique shop on North Front Street, was opposed to the parking garage. Zwilling said the original urban renewal plan which would have created parking spaces behind the stores on North Front Street was the best one.

He wanted all the stores, from Montgomery Wards to Shapiro's, his own included, torn down. Zwilling is on the urban renewal agency's rehabilitation list and says he'd rather sell than rebuild.

**Consensus: A Boon**

The consensus of opinion is that the parking garage will be a boon to Uptown business in Kingston and is long overdue.

EDWARD CLINE

## Named Governor Of Local Moose

At a recent meeting of Kingston Lodge, 970, Loyal Order of Moose, Edward W. Cline of 73 Greenkill Avenue was elected governor for the coming year.

Other officers include Leonard Throneburg, junior governor; Walter Middaugh, prelate; Louis P. Lambiase, treasurer and John C. Thomas, three-year trustee.

Richard J. Peters will serve as junior past governor. Delegates to the national convention and New York State Conclave were also named. A sergeant-at-arms and inside, outside guard will be named by Cline along with chairmen of various committees.

Installation of the new officers will take place Sunday at 4 p.m. at the Moose Hall, 82 Prince Street.

# Saugerties Town Funds, C of C Topic

Members of Saugerties Area Chamber of Commerce Tuesday night were given a firsthand report on the investment of surplus town funds by Supervisor A. Michael Schovel and his two advisors attending the meeting held in Saugerties Savings Bank meeting rooms.

At the March session of the Chamber the matter of investing the town's funds in treasury bills by the supervisor was discussed at great length. At that time it was agreed to have the supervisor, his advisers and a representative of Saugerties National Bank and Trust Company at the next meeting to explain what has caused considerable controversy in the community. Tuesday night the supervisor and his advisers, Terrence Martin and Robert Gardner attended. However, no representative of the bank was in attendance to explain accusations made at the March session.

**Doing His Best**

Supervisor Schovel said he was doing what he thought was best for the town and that his actions in regard to town funds were approved by the State Board of Audit and Control. He said the town was only getting 3½ per cent interest on its funds in interest bearing accounts, and that he asked 4½.

The treasury bills amounting to about $65,000 of surplus funds were purchased through the bank and the bank got a commission for the purchase, Schovel said. The treasury bills will earn from 5 to 5½ per cent interest for the town.

Gardner in a prepared statement said three-fourths of the town's money is still on deposit at the bank. He noted that in 1966 never less than $110,000 of town funds was on deposit in non-interest accounts. Gardner said other banks in the county were paying 4½ per cent interest to towns. However the Saugerties bank was only paying 4 per cent. He said that by the end of the year the town expects to net from $4,000 to $5,000 in interest on its investments. Many questions were asked of Schovel and Gardner from the floor.

Chamber President Albert V. Conte said that he was glad the supervisor and his advisers attended to clarify the situation and that he and the Chamber members now had a better understanding of what the supervisor was trying to do for the township.

The second reading and unanimous approval of an amendment to the by-laws now permits acceptance of associate members at $5 per year dues. Membership is open to those not actively engaged in business or profession owned or controlled by that person.

**Back Game Club**

The membership signified its support of a campaign to defeat gun registration legislation in Albany sponsored by Saugerties Fish and Game Club.

President Conte reported he attended Saugerties Village Board meeting and offered the cooperation of the Chamber in the spring cleanup campaign. He noted that he had contacted one Kingston property owner of a building and lot on Partition Street and had been advised that the place would be cleaned up.

Joseph Bosco Jr., scored the accent place on decay in the village and township most frequently heard during the election campaigns. He said there has been enormous growth in both town and village and said many new businesses have been started there in the past 5 and 10 years and many of the merchants have done remodeling of their establishments. He said this should be stressed to improve the business climate of Saugerties. His talk sparked a general discussion on the subject and it was decided to form a Growth Study Committee to delve into these facts and issue a report. He asked for Herbert G. Lachmann and Albert J. Cawein to serve on the committee with him. Executive Secretary Alfred R. MacMullen was absent due to illness. Lackmann served as secretary pro-tem.

## Chapel Choir of Hope College Will Appear Here on Sunday, Apr. 21st

Dr. Robert Cavanaugh, director, will be appearing at The Fair Street Reformed Church with members of the famed Chapel Choir of Hope College, Holland, Mich., Sunday, Apr. 21, at 8 p. m. The only choir ever to return for a second appearance at The Radio City Music Hall Easter Dawn Service, the Hope College Choir wil, again be present at the service this year.

A regular visitor to this area, the choir has returned every second year since 1962 as it has made its Eastern Spring Concert Tour. On alternating years it has toured the western states.

Appearing in the choir are several students who come from area communities: Peter Walther and Robert Terwilliger from Wallkill; Margaret Lenel of Rensselaer; and James Cronk from Prattsville.

The 64 voice choir under the direction of Dr. Cavanaugh, will present music by such outstanding composers as Lassus, Vulpius, Gretchaninoff, Kopolyoff, Berger, Poulenc, Peeters, Thomas Canning, Leo Sowerby, Inch, and others. For the second time, the choir will include a group of Negro spirituals in the program.

DR. ROBERT CAVANAUGH
(Hope College photo)

The Hope College Choir made its debut in 1929, organized by the late professor W. Curtis Snow. In 1940 Dr. Cavanaugh was appointed its director, and under his leadership it has taken the proud place among the finest college choirs of the nation. More than a musical organization, it provides the opportunity for college students from all over the country to join their voices in singing some of the greatest sacred music ever composed, besides offering its members the opportunity to travel from coast-to-coast and to a number of foreign countries. The Choir has made five full-length LP recordings.

Dr. Cavanaugh, a native of Milwaukee, received his undergraduate training at The University of Wisconsin. He later studied at the American Conservatory of Music in Chicago under Theodore Harrison and Leo Sowerby. He received his doctorate in musicology in 1953.

Women of the Seeley Circle of the Guild, will be serving the choir their evening meal and packing sack lunches for the choir as its members return to Michigan by bus after the concert.

Invitations have been extended to all area Roman Catholic, Orthodox and Protestant youth groups, to attend the concert. Immediately after the program, refreshments will be served in the Parish Room of the Church.

## Mystic Court Has Installation Here

A public ceremony of the uncrowning of the outgoing royal matron, Lillian Boice, and the coronation of the new royal matron, Helene Edwards, and installation of officers was held by Mystic Court, Order of Amaranth, No. 62, recently at the Masonic Temple.

A degree, "In Your Easter Bonnet," was conferred on the outgoing matron by the officers. A bouquet of red roses was presented to Lillian Boice and a gift was given to the outgoing patron, Lemuel Boice.

The installation of elected and appointed officers for the year 1968-69 was held, with Lemuel Boice as installing officer; Christine Brewster, installing marshal; Swan Brewster, assistant marshal; Elsie Kent as prelate, and Shirley Pendell as musician.

The following officers were installed: Royal matron, Helene Edwards; royal patron, Gordon Kent; associate matron, Mabel Hall, associate patron, Arthur Aldridge; secretary, Bessie Freer; treasurer, Vivian Nixdorf; conductress, Beverly Reese; associate conductress, Harriette Lent; marshal-in-east, Gertrude Gifford; marshal-in-west, Anna Hoffman; standard-bearer, Mary Diehl; prelate, Helen Reese; musician, Shirley Pendell; truth, Beatrice Engle; faith, Verna Aldridge; wisdom, Lillian Czerwinski; charity, Lillian Boyle; historian, Charlotte Teetsel; sentinel, Esther Ward; warder, Georgiana Brown.

After the installation, an impressive coronation ceremony was conferred on Helene Edwards. Those taking part were: Vivian Nixdorf, Lillian Boice, George Edwards, Charlotte Teetsel, Mabel Hall, Beatrice Engle, Lillian Czerwinski, Verna Aldridge, Lillian Boyle, Marian Radcliffe, George Radcliffe, Reinhard Hall, Julian Gifford, Fred Reynolds, Arthur Aldridge and Thur Knudsen.

A degree, "April Showers," was conferred on the new matron and patron and they were presented with flowers and gifts.

Refreshments were served and a social hour was held after the meeting. The royal matron and patron will hold open house on Sunday at the home of Mrs. Pendell, 133 Hinsdale Street.

## Catskill Glee Club Will Give Concert

The annual spring concert of the Catskill Glee Club will be presented Tuesday evening, May 28, at the First Reformed Church, Catskill. Guest artist for the evening will be Richard Anderson, baritone of New York City, who is well known in this area for his appearances with the Turneau Opera Company in Woodstock.

The Glee Club, directed by Donald S. Fellows and accompanied by Mrs. Alan Sparks, will sing a varied program including a group with narration entitled: "Happiness is—Being a Glee Clubber."

During the program, announcement will be made of the Richard C. Kennedy outstanding Glee Club award. The concert will begin at 8:15 p.m.

The club will present the following road concerts during the remainder of the season: April 22, Castleton-on-Hudson Methodist Church; April 29, Pine Plains Methodist Church; May 6, Saugerties Congregational Church; June 3, Hunter Mountain Ski Lodge for the benefit of the Methodist, Catholic and Jewish Congregations; and June 16, at the Farmers Museum in Cooperstown.

## Science Fair Held At Bennett School

A successful Science Fair and Sale was held recently at the Reginald A. Bennett School in Boiceville with the school's all-purpose room converted into a science room showcase where a record number of people viewed an array of experiments and projects in all areas of science.

Children in kindergarten through sixth grades participated in the fair by constructing or taking part in various science experiments. Merit certificates were given to each child, and special winners, selected by the faculty Science Fair committee, received awards from the Bennett P-TA.

The Science Fair Sale offered a wide variety of safe, simple, educational materials. Mrs. Edward Wiederspiel was chairman of the Fair.

In honor of Girl Scout Week, Brownie Troop 83 opened the Fair with the Pledge of Allegiance. Mrs. Edward Wiederspiel and Mrs. Robert Wailin are Brownie Scout leaders for this troop which is sponsored by the Bennett P-TA.

The following P-TA slate of candidates was announced by Mrs. Betty Lane: president, Mrs. Pat Dodge, Shokan; first vice-president, James Donlon, Ashokan; second vice-president, Mrs. James McGloughlin, Olivebridge; treasurer, Joseph Tumasian, Olivebridge; recording secretary, Mrs. Charles Woods, Shokan; and corresponding secretary, Mrs. Joseph Tumasian, Olivebridge. Nominations will be accepted from the floor at the May meeting. Serving on the nominating committee with Mrs. Lane were: Mrs. Paul Malek, Mrs. John Molloy, Mrs. James Donlon, Mrs. Bradford Kelder, Mrs. Edward Hearn, Ronald Vanni and Mrs. Pat Dodge.

## Chapel Choir of Hope College Will Appear Here on Sunday, Apr. 21st

Dr. Robert Cavanaugh, director, will be appearing at The Fair Street Reformed Church with members of the famed Chapel Choir of Hope College, Holland, Mich., Sunday, Apr. 21, at 8 p. m. The only choir ever to return for a second appearance at The Radio City Music Hall Easter Dawn Service, the Hope College Choir will again be present at the service this year.

A regular visitor to this area, the choir has returned every second year since 1962 as it has made its Eastern Spring Concert Tour. On alternating years it has toured the western states.

Appearing in the choir are several students who come from area communities: Peter Walther and Robert Terwilliger from Wallkill; Margaret Lenel of Rensselaer; and James Cronk from Prattsville.

The 64 voice choir under the direction of Dr. Cavanaugh, will present music by such outstanding composers as Lassus, Vulpius, Gretchaninoff, Kopolyoff, Berger, Poulenc, Peeters, Thomas Canning, Leo Sowerby, Inch, and others. For the second time, the choir will include a group of Negro spirituals in the program.

DR. ROBERT CAVANAUGH
(Hope College photo)

The Hope College Choir made its debut in 1929, organized by the late professor W. Curtis Snow. In 1940 Dr. Cavanaugh was appointed its director, and under his leadership it has taken the proud place among the finest college choirs of the nation. More than a musical organization, it provides the opportunity for college students from all over the country to join their voices in singing some of the greatest sacred music ever composed, besides offering its members the opportunity to travel from coast-to-coast and to a number of foreign countries. The Choir has made five full-length LP recordings.

Dr. Cavanaugh, a native of Milwaukee, received his undergraduate training at The University of Wisconsin. He later studied at the American Conservatory of Music in Chicago under Theodore Harrison and Leo Sowerby. He received his doctorate in musicology in 1953.

Women of the Seeley Circle of the Guild, will be serving the choir their evening meal and packing sack lunches for the choir as its members return to Michigan by bus after the concert.

Invitations have been extended to all area Roman Catholic, Orthodox and Protestant youth groups, to attend the concert. Immediately after the program, refreshments will be served in the Parish Room of the Church.

## Mystic Court Has Installation Here

A public ceremony of the uncrowning of the outgoing royal matron, Lillian Boice, and the coronation of the new royal matron, Helene Edwards, and installation of officers was held by Mystic Court, Order of Amaranth, No. 62, recently at the Masonic Temple.

A degree, "In Your Easter Bonnet," was conferred on the outgoing matron by the officers. A bouquet of red roses was presented to Lillian Boice and a gift was given to the outgoing patron, Lemuel Boice.

The installation of elected and appointed officers for the year 1968-69 was held, with Lemuel Boice as installing officer; Christine Brewster, installing marshal; Swan Brewster, assistant marshal; Elsie Kent as prelate, and Shirley Pendell as musician.

The following officers were installed: Royal matron, Helene Edwards; royal patron, Gordon Kent; associate matron, Mabel Hall, associate patron, Arthur Aldridge; secretary, Bessie Freer; treasurer, Vivian Nixdorf; conductress, Beverly Reese; associate conductress, Harriette Lent; marshal-in-east, Gertrude Gifford; marshal-in-west, Anna Hoffman; standard bearer, Mary Diehl; prelate, Helen Reese; musician, Shirley Pendell; truth, Beatrice Engle; faith, Verna Aldridge; wisdom, Lillian Czerwinski; charity, Lillian Boyle; historian, Charlotte Teetsel; sentinel, Esther Ward; warder, Georgiana Brown.

After the installation, an impressive coronation ceremony was conferred on Helene Edwards. Those taking part were: Vivian Nixdorf, Lillian Boice, George Edwards, Charlotte Teetsel, Mabel Hall, Beatrice Engle, Lillian Czerwinski, Verna Aldridge, Lillian Boyle, Marian Radcliffe, George Radcliffe, Reinhard Hall, Julian Gifford, Fred Reynolds, Arthur Aldridge and Thur Knudsen.

A degree, "April Showers," was conferred on the new matron and patron and they were presented with flowers and gifts.

Refreshments were served and a social hour was held after the meeting. The royal matron and patron will hold open house on Sunday at the home of Mrs. Pendell, 133 Hinsdale Street.

## Catskill Glee Club Will Give Concert

The annual spring concert of the Catskill Glee Club will be presented Tuesday evening, May 28, at the First Reformed Church, Catskill. **GAIL GILKEY,** one of the dancers under the direction of Mrs. Manjusri Sircar from India, will perform in a program to be presented at MacMillan Theater, New York City, on Saturday at 8 p. m. Miss Gilkey is finishing her freshman year at Bard College where she is majoring in music. Daughter of Mr. and Mrs. Raymond Gilkey of this city, she is also a 1967 graduate of Kingston High School where she was a member of the National Honor Society and the German Honor Society. She was one of the editors and contributors to the school's literary magazine, Reason and Rhyme.

# *In India This Summer, Head for Simla Hills*

The Government of India Tourist Office advises that the Indian people, 125 years ago, found that the best way to escape summer heat was to pack up summer duds and head into the cool of the mountains.

From early spring through the summer, when the flatlands of India are quite hot, the smart visitors are cooling it in mountain resorts. The Simla Hills in northern India are a good example of these hill stations. Temperatures average 50 to 60 degrees and the scenery is right out of "Shangri-La."

"Hill stations" are not lonely, lost villages. Each station in this idyllic chain of mountain retreats provides all the conveniences of modern resort living. And each is easy to reach and fun to travel to, for the scenery is exceptional.

Simla has the grandeur of the Himalayas and the conveniences of a modern city. Red-roofed and large public buildings squat in tiers down the mountain face. Looming over the peaked houses, flowery gardens and piney woods, is towering Jakhu Mountain.

Simla started 125 years ago when a governor-general made the twisting climb to the mountain retreat one summer. It soon became India's summer capital when all the civil servants fled the flatland cities.

With Simla, getting there is half the fun. Traveling north overnight from Delhi, one wakes up early at Kalka to glimpse the mighty mountains. From Kalka, a pufferbelly train chuffs its way up the corkscrew grade, winding through starkly awesome scenery. On one side of the track, brooding cliffs overhang, and on the other side, the ground plummets away. Far below, through a light mist of space, the lights of entire villages wink in tiny clusters.

Simla lies on a crescent-shaped ridge, its buildings tumbling down the face, stitched to each other by steep paths, with clouds scraping the shoulders of the ridge.

In town, Observatory Hill offers a grand view of neighboring mountains, and the Mall connects it with the official summer residence of the president of India.

A favorite item for purchase in the bazaar is a walking stick to help one up and down the hills. Long walks leave a trail of happy memories of pines, deodars, oaks and flowers, which clothe the hillside. A climb at early morning to the top of Jakhu rewards one with a breathtaking view of sunrise over the snows. Take a few snacks for the monkeys that live there in an old temple.

Near the ridge is a racecourse and a picnic grove. Other sports pastimes are riding, tennis, squash, cricket, soccer, and in winter, skiing.

Ten miles from Simla is the beautiful suburb of Mashobra, a hiker's haven, where the hillfolk throw a fair in mid-May and all business is cancelled.

For those who have strained a muscle in sport or merrymaking, the village of Naldera is an excellent spot for soaking in hot sulphur springs.

Simla is a good start-off point for those who wish to drink in the beauty of the inner Himalayas. If you are not a sherpa mountain guide, you can at least pretend so along the fascinating 39-mile trek from Simla to Narkanda. It ends next to a big fireplace, at a bungalow high in the windy sweeps of a mountain forest. Just the way to terminate a rugged jaunt and a great vacation.

**MISS CHERYL THOMPSON** of the Flatbush Thimbelinas 4-H Club presents "A Saucy Treat" at the recent 4-H Demonstration Day, held in Kingston. A total of 309 4-H'ers participated in similar show how programs throughout the county this year. These demonstrations serve not only to show what is being done in 4-H groups, but also to enable the individual 4-H'ers to develop poise and self-confidence before groups.

## Don't Neglect Neck

Neck neglect, a common complexion detractor at almost any age, is easily remedied with twice daily inclusion in the moisturizing routine.

Moderate use of cosmetics is not only good fashion, but good complexion care. However, it isn't putting them on, but taking them off that becomes many a pretty face's Waterloo. Every trace of make-up should be gone before your head touches a pillow. In addition to soap and water, use a creamy cleanser to remove mascara, eye-liner, and anything else with water-proofing.

## *Helpful Hints*

**Use a Spoon**

When hanging nylons or leotards outdoors to dry, slip a teaspoon into each toe. This way the legs won't wrap around the clothesline and get snagged.

**To Avoid Sticking**

Grease the threads on glue and nail polish bottles and they won't stick.

**Clean Car Mats**

Rubber mats in your car take a real beating from sand, mud and winter's thawing salt. Clean them with an oval steel wool soap pad; then rinse and wipe dry before replacing. And do this more than once a year!

**Empty Bag First**

Empty the dust bag from the vacuum cleaner before you vacuum. That way, if any dirt is scattered in the process, it can be vacuumed up while you are cleaning.

# Cooking Is Fun

To bring out the goodness and fresh flavor of spring asparagus, serve it with savory butter sauce. Cook two pounds of fresh asparagus or 2 packages (10-oz. each) of frozen asparagus; drain if necessary. Meanwhile, in a small saucepan melt ¼ cup of butter and add ¼ cup chopped pecans and ¼ cup of finely chopped celery. Saute for five minutes. Add lemon juice, pour sauce over asparagus and you're ready to serve a sunny springtime dish.

Here's a tasty tip: Successful cheese cookery depends on brief heating at low temperature. High temperature and prolonged cooking makes cheese tough and stringy.

You can be sure that you're never without the goodness of real butter when you keep a supply in your freezer. Butter can be frozen in its original container without additional wrapping.

## Annual Banquet

At the regular monthly meeting of the **Ladies' Auxiliary of Ulster Hose Company No. 5,** held recently at the firehouse, Albany Avenue Extension, Mrs. Jay Henion announced plans were completed for the annual banquet which will be held at Gene Whalen's Restaurant, Wall Street, on Wednesday evening, May 1.

Mrs. Stanley VanKleeck, parade marshal, reported that the parade unit would participate in two parades this year; the Ulster County Volunteer Firemen's parade in New Paltz on July 27 and the Ellenville Inspection parade on August 24.

Several replies were received from Ulster County organizations in relation to organizing a blood bank, and a meeting of representatives is being arranged for the near future.

Committees named for the annual Firemen's Fair which will be held June 13, 14 and 15, include: Mrs. Joseph Dyer, Mrs. Stanley VanKleeck, Mrs. John Halwick, Mrs. Leo McAndrew and Mrs. Gordon Corey, refreshments; Mrs. James Sisco and Mrs. William Fischang, miscellaneous booth; Mrs. Hilary Schultz, cake booth; Miss Marguerite Meyer, grab bags.

Those named to work with the firemen in their 25th anniversary year celebration in 1969 were Mrs. Jay Henion, Mrs. William Williams Jr., and Mrs. LeRoy Thomas Jr.

Hostesses for the evening were Miss Julia Marino and Mrs. Thomas Kelley.

The next regular meeting will be held on Thursday evening, May 9, at the firehouse at 8 p. m.

## Rummage Sales

The **Mother's Club of St. Peter's School** is planning to conduct a rummage sale at 36 John Street, Kingston, on Thursday and Friday, Apr. 25-26, from 9:30 a.m. to 4:30 p.m. Articles of clothing and miscellaneous items will be accepted, and may be left in the rectory garage prior to the sale or at 36 John Street, Wednesday, Apr. 24, from 9:30 a.m. to 4:30 p.m. and the days of the sale.

Anyone desiring further information is asked to contact Mrs. John Dittus Jr., chairman, or Mrs. Leo Schupp.

# Twentieth Century Club Plans Party

A meeting of the Twentieth Century Club was held on April 8 at the home of Mrs. S. Maxwell Taylor with the president, Miss Frances Osterhoudt, presiding.

Reports were heard from the District Meeting of the Federated clubs held recently at the Governor Clinton Hotel.

Plans were made to hold the annual dinner part of the Twentieth Century Club at Judie's Restaurant on Tuesday, May 28, at 6 o'clock. Reservations for the dinner are to be made through Mrs. William T. Soper before May 13.

The program for the afternoon was a book review presented by Mrs. F. S. Fasullo, "The Territorial Imperative" by Robert Ardrey presents an inquiry into human behavior as it is affected by our environment. A comparison of animal to man in relation to our understanding of our present social structure is treated in a most interesting and informative manner. The most powerful instincts of man were explored by the author which revealed that the defense of home, or territory, is the most compelling. Mrs. Fasullo concluded with this thoughtful question: "Shall we make man fit the world or the world fit man?"

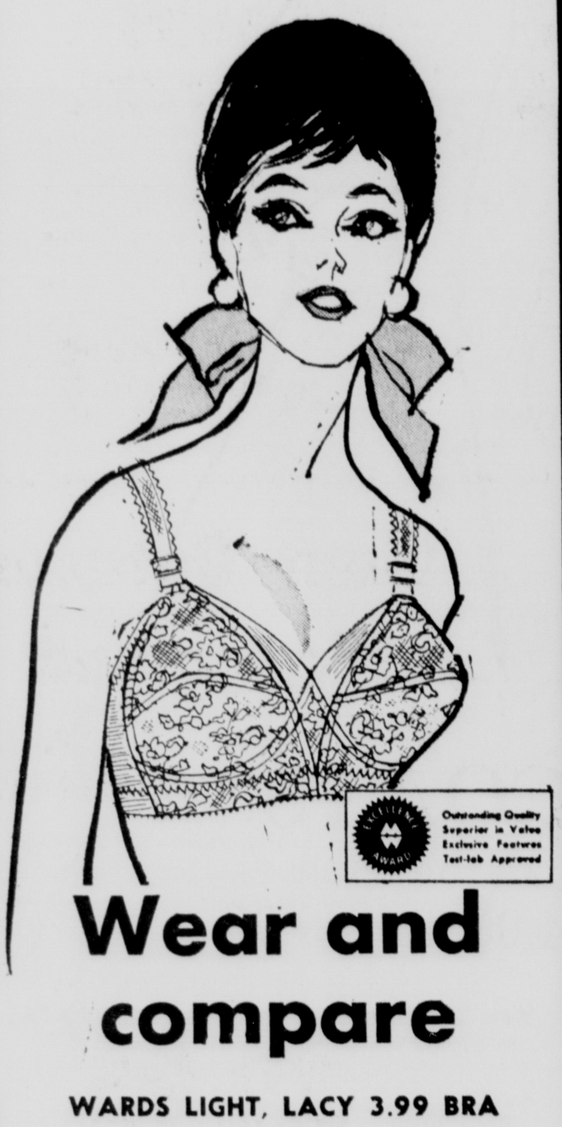

# Facial Beauty Hints

For tender young skin, fresheners should be mildest of the mild. Witch hazel is a pure herbal extract, safe even for so-called problem teenage skin. For a cooling, soothing treat, make a witch hazel mist. Pour the witch hazel into squeeze bottle atomizer, also obtainable at the drug store, and spray the face and throat before applying makeup.

Here is an excellent homemade tonic to help skin face up to spring winds and weather. Pour eight ounces of good quality witch hazel into a stoppered jar. Add a half-teaspoon of boric acid and a half-teaspoon of glycerin. Shake well before each use. Spread lightly over the face and let dry. Tones the skin, makes a satiny powder base.

Mike Ferraro takes infield drill prior to game with Oakland Athletics at Yankee Stadium.

# Ferraro's Biggest Night

By CHARLES J. TIANO
Sports Editor

Mike Ferraro had his biggest day (actually, it was a night) in a Yankee uniform Wednesday night an Anaheim, California.

The Kingston third baseman collected two hits in five trips to boost his batting average to .250, second highest on the team behind Mickey Mantle.

Mike was on base three times in five trips to the plate on two singles and an error. He singled off Ricky Clark in the first inning, moved third on Mantle's single and scored the Yankee's first run in a 3-2 victory on Tom Tresh's infield out.

With Dick Howser on first in the ninth inning, Ferraro did what Manager Ralph Houk says he can do quite well. He lined a hit-and-run single to right, chasing Howser to third. Mantle scored Howser with what proved to be the winning run, as the California Angels, trailing 3-0, rallied for two runs in their last turn at bat.

In his other three apearances, Mike grounded out to short, flied to left field and was safe on shortstop Jim Fregosi's error. He played another flawless game in the field.

Ferraro's two hits ties him with Mantle for most hits on the club (6) and gives him a .250 BA on 6 hits in 24 times at bat. Mantle is the club's only .300 hitter.

Frank Fernandez, who was batting .333 on 1 for 3, went 0 for 4 last night and dropped to .143.

# Helmich K's 14, KHS 13-1

Pete Helmich's twisting, twirling kunckleball came through for him Wednesday afternoon as Helmich set down 14 Lourdes batters on strikes in leading Kingston High School to a 13-1 baseball rout of home-standing Lourdes.

Helmich, in guiding the Maroons to their second win, tantalized the astonished Lourdes hitters with his dancing, lively knuckler, a pitch that is do-or-die toss.

He limited the Lourdes batters to a trio of singles and allowed six plays to Walk.

The knuckler was a little difficult to control in the first inning as he issued an opening walk to Bill Sullivan. A wild pitch let Sullivan reach second, from where he stole third and scored on an overthrow by catcher John Berardi.

Helmich settled down after that and controlled, as his teammates staged a four-run uprising in the second frame and it was all over.

In that second, an infield hit by Tim Bowens, coupled with a Jeff Perry walk and a misplayed sacrifice bunt by Bill Brady allowed the first two runs to score. Brady came home with the insurance tally when A. J. (Andy) Murphy blooped a double into short right-center. Murphy came home on Helmich's single.

The Maroon added two more in the fourth, a solo in the fifth and three more in the sixth and seventh frames.

The Maroon, now 2-0 on the season, seek their third win today as they meet Roosevelt at Hyde Park.

# New Paltz Defiant Before Bowing at Net

"I figured we would be lucky to win just one match. As it turned out, it went down to the final set of the final doubles match, and I am extremely proud of their performance," declared New Paltz State's tennis coach Wednesday afternoon after his Hawks dropped a heartbreaking, 5-4, decision to powerful and visiting Fairfield College.

The number one singles gave perhaps an indication of what was to come when Bob Heller, playing for NPS, took Steve Smith to three sets before losing.

The Hawks lost the number two as Bryan Fitzgerald dumped Richie Griffin, 10-8, 6-2. The third also went to Fairfield, and New Paltz State had its backs against the wall.

Ty Sands, the number four State U. netter, dropped the opening set 2-6, then took the next two, 6-2 and 6-4 to register the first Hawks point. Sands is the only undefeated Hawk netter in the Hawks only two outings so far.

Steve Bull followed Sands lead and dumped John Carberry of Fairfield, 6-4, 6-1, and the Hawks trailed by a 4-2 margin. A loss in the doubles meant defeat.

Heller and the number three singles player, Bob Anderson, teamed to dump Steve Smith and McKenna, conqueror of Anderson in singles. The score was 6-2 and 7-5 and NPS still had a life.

Sands and Griffin hooked up to dump Fitzgerald and Richie Matt, 6-3, 1-6, 6-4 to send it into the finals double match.

Fairfield started strong in that final match. The tandem of Ed Smith and Carberry took the first set, 6-1 over the duo of Masters and Bull. The second set was a turnabout, as Masters and Bull won, 4-6.

Long games resulted in the final set, until Masters and Bull failed to hold service in the seventh and ninth games and went down to defeat.

## New Franchises Next NL Thrust

CHICAGO (AP) — National League baseball club owners will meet Friday apparently intent on selecting two new franchises and deciding whether to play catch-up with the American League on the start of a 12-club circuit.

The American League last fall approved expansion to 12 clubs in 1969, reviving a Kansas City franchise to compensate for the A's switch to Oakland this season and adding Seattle as a second new member.

Warren Giles, National League president, earlier this week said the meeting was aimed only at setting down ground rules to five cities seeking the two new franchises for operation not later than 1970.

But one NL club executive said "there could be some definite action because time is getting short."

The franchise applicants include Dallas-Fort Worth, San Diego, Milwaukee, Montreal and Buffalo.

## Buffalo Bills Sign 1st College Draftee

BUFFALO, N.Y. (AP) — Offensive lineman Bob Kalsu of Oklahoma has become the Buffalo Bills' first college draftee to sign for the 1968 American Football League season, the club said today.

The 6-foot-3, 235-pound Kalsu played tackle in college but will be tried at guard, Bills Coach Joel Collier said. He was picked in the eighth round of the draft.

# Rhubarbs--UCCC Theme

By MIKE HELFNER
Freeman Sports Staff

Al DiBernardo and his Ulster County Community College baseball team seem to be getting enbroiled in controversy every time they take the field.

The Senators, no-hitted Wednesday by Dutchess Community College's Jim O'Leary, 4-0, have filed a double protest with the president of the Mid-Hudson Conference, Ed Green of Rockland Community College.

The Senators have now played three conference games, won the first, but that was protested by the other team, Rockland. They lost the second to Orange County Community College, and yesterday, filed a pair of protests of their own as O'Leary baffled them with changes of speed and a tempting curve ball.

O'Leary, a powerfully built 6-foot-2, 200-pounds, allowed just two walks to Mike Derrenbacher and both times, Derrenbacher was caught in a double play—so O'Leary faced the minimum number of 27 for a no hit game.

Dutchess scored two in the first inning off the Senator's Charlie Moore, and was on its way to the win when the first protest came about in the fifth inning.

**Yells for Cutoff**

The Senators had already gotten two out on the Falcons, but the Falcons had men on first and second. A hit to the outfield scored the first baserunner, but on the second, the Dutchess third base coach came down the line with the runner and yelled to UCCC's cutoff man, Tom Tegeler, to cut off the throw.

Tegeler, not realizing who had yelled the instructions to him, grabbed the throw and the runner scored. Tegeler and DiBernardo both felt the runner would have been out if Tegeler had not been given the instructions by the opposing coach.

The coach, according to DiBernardo, was in violation of two rules, one for leaving the coaching box, and the second for interfering with the Senator's play.

**Pitches Hitting Dirt**

In the late innings, O'Leary began to tire and his sinking curve ball was dipping even further. According to DiBernardo, the pitch, after crossing the plate, was landing in the dirt. He claimed that the dipping curves that landed in the dirt, should be called balls, because the pitch did not go through the complete strike zone.

The rule, according to DiBernardo, says, "the pitch must be between the knees and armpits and be over the plate." The umpires ruling on these pitches, according to DiBernardo, is that the ball need only cross the front or outside knee to be called a strike.

Using the sinking curve and a variety of off-speed pitches, O'Leary was able to fan nine Senators while walking just two.

Moore allowed five hits, four singles and a double, whiffed five and passed just two.

## Nichols Leads In Trapshoot

Mike Nichols posted a two-round average of .960, including a string of 50 straight, to win first place in the weekly trapshoot at Lake Katrine Rod and Gun Club. Tom Bernardini also registered a .960 but shot only one round.

Other shooters in the top ten were: Grover Ellsworth Jr., .900; Nick Mauro, .900; Ray Longendyke, .893 (with 25 straight); Harry Smith, .870; Ken Gwise, .840; Steve Maid Jr., .840; Bob Schmedake, .840; Bob Kearney, .824.

Ulster County Trapshoot Circuit will be held Sunday at the Lake Katrine traps starting at noon.

## Jets End Due At Cookout

Gerry Philbin, defensive end of the New York Jets, will join a host of local celebrities Friday in the Kingston American Cancer Society's Celebrity Cookout competition.

Philbin, 6-foot-2 and 248-pounds, will be listed among the heavier entrants, and is expected to provide some competition for the top celebrity winner's prize, a $50 donation.

It is a switch for Philbin, who generally cooks opposing linemen rather than meat. The former University of Buffalo star is considered among the top defensive linemen in the AFL.

# New Paltz Defiant Before Bowing at Net

"I figured we would be lucky to win just one match. As it turned out, it went down to the final set of the final doubles match, and I am extremely proud of their performance," declared New Paltz State's tennis coach Wednesday afternoon after his Hawks dropped a heartbreaking, 5-4, decision to powerful and visiting Fairfield College.

The number one singles gave perhaps an indication of what was to come when Bob Heller, playing for NPS, took Steve Smith to three sets before losing.

The Hawks lost the number two as Bryan Fitzgerald dumped Richie Griffin 10-8, 6-2. The third also went to Fairfield, and New Paltz State had its backs against the wall.

Ty Sands, the number four State U. netter, dropped the opening set 2-6, then took the next two, 6-2 and 6-4 to register the first Hawks point. Sands is the only undefeated Hawk netter in the Hawks only two outings so far.

Steve Bull followed Sands lead and dumped John Carberry of Fairfield, 6-4, 6-1, and the Hawks trailed by a 4-2 margin. A loss in the doubles meant defeat.

Heller and the number three singles player, Bob Anderson, teamed to dump Steve Smith and McKenna, conqueror of Anderson in singles. The score was 6-2 and 7-5 and NPS still had a life.

Sands and Griffin hooked up to dump Fitzgerald and Richie Matt, 6-3, 1-6, 6-4 to send it into the finals double match.

Fairfield started strong in that final match. The tandem of Ed Smith and Carberry took the first set, 6-1 over the duo of Masters and Bull. The second set was a turnabout, as Masters and Bull won, 4-6.

Long games resulted in the final set, until Masters and Bull failed to hold service in the seventh and ninth games and went down to defeat.

## New Franchises Next NL Thrust

CHICAGO (AP) — National League baseball club owners will meet Friday apparently intent on selecting two new franchises and deciding whether to play catch-up with the American League on the start of a 12-club circuit.

The American League last fall approved expansion to 12 clubs in 1969, reviving a Kansas City franchise to compensate for the A's switch to Oakland this season and adding Seattle as a second new member.

Warren Giles, National League president, earlier this week said the meeting was aimed only at setting down ground rules to five cities seeking the two new franchises for operation not later than 1970.

But one NL club executive said "there could be some definite action because time is getting short."

The franchise applicants include Dallas-Fort Worth, San Diego, Milwaukee, Montreal and Buffalo.

## Buffalo Bills Sign 1st College Draftee

BUFFALO, N.Y. (AP) — Offensive lineman Bob Kalsu of Oklahoma has become the Buffalo Bills' first college draftee to sign for the 1968 American Football League season, the club said today.

The 6-foot-3, 235-pound Kalsu played tackle in college but will be tried at guard, Bills Coach Joel Collier said. He was picked in the eighth round of the draft.

# Rhubarbs--UCCC Theme

By MIKE HELFNER
Freeman Sports Staff

Al DiBernardo and his Ulster County Community College baseball team seem to be getting enbroiled in controversy every time they take the field.

The Senators, no-hitted Wednesday by Dutchess Community College's Jim O'Leary, 4-0, have filed a double protest with the president of the Mid-Hudson Conference, Ed Green of Rockland Community College.

The Senators have now played three conference games, won the first, but that was protested by the other team, Rockland. They lost the second to Orange County Community College, and yesterday, filed a pair of protests of their own as O'Leary baffled them with changes of speed and a tempting curve ball.

O'Leary, a powerfully built 6-foot-2, 200-pounds, allowed just two walks to Mike Derrenbacher and both times, Derrenbacher was caught in a double play—so O'Leary faced the minimum number of 27 for a no hit game.

Dutchess scored two in the first inning off the Senator's Charlie Moore, and was on its way to the win when the first protest came about in the fifth inning.

**Yells for Cutoff**

The Senators had already gotten two out on the Falcons, but the Falcons had men on first and second. A hit to the outfield scored the first baserunner, but on the second, the Dutchess third base coach came down the line with the runner and yelled to UCCC's cutoff man, Tom Tegeler, to cut off the throw.

Tegeler, not realizing who had yelled the instructions to him, grabbed the throw and the runner scored. Tegeler and DiBernardo both felt the runner would have been out if Tegeler had not been given the instructions by the opposing coach.

The coach, according to DiBernardo, was in violation of two rules, one for leaving the coaching box, and the second for interfering with the Senator's play.

**Pitches Hitting Dirt**

In the late innings, O'Leary began to tire and his sinking curve ball was dipping even further. According to DiBernardo, the pitch, after crossing the plate, was landing in the dirt. He claimed that the dipping curves that landed in the dirt, should be called balls, because the pitch did not go through the complete strike zone.

The rule, according to DiBernardo, says, "the pitch must be between the knees and armpits and be over the plate." The umpires ruling on these pitches, according to DiBernardo, is that the ball need only cross the front or outside knee to be called a strike.

Using the sinking curve and a variety of off-speed pitches, O'Leary was able to fan nine Senators while walking just two.

Moore allowed five hits, four singles and a double, whiffed five and passed just two.

## Jets End Due At Cookout

Gerry Philbin, defensive end of the New York Jets, will join a host of local celebrities Friday in the Kingston American Cancer Society's Celebrity Cookout competition.

Philbin, 6-foot-2 and 248-pounds, will be listed among the heavier entrants, and is expected to provide some competition for the top celebrity winner's prize, a $50 donation.

It is a switch for Philbin, who generally cooks opposing linemen rather than meat. The former University of Buffalo star is considered among the top defensive linemen in the AFL.

## Nichols Leads In Trapshoot

Mike Nichols posted a two-round average of .960, including a string of 50 straight, to win first place in the weekly trapshoot at Lake Katrine Rod and Gun Club. Tom Bernardini also registered a .960 but shot only one round.

Other shooters in the top ten were: Grover Ellsworth Jr., .900; Nick Mauro, .900; Ray Longendyke, .893 (with 25 straight); Harry Smith, .870; Ken Gwise, .840; Steve Maid Jr., .840; Bob Schmedake, .840; Bob Kearney, .824.

Ulster County Trapshoot Circuit will be held Sunday at the Lake Katrine traps starting at noon.

# Ellies Snap Streak, Dump New Paltz, 16-9

The number three must have some significance for the Ellenville High baseball team.

Wednesday, the Ellies accomplished three things, broke a three-game losing streak, snapped a three-game win skein by New Paltz (knocking the Huguenots from the undefeated ranks) and avenged an earlier defeat.

It was the Ellies turn to play outstanding baseball, dumping New Paltz, 16-9. It was a turnabout of an earlier 8-3 loss to the same squad and proved to Ellenville coach Dave Frank that his squad was finally coming around.

The Ellies bombed NP's starting hurler, Jim Schiller, for 10 runs in the first three innings, picking up a pair in the first, another pair in the second and six in the third.

New Paltz went to relief hurler, John Zagorini, who was touched for a quartet more in the fourth and another two in the sixth to make it a complete rout.

The Ellies pounded out 14 hits off the two Huguenot hurlers, including a three-run homer by Arnold Koss. New Paltz had back-to-back homers by Schiller and Ron Bonagura. Bob Nadel connected for a triple.

The teams have reverse records, New Paltz, 3-1, Ellenville, 1-3.

# New Paltz Track Club Is Second

Nassau Community College captured all but two of the 17 events Wednesday afternoon, as it, the host school, buried New Paltz State Track Club and Quensboro Community College in a triangular track meet.

New Paltz, with the wins in the other two events, took second. The scores showed Nassau with 126, New Paltz with 35 and Queensboro 15.

The two NP winners were Norm DeValk in the two-mile and James Hernando in the javelin. Hernando also had a third in the pole vault while DeValk took a third place in the mile.

Nassau completely dominated the meet, taking at least two of the four places in each event. It completely swept the discus, capturing all four placements. Nassau also had a triple winner in Jim Reco, victor in the 100, 220 and long jump.

The summary:

# Raceway Opens 27th Season

By THE ASSOCIATED PRESS

Saratoga Raceway opens its 27th season tonight with a battle royal between two top drivers in $10,000 division of the Can-Am series.

Stanley Dancer takes his high-stepping Caroldons Lehigh against Billy Haughton, behind Hootfire Hanover, in the second division. In the first round, Dancer will pilot another top-rated 3-year-old, Brad Hanover, and Haughton will drive Nevad.

Caroldons Lehigh will be looking for a seventh consecutive victory.

The Can-Am paces, for 3-year-olds, will highlight the evening's harness action in New York State, which also will see programs at Yonkers Raceway and Batavia Downs.

In races featured Wednesday night:

Yonkers Raceway — Fly Boy Duane whipped favored Worthy Jimmy by three-quarters of a length and won the $5,000 pace in 2:04 4-5. Highland Raider was third. The winner returned $7.40.

Batavia Downs — the $1,700 claiming handicap pace was won by Tay Town Laddie in 2:07 1-5. Attaboy Rose was a nose back, trailed by Maverick Grattan. The winner paid $11.40.

# Jayvees Win 2nd

Kingston Jayvees backed up Bob Cole's fine pitching with a big first inning to trounce Lourdes Jayvees, 6-1, Wednesday at Dietz Stadium.

Cole yielded only five hits, fanned nine and walked only two. The win was the second straight for Coach Ron Cole's Maroons.

Kingston jumped on Sataro, the Lourdes pitcher, for four runs in the first inning. Ralph Perry singled in Gary Short and Paul Watzka and Harold Anderson followed with a booming triple to deep center. It should have been a home run but he stumbled over second base.

Anderson was snuffed out on a rundown on the next play but two Lourdes errors allowed Rick Sorenson to score the fourth run. Don Fisher's single drove in Kingston's last two runs in the sixth.

# Ellies Snap Streak, Dump New Paltz, 16-9

The number three must have some significance for the Ellenville High baseball team.

Wednesday, the Ellies accomplished three things, broke a three-game losing streak, snapped a three-game win skein by New Paltz (knocking the Huguenots from the undefeated ranks) and avenged an earlier defeat.

It was the Ellies turn to play outstanding baseball, dumping New Paltz, 16-9. It was a turnabout of an earlier 8-3 loss to the same squad and proved to Ellenville coach Dave Frank that his squad was finally coming around.

The Ellies bombed NP's starting hurler, Jim Schiller, for 10 runs in the first three innings, picking up a pair in the first, another pair in the second and six in the third.

New Paltz went to relief hurler, John Zagorini, who was touched for a quartet more in the fourth and another two in the sixth to make it a complete rout.

The Ellies pounded out 14 hits off the two Huguenot hurlers, including a three-run homer by Arnold Koss. New Paltz had back-to-back homers by Schiller and Ron Bonagura. Bob Nadel connected for a triple.

The teams have reverse records, New Paltz, 3-1, Ellenville, 1-3.

# New Paltz Track Club Is Second

Nassau Community College captured all but two of the 17 events Wednesday afternoon, as it, the host school, buried New Paltz State Track Club and Quensboro Community College in a triangular track meet.

New Paltz, with the wins in the other two events, took second. The scores showed Nassau with 126. New Paltz with 35 and Queensboro 15.

The two NP winners were Norm DeValk in the two-mile and James Hernando in the javelin. Hernando also had a third in the pole vault while DeValk took a third place in the mile.

Nassau completely dominated the meet, taking at least two of the four places in each event. It completely swept the discus, capturing all four placements. Nassau also had a triple winner in Jim Reco, victor in the 100, 220 and long jump.

# Raceway Opens 27th Season

By THE ASSOCIATED PRESS

Saratoga Raceway opens its 27th season tonight with a battle royal between two top drivers in $10,000 division of the Can-Am series.

Stanley Dancer takes his high-stepping Caroldons Lehigh against Billy Haughton, behind Hootfire Hanover, in the second division. In the first round, Dancer will pilot another top-rated 3-year-old, Brad Hanover, and Haughton will drive Nevad.

Caroldons Lehigh will be looking for a seventh consecutive victory.

The Can-Am paces, for 3-year-olds, will highlight the evening's harness action in New York State, which also will see programs at Yonkers Raceway and Batavia Downs.

In races featured Wednesday night:

Yonkers Raceway — Fly Boy Duane whipped favored Worthy Jimmy by three-quarters of a length and won the $5,000 pace in 2:04 4-5. Highland Raider was third. The winner returned $7.40.

Batavia Downs — the $1,700 claiming handicap pace was won by Tay Town Laddie in 2:07 1-5. Attaboy Rose was a nose back, trailed by Maverick Grattan. The winner paid $11.40.

## Upstaters Hold Lead in ABC Play

CINCINNATI, Ohio (AP) — Two upstate New York bowlers retained their positions in the top ten Wednesday in the regular singles division of the American Bowling Congress tournament.

Ed Hughes of Elmira, N.Y., was tied for fifth position with Larry Everhart of Lexington, N. C., with a pin total of 701.

In a tie for eighth place were Frank Cutri of Syracuse, N.Y., and Dewey Keener of Morgantown, W. Va. Each had a score of 697.

# Jayvees Win 2nd

Kingston Jayvees backed up Bob Cole's fine pitching with a big first inning to trounce Lourdes Jayvees, 6-1, Wednesday at Dietz Stadium.

Cole yielded only five hits, fanned nine and walked only two. The win was the second straight for Coach Ron Cole's Maroons.

Kingston jumped on Sataro, the Lourdes pitcher, for four runs in the first inning. Ralph Perry singled in Gary Short and Paul Watzka and Harold Anderson followed with a booming triple to deep center. It should have been a home run but he stumbled over second base.

Anderson was snuffed out on a rundown on the next play but two Lourdes errors allowed Rick Sorenson to score the fourth run. Don Fisher's single drove in Kingston's last two runs in the sixth.

Baltimore's Boog Powell says the new Oakland Coliseum is a hitter's park, but his teammate Dave McNally made it something less than that for the new tenants.

"The ball seems to carry well here," said Powell after he socked a homer that helped the Orioles to a 4-1 victory over the Oakland Athletics in the first game played in the new edifice. "I'd like to play here all the time."

But McNally, who limited the Athletics to two hits, understandably noticed some advantages for the pitchers.

"I don't think there'll be any cheap home runs here," the young left-hander said. "You still have to hit the ball to get it out."

McNally held the Athletics hitless until Rick Monday homered leading off the sixth and after that the only Oakland hit was Tony La Russa's single in the ninth. He was promptly erased in a double play. A crowd of 50,164 watched the opener.

"We were lucky to get a run," said Athletics' Manager Bob Kennedy. "We only hit the ball hard about four times."

**Hit Ball Hard**

The Orioles hit the ball hard at least three times and they all ended up out of the park with Brooks Robinson and Mark Belanger homering along with Powell.

In other American League games, New York beat California 3-2, Minnesota crushed Washington 13-1, Detroit topped Cleveland 4-3 in 10 innings and Boston shut out Chicago 2-0.

Mickey Mantle scored one run and drove in another and the Yankees survived Rick Reichardt's two-run homer in the ninth to beat the Angels before a home-opening crowd of 20,069. Rookie Stan Bahnsen, had blanked California on five hits until the ninth.

**Killebrew Hits Third**

Harmon Killebrew's third homer of the young season highlighted the Twins' rout over the Senators before 22,926 in the first Minnesota game at home. Cesar Tovar and Jackie Hernandez also homered and Jim Merritt handcuffed Washington on six hits.

Willie Horton hit a two-run homer with two out in the 10th inning to give the Tigers the triumph after Cleveland had gone ahead in the top of the extra inning. Jim Price's two-out single in the ninth drove in the run that tied the game.

Dick Ellsworth's five-hitter sent the White Sox to their fifth straight loss of the season and Carl Yastrzemski homered in the first inning. The homer was Yaz' fourth. It was Ellsworth's second straight victory and two-thirds of the entire Red Sox' victory total.

# *Little Cookie Blows Up a Storm*

By DICK COUCH

When the wind shifts his way, little Cookie Rojas can blow up a big storm.

"I hit home runs only in hurricanes," said the slender second baseman, who cracked a game-winning, two-run homer Wednesday night as the Philadelphia Phillies ended a six-game tailspin by edging Don Drysdale and the Los Angeles Dodgers 3-2.

Rojas' fifth inning shot off Drysdale enabled the struggling Phils to pull out their home opener and snap their longest losing streak since 1964, when a ten-game September skid cost them the National League pennant.

The New York Mets and Pittsburgh Pirates also captured their home openers in impressive fashion, the Mets trimming San Francisco 3-0 behind rookie left-hander Jerry Koosman and the Pirates smothering Houston 13-4 with a 17-hit barrage. Cincinnati nipped St. Louis 4-3 in 12 innings and Atlanta blanked the Chicago Cubs 2-0 in other National League action.

The Phillies trailed 2-1 when Tony Taylor stroked a two-out single in the fifth and Rojas slammed a 3-2 pitch into the lower center field seats. "I was trying to punch the ball for a hit," said Rojas, whose first 1968 homer gave him a six-year career total of 17. "With a runner on first and Johnny Callison coming up I just wanted to keep it going.

Manager Gene Mauch lifted southpaw Woody Fryman with two Dodgers on in the eighth after center fielder Tony Gonzalez raced to the wall and gloved Lefebvre's 400-foot drive. Reliever Dick Farrell then came on to preserve Fryman's first victory as a Phillie.

**Koosman Fans 10**

Koosman scattered seven hits and struck out 10 on the way to his second successive shutout, lowering the Met pitching staff's earned run average to 0.81 before 52,079 Shea Stadium supporters- the largesst crowd in the majors thus far.

Koosman stopped the Giants cold after escaping a bases-loaded none-out jam in the first inning by striking out Willie Mays, retiring Jim Hart on a foul pop and fanning Jack Hiatt.

Cleon Jones homered for the Mets.

A six-run uprising in the third inning keyed the Pirates' romp over Houston before a Forbes Field crowd of 30,779. Ex-reliever Al McBean, given a commanding early lead, went the distance for his second victory without a loss.

**Wills, May Lead**

Maury Wills and Jerry May led the Pittsburgh attack with three hits apiece.

Lee May drilled a bases-loaded single in the 12th, breaking a 3-3 tie at Cincinnati and nullifying five hits—including a two-run homer—by the Cardinals' Lou Brock. May delivered the winning hit off reliever Ron Willis, who had filled the bases with a pair of intentional walks after Pete Rose led off with a double and took third on a ground out.

Phil Niekro, the Braves' knuckleball artist, stopped the Cubs on four hits for his second triumph in as many decisions Felipe Alou's third inning single drove in the only run Niekro needed and Hank Aaron provided insurance with a seventh inning homer.

## Celts Tie Playoffs

BOSTON (AP) — The annual National Basketball Association showdown between the rival Philadelphia 76ers and the Boston Celtics has come down to its final playoff game. You can take your pick of opinions on how much the home edge will mean.

"The home court doesn't mean much to these two teams, Boston Player-Coach Bill Russell said after his Celtics evened the best-of-7 Eastern Division finals 3-3 with a 114-106 victory Wednesday night. "The team that has a good night wins; it's as simple as that."

Philadelphia's Alex Hannum sees it differently.

"If the Celtics can come in there and beat us they deserve all the credit in the world, because they're going to be up against a tough basketball team," Hannum said.

"We worked all season for the home court advantage," he added. "We've still got it. We're going to have that crowd yelling for us Friday night."

The Celtics had it Wednesday night, and they made the most of it before a wildly cheering crowd of 14,780 at Boston Garden, leading virtually all the way behind the sparkling all-round play of Russell and John Havlicek.

Russell scored 17 points, played a strong defensive game, and dominated the boards in his personal duel with Wilt Chamberlain, hauling in 31 rebounds. Havlicek led the Celtics with 28 points and was all over the court in a brilliant floor game.

## Celts Tie Playoffs

BOSTON (AP) — The annual National Basketball Association showdown between the rival Philadelphia 76ers and the Boston Celtics has come down to its final playoff game. You can take your pick of opinions on how much the home edge will mean.

"The home court doesn't mean much to these two teams, Boston Player-Coach Bill Russell said after his Celtics evened the best-of-7 Eastern Division finals 3-3 with a 114-106 victory Wednesday night. "The team that has a good night wins; it's as simple as that."

Philadelphia's Alex Hannum sees it differently.

"If the Celtics can come in there and beat us they deserve all the credit in the world, because they're going to be up against a tough basketball team," Hannum said.

"We worked all season for the home court advantage," he added. "We've still got it. We're going to have that crowd yelling for us Friday night."

The Celtics had it Wednesday night, and they made the most of it before a wildly cheering crowd of 14,780 at Boston Garden, leading virtually all the way behind the sparkling all-round play of Russell and John Havlicek.

Russell scored 17 points, played a strong defensive game, and dominated the boards in his personal duel with Wilt Chamberlain, hauling in 31 rebounds. Havlicek led the Celtics with 28 points and was all over the court in a brilliant floor game.

NOTICE OF SALE
Case No. 1968-2371

IN PURSUANCE and by virtue of a Judgement or Decree in foreclosure, duly granted in the above entitled action on the 25th day of March, 1968, I, William Mullany, the undersigned Referee, in said Judgment named, will sell at public auction at the lobby of the Ulster County Court House, 285 Wall Street, in the City of Kingston, New York, on the 30th day of April, 1968, at 12 o'clock Noon, of that day, as one parcel and property, the premises described in said Judgment, as follows:

ALL THAT TRACT OR PARCEL OF LAND, together with the buildings and improvements thereon, erected, situate in the Town of Rosendale, County of Ulster and State of New York, near the so-called Maple Hill, between the easterly line of the old Kingston-Rosendale highway, and being the remaining portion of the land formerly owned and occupied by Augusta Kelly, and which in deed to her from Charles W. Meyer and wife, dated April 22nd, 1916, was described as follows:

BEGINNING at a cross cut in the stone set in the ground on the easterly side of the old Kingston-Rosendale State Road south of the dwelling house now occupied by William Grossjohann and wife, formerly by Augusta Kelly, which dwelling was formerly known as the Relyea tenant house, and running thence South 52 degrees 15 minutes East 215.10 feet to a cross cut on the face of a Ledge; thence on the same line South 52 degrees 15 minutes East 41.45 feet to a cross cut on the face of a Ledge; thence along the face of the aforesaid Ledge, North 28 degrees 9 minutes East for a distance of about 105 feet; thence North 53 degrees 15 minutes West for a distance of about 190 feet on a line parallel to the first mentioned line, to a point 13.05 feet southerly from a spike set in the root of a Hemlock tree on the easterly line of the above Kingston - Rosendale State Road; thence along the Easterly line of said Road south 49 degrees 39 minutes west for a distance of about 158.45 feet to a post; thence continuing along the easterly line of said road south 38 degrees 57 minutes west for a distance of 38.60 feet. Containing about one acre of land more or less.

EXCEPTING AND RESERVING therefrom the 0.37 acre of the easterly part of the above described premises as set forth on a Deed to the County of Ulster, for Highway purposes as recorded in Book of Deeds 572 at page 223 on Sept. 18, 1934.

ALSO EXCEPTING out of the above-described property a certain parcel of land, which excepted parcel is the same premises as described in a Deed from Dellay Realty Co., Inc. to Julius Lemmers and Florence Lemmers, his wife, dated June 28, 1944, and recorded in the Ulster Co. Clerk's Office on June 29, 1944, in Book 642 of Deeds at page 432.

The above described property being the same as conveyed by Dellay Realty Company, Inc., to William Grossjohann and Henrietta Grossjohann, his wife, by Deed dated Aug. 21, 1943, and recorded in the Ulster County Clerk's Office on Aug. 23, 1943, in Book 635 of Deeds at page 379.

ALSO, all that vacant triangular parcel of land situate near Maple Hill, in the Town of Rosendale, Ulster County, New York, and bounded and described as follows: BEGINNING at a point on the Northwesterly side of the concrete highway leading from Kingston to Rosendale, said point being at the Northeasterly corner of the dwelling house lot of the said William Grossjohann and Henrietta Grossjohann, and runs thence in a Northwesterly direction along the Easterly bounds of said house lot to the old Macadam highway; thence in a northeasterly direction along said old Macadam highway to the point where the same intersects the Northwesterly side of the said concrete highway; thence in a Southwesterly direction along said concrete highway for a distance of about 515 feet to the point and place of beginning.

The above described parcel being a portion of the premises conveyed by Olga Bruns, Erwin Bruns, Max Bruns, and Alfred Bruns to William Grossjohann and Henrietta Grossjohann, by Deed dated October 30th, 1943 and recorded in the Ulster County Clerk's Office on January 26th, 1944 in Book 639 of Deeds at page 124.

ALSO ALL THAT CERTAIN TRACT, PIECE OR PARCEL OF LAND, situate in the Town of Rosendale, County of Ulster, and State of New York, at a place so-called Maple Hill, between the easterly line of the old Kingston-Rosendale Highway, and the westerly line of the new located State Road 32, and being a part of the premises as described below:

BEGINNING at a point on the easterly side of the old Kingston-Rosendale State Road, at a point about 20 feet southerly of the dwelling house now occupied by William and Henrietta Grossjohann, said point being from a spike set in the root in the center of a large Maple tree on the easterly side of the above mentioned Kingston-Rosendale Road; thence along the easterly line of said Kingston-Rosendale Road, South 38 degrees 57 minutes west for a distance of about 75 feet to a cross cut on a stone set in the ground; thence south 52 degrees 15 minutes east for a distance of about 140 feet to a cross cut on a stone monument set in the ground on the westerly line of the new State Highway #32; thence North 28 degrees 9 minutes east for a distance of about 73 feet to an iron stake set in the ground on the south side of a driveway; thence north 53 degrees 15 minutes west for a distance of about 137 feet to the aforesaid spike set in the root of a large Maple Tree standing on the easterly side of the Kingston-Rosendale road, the point or place of beginning.

The above described land having been conveyed to the parties of the first part (Lemmers) by Dellay Realty Company, Inc., by deed dated June 28 1944, and recorded in Clerk's Office of the County of Ulster in Liber 642 of Deeds at page 432, and a part of the said lands having been conveyed to the State of New York, by the parties of the first part (Lemmers) by their certain deed, said portion of the lands so conveyed being shown on a certain map entitled "New York State Dept. of Public Works, New York State Thruway, The Catskill Section, County of Ulster, Subd. No. 4", said map being number 731, parcel no. 966, and having been filed in the Office of the State Dept. of Public Works on Aug. 18, 1953, said lands so conveyed are not included in this conveyance, being described as follows:

BEGINNING at a point in the westerly line of Rt. 32 (SH229) at the intersection of the division line between the property of Emma L. McLaren (reputed owner) on the south and the property of Julius Lemmers and Florence Lemmers (reputed owners) on the north, said point being 76 ft. distant westerly, measured at right angles, from Sta. 19 plus 06.85 of the hereinafter described Rt. 32 Traverse Line, being a portion of the Survey Base Line thence along the last mentioned division line, N. 65° 16' 53" W., 52.86 ft. to a point, said point being 128.20 ft. distant westerly, measured at right angles, from Sta. 19 plus 15.20 ft. of the Route 32 Traverse Line; thence leaving the last mentioned division line and through said property of Julius Lemmers and Florence Lemmers (reputed owners) N. 21° 17' 25" E. 73.12 ft. to a point in the division line between the property of Wm. # German Measles Vaccine Near

By ROBERT A. DOBKIN

ATLANTIC CITY, N.J. (AP) — A scientist says mothers of child bearing age may be able to get protection within a year against the birth damaging defects of German measles. The next epidemic of the disease is due about 1970.

That was a report on a new live virus vaccine against German measles given today by Dr. Maurice R. Hilleman of the Merck Institute for Theruputic Research at West Point, Pa.

Hilleman said large scale tests are already under way in the United States and that by the end of the year up to 20,000 children in five different areas would receive this experimental vaccine. Tests of other vaccines will cover another 20,000 children.

The virologist said the vaccine successfully passed pilot tests with mothers and children in two suburban Philadelphia communities.

Hilleman couldn't say how many people would have to be given the vaccine before the Federal Food and Drug Administration ruled on its safety and effectiveness.

In the case of ordinary measles vaccine 10,000 were tested, and in mumps only 5,200.

At least three other vaccines using different strains of the virus are undergoing tests in the United States and abroad. The manufacturers also hope to get them on the market within the year.

German measles is a relatively mild disease that strikes mostly children and young adults. Until recently there seemed to be no need to prevent it but now doctors have proven that it causes serious congenital defects in children whose mothers were infected in the first trimester of pregnancy.

World wide epidemics of the disease normally occur every six years. During the last epidemic in 1964-65, 20,000 deaths within the womb were reported and 20,000 birth defects.

Hilleman, in reporting his findings at the annual meeting of the Federation of American Societies for Experimental Biology, said the pilot study involved 527 children and their mothers in Havertown and Broomal, Pa.

PUBLIC NOTICE

Notice is hereby given that, pursuant to Section 451 of the Conservation Law, the Water Resources Commission will cause a public hearing to be held in the Fire House in the Village of Rosendale on the 1st day of May, 1968, at 10:00 o'clock in the forenoon of that day for the purpose of hearing all persons, waterworks corporations or other civil divisions of the State of New York that may be affected by the execution of the plans of the Village of Rosendale, Ulster County, for the taking of an additional supply of water for the Village water supply system from the so-called Snyder Mine at Tillson, formerly a natural cement mine, and for the construction proposed in connection therewith, plans for which have been filed with the Water Resources Commission, at its office in Albany, N. Y., where the same are open for public inspection; and for the purpose of determining whether said plans are justified by public necessity, whether they provide for the proper and safe construction of all work connected therewith, whether they provide for the proper protection of the supply and watershed from contamination or provide for the proper filtration of such additional supply, whether they are just and equitable to the other municipalities and civil divisions of the State of New York and to the inhabitants thereof affected thereby, and whether they make fair and equitable provisions for the determination and payment of any and all legal damages to persons and property, both direct and indirect, which will result from the execution thereof.

All persons, waterworks corporations, municipal corporations, or other civil divisions of the State of New York, other than the applicant, who have objections to the execution of said plans or wish to be heard either in favor of or opposed to such plans, in order to be heard thereon, must file a notice of such desire to be heard in writing and in duplicate in the office of the Water Resources Commission in the city of Albany, New York, on or before the 30th day of April, 1968. Any objection so filed must particularly specify the grounds thereof.

SUPREME COURT:
COUNTY OF ULSTER

FRANKLIN BRUCE BROWN, SR.,
Plaintiff,
- against -
SOPHIE SCHIERHORST, GEORGE SCHIERHORST, and LOUIS CAIOME,
Defendants.

SUMMONS
TO THE ABOVE NAMED DEFENDANTS:

You are hereby summoned to answer the complaint in this action, and to serve a copy of your answer, or, if the complaint is not served with this summons, to serve a notice of appearance on the Plaintiff's Attorneys within twenty (20) days after the service of this summons, exclusive of the day of service, or within thirty (30) days after the completion of service where service is made in any other manner than by personal delivery within the state. In case of your failure to appear or answer, judgment will be taken against you by default for the relief demanded in the complaint.

Ulster County is designated as the place of trial on the basis of the residence of the Plaintiff, FRANKLIN BRUCE BROWN, SR., being Star Route, Box 135, Shokan, New York, and on the further basis that the real property, which is the subject of this action, is located within the County of Ulster in the Town of Hurley.

# Say Universe Doomed -- But in 10 Billion Years

By FRANK CAREY

WASHINGTON (AP) — Navy researchers report they've obtained evidence the universe is a curved, closed system—and therefore inexorably doomed to fiery destruction some 10 billion years from now.

They said the new findings—gleaned from the flight of an Aerobee rocket—appear to provide a possibly definite answer to a great cosmological question that has plagued scientists for generations:

Will the now-expanding universe, with its millions of star-filled galaxies, grow forever—or is it a closed system whose expansion will gradually slow to a stop, with catastrophic results?

Dr. Richard C. Henry of the Naval Research Laboratory, who reported the findings Wednesday on behalf of a five-man research team, said the rocket-gathered evidence "indicates strongly that the universe is closed."

He said such a system, would "fall inward until all the galaxies condense again to one great fireball of matter and radiation."

Henry, 28, a research fellow supported by the National Science Foundation, reported to a special symposium marking the dedication of NRL's new Hulburt Center for Space Research.

He amplified in an interview:

The Aerobee rocket, in a 100-mile-high flight above the White Sands, N.M., missile range last September, detected and measured certain cosmic X-rays coming from galaxies beyond the Milky Way.

That evidence indicated there may be 100 times as much matter dispersed in the vast reaches of space between galaxies as there is in all the mass of all the galaxies combined.

Henry explained that a closed universe—with a curved-space boundary—contains a certain amount of material within it. The amount is vastly greater than that of an open or ever-expanding universe.

"These observations of the Aerobee," he said, "indicate that there's enough matter in the universe to produce the complete curvature required for a closed universe."

# Nursery School to Be Started in Hurley Area

The Hurley Nursery School, a non-profit, non-sectarian cooperative school for three- to five-year-old children, will begin sessions in September, 1968. To be located in the Hurley Reformed Church building, the school will hold two sessions per day, on a five-day week basis, with approximately 20 children per session.

Mrs. Floyd R. Hixson, of Hurley, certified in the field of Early Childhood Development, will be the nursery school teacher, to be assisted by the parents enrolled in the co-operative plan on a rotating basis.

The governing committee of the school, comprised of Kenneth J. Burgess; Mrs. Russell F. Cunningham, kindergarten teacher, Hurley School; the Rev. James V. Keating, St. Joseph's Church; Mrs. Fred G. Kuhnel; Sister Mary Francis, Linwood School, Rhinebeck; Ernest Myer, principal, Hurley School; Mrs. Michael J. Negrelli; Dr. Jamshid Payman, pediatrician; Mrs. Frank W. Sammons, second grade teacher, Sophie G. Finn School; the Rev. Harold S. Schadewald, pastor, Hurley Reformed Church; Mrs. Duane R. Van Demark and Mrs. C. Bernard Ruckdeschel, have set the school's general policy, which will be to enrich the outlook of each child in creative tendencies, intellectual development and physical skills; to further their understanding of the world around them; and to help the children learn to live and play more successfully with each other.

The governing committee and the teacher will hold an open meeting Wednesday, April 24, at 8 p. m., in the Hurley Reformed Church. All interested parents may attend to discuss ths school, view of the facilities intended for use by the school, and talk with the teacher. Registrations will be accepted at this time.

For further information about the Hurley Nursery School, Mrs. C. Bernard Ruckdeschel, 46 Russell Road, Hurley, may be contacted.

# Savings Bank Assets Gain

The combined assets of New York State's savings banks now exceeded $40 billion, the Savings Banks Association of New York State announced today.

In announcing that the total assets of the 125 savings banks reached $40,045,059,000 on March 31, Dr. Austin S. Murphy, managing director of the association, pointed out that the combined resources of these institutions had doubled in the past 11 years. The total assets of the savings banks reached $20 billion during 1957, and topped the $30 billion mark in 1964.

Last month's asset gain of $248,407,000 brought the asset advance in the past 12 months to $3,267,888,000 or nearly 9 per cent, Dr. Murphy noted.

Nearly $4 out of every $5 held by the state's savings banks are invested in real estate mortgage loans, Dr. Murphy said. On March 31, mortage holdings 78.7 per cent of total assets, and the number of mortgage loans meld was more than 2,000,000.

# German Measles Vaccine Near

By ROBERT A. DOBKIN

ATLANTIC CITY, N.J. (AP) — A scientist says mothers of child bearing age may be able to get protection within a year against the birth damaging defects of German measles. The next epidemic of the disease is due about 1970.

That was a report on a new live virus vaccine against German measles given today by Dr. Maurice R. Hilleman of the Merck Institute for Theruputic Research at West Point, Pa.

Hilleman said large scale tests are already under way in the United States and that by the end of the year up to 20,000 children in five different areas would receive this experimental vaccine. Tests of other vaccines will cover another 20,000 children.

The virologist said the vaccine successfully passed pilot tests with mothers and children in two suburban Philadelphia communities.

Hilleman couldn't say how many people would have to be given the vaccine before the Federal Food and Drug Administration ruled on its safety and effectiveness.

In the case of ordinary measles vaccine 10,000 were tested, and in mumps only 5,200.

At least three other vaccines using different strains of the virus are undergoing tests in the United States and abroad. The manufacturers also hope to get them on the market within the year.

German measles is a relatively mild disease that strikes mostly children and young adults. Until recently there seemed to be no need to prevent it but now doctors have proven that it causes serious congenital defects in children whose mothers were infected in the first trimester of pregnancy.

World wide epidemics of the disease normally occur every six years. During the last epidemic in 1964-65, 20,000 deaths within the womb were reported and 20,000 birth defects.

Hilleman, in reporting his findings at the annual meeting of the Federation of American Societies for Experimental Biology, said the pilot study involved 527 children and their mothers in Havertown and Broomal, Pa.

Notice is hereby given that, pursuant to Section 431 of the Conservation Law, the Water Resources Commission will cause a public hearing to be held in the Fire House in the Village of Rosendale on the 1st day of May, 1968, at 10:00 o'clock in the forenoon of that day for the purpose of hearing all persons, waterworks corporations or other civil divisions of the State of New York that may be affected by the execution of the plans of the Village of Rosendale, Ulster County, for the taking of an additional supply of water for the Village water supply system from the so-called Snyder Mine at Tillson, formerly a natural cement mine, and for the construction proposed in connection therewith, plans for which have been filed with the Water Resources Commission, at its office in Albany, N. Y., where the same are open for public inspection; and for the purpose of determining whether said plans are justified by public necessity, whether they provide for the proper and safe construction of all work connected therewith, whether they provide for the proper protection of the supply and watershed from contamination or provide for the proper filtration of such additional supply, whether they are just and equitable to the other municipalities and civil divisions of the State of New York and to the inhabitants thereof affected threby, and whether they make fair and equitable provisions for the determination and payment of any and all legal damages to persons and property, both direct and indirect, which will result from the execution thereof.

All persons, waterworks corporations, municipal corporations or other civil divisions of the State of New York, other than the applicant, who have objections to the execution of said plans or wish to be heard either in favor of or opposed to such plans, in order to be heard thereon, must file a notice of such desire to be heard in writing and in duplicate in the office of the Water Resources Commission in the city of Albany, New York, on or before the 30th day of April, 1968. Any objection so filed must particularly specify the grounds thereof.

## Little Princess

THE HAGUE (AP) — Princess Margriet of the Netherlands, third daughter of Queen Juliana and Prince Bernhard, gave birth Wednesday night to a son.

Margriet, 25, was married Jan. 10 last year to Pieter van Vollenhoven, a commoner.

## Liz-Burt to Star

LONDON (AP) — Richard Burton and Elizabeth Taylor, shareholders in the new Harlech television company, are to star in the company's opening night show May 20.

Lord Harlech, friend of Jacqueline Kennedy, is chairman of the company which will put out a new TV service to Wales and Western England.

Harlech announced program plans in London Wednesday night.

## To Fulfill Wish

BOSTON (AP) — Louis L. Alden, who has been blind for 24 of his 60 years, is well on his way to fulfilling his wish to become a practicing attorney.

Alden, who has a seeing eye dog and reads braille, learned Wednesday he was among 185 persons who passed the Massachusetts bar.

"The greatest wish in my life was to become a practicing attorney," said the former machinist when notified of his performance.

LEGAL NOTICE

STATE OF NEW YORK
SUPREME COURT:
COUNTY OF ULSTER

FRANKLIN BRUCE BROWN, SR.,
Plaintiff,
-against-
SOPHIE SCHIERHORST, GEORGE SCHIERHORST, and LOUIS CAIOME,
Defendants.

SUMMONS

TO THE ABOVE NAMED DEFENDANTS:

You are hereby summoned to answer the complaint in this action, and to serve a copy of your answer, or, if the complaint is not served with this summons, to serve a notice of appearance on the Plaintiff's Attorneys within twenty (20) days after the service of this summons, exclusive of the day of service, or within thirty (30) days after the completion of service where service is made in any other manner than by personal delivery within the state. In case of your failure to appear or answer, judgment will be taken against you by default for the relief demanded in the complaint.

Ulster County is designated as the place of trial on the basis of the residence of the Plaintiff, FRANKLIN BRUCE BROWN, SR., being Star Route, Box 138, Shokan, New York, and on the further basis that the real property, which is the subject of this action, is located within the County of Ulster in the Town of Hurley.

TO:
SOPHIE SCHIERHORST, GEORGE SCHIERHORST and LOUIS CAIOME, Defendants.

The foregoing summons is served upon you by publication pursuant to an order of the HON. LAWRENCE H. COOKE, a Justice of the Supreme Court of the State of New York, dated March 27th, 1968, and filed with the complaint and others papers, in the office of the Clerk of the County of Ulster, at Kingston, New York.

The object of this action concerns the determination of a claim to real property as more particularly described in a certain deed from Mamie Orth to Franklin Bruce Brown, Sr., dated May 16th, 1966, which deed was duly recorded in the Ulster County Clerk's Office in Liber 1182 of Deeds at page 240, and for such other and further relief as to the Court may seem just and proper.

# Say Universe Doomed -- But in 10 Billion Years

By FRANK CAREY

WASHINGTON (AP) — Navy researchers report they've obtained evidence the universe is a curved, closed system—and therefore inexorably doomed to fiery destruction some 10 billion years from now.

They said the new findings—gleaned from the flight of an Aerobee rocket—appear to provide a possibly definite answer to a great cosmological question that has plagued scientists for generations:

Will the now-expanding universe, with its millions of star-filled galaxies, grow forever—or is it a closed system whose expansion will gradually slow to a stop, with catastrophic results?

Dr. Richard C. Henry of the Naval Research Laboratory, who reported the findings Wednesday on behalf of a five-man research team, said the rocket-gathered evidence "indicates strongly that the universe is closed."

He said such a system, would "fall inward until all the galaxies condense again to one great fireball of matter and radiation."

Henry, 28, a research fellow supported by the National Science Foundation, reported to a special symposium marking the dedication of NRL's new Hulburt Center for Space Research.

He amplified in an interview:

The Aerobee rocket, in a 100-mile-high flight above the White Sands, N.M., missile range last September, detected and measured certain cosmic X-rays coming from galaxies beyond the Milky Way.

That evidence indicated there may be 100 times as much matter dispersed in the vast reaches of space between galaxies as there is in all the mass of all the galaxies combined.

Henry explained that a closed universe—with a curved-space boundary—contains a certain amount of material within it. The amount is vastly greater than that of an open or ever-expanding universe.

"These observations of the Aerobee," he said, "indicate that there's enough matter in the universe to produce the complete curvature required for a closed universe."

# Nursery School to Be Started in Hurley Area

The Hurley Nursery School, a non-profit, non-sectarian cooperative school for three- to five-year-old children, will begin sessions in September, 1968. To be located in the Hurley Reformed Church building, the school will hold two sessions per day, on a five-day week basis, with approximately 20 children per session.

Mrs. Floyd R. Hixson, of Hurley, certified in the field of Early Childhood Development, will be the nursery school teacher, to be assisted by the parents enrolled in the co-operative plan on a rotating basis.

The governing committee of the school, comprised of Kenneth J. Burgess; Mrs. Russell F. Cunningham, kindergarten teacher, Hurley School; the Rev. James V. Keating, St. Joseph's Church; Mrs. Fred G. Kuhnel; Sister Mary Francis, Linwood School, Rhinebeck; Ernest Myer, principal, Hurley School; Mrs. Michael J. Negrelli; Dr. Jamshid Payman, pediatrician; Mrs. Frank W. Sammons, second grade teacher, Sophie G. Finn School; the Rev. Harold S. Schadewald, pastor, Hurley Reformed Church; Mrs. Duane R. Van Demark and Mrs. C. Bernard Ruckdeschel, have set the school's general policy, which will be to enrich the outlook of each child in creative tendencies, intellectual development and physical skills; to further their understanding of the world around them; and to help the children learn to live and play more successfully with each other.

The governing committee and the teacher will hold an open meeting Wednesday, April 24, at 8 p. m., in the Hurley Reformed Church. All interested parents may attend to discuss ths school, view of the facilities intended for use by the school, and talk with the teacher. Registrations will be accepted at this time.

For further information about the Hurley Nursery School, Mrs. C. Bernard Ruckdeschel, 46 Russell Road, Hurley, may be contacted.

# Savings Bank Assets Gain

The combined assets of New York State's savings banks now exceeded $40 billion, the Savings Banks Association of New York State announced today.

In announcing that the total assets of the 125 savings banks reached $40,045,059,000 on March 31, Dr. Austin S. Murphy, managing director of the association, pointed out that the combined resources of these institutions had doubled in the past 11 years. The total assets of the savings banks reached $20 billion during 1957, and topped the $30 billion mark in 1964.

Last month's asset gain of $248,407,000 brought the asset advance in the past 12 months to $3,267,888,000 or nearly 9 per cent, Dr. Murphy noted.

Nearly $4 out of every $5 held by the state's savings banks are invested in real estate mortgage loans, Dr. Murphy said. On March 31, mortage holdings 78.7 per cent of total assets, and the number of mortgage loans meld was more than 2,000,000.

## EMPLOYMENT

ATTENTION JOB APPLICANTS
The Kingston Daily Freeman does not knowingly accept Help-Wanted ads from employers covered by the Fair Labor Standards Act if they offer less than the legal minimum wage or fail to pay at least time and one-half for overtime hours. The minimum wage for employment covered by the FLSA prior to the 1966 Amendments is $1.60 an hour with overtime pay required after 40 hours a week. Jobs covered as a result of the 1966 Amendments require $1.15 an hour minimum with overtime pay required after 42 hours a week. For specific information, contact the Wage and Hour Office of the U. S. Department of Labor, 881 Gerard Ave., Bronx, N. Y., 10452 WYandotte 2-1235.

IMPORTANT NOTICE: The New York State Law against Discrimination and the Federal Civil Rights Act of 1964 prohibit discrimination in employment because of sex unless based on a bona fide occupational qualification. Help Wanted and Situation Wanted advertisements are arranged in columns captioned "Male" and "Female" for the convenience of readers and are not intended as an unlawful limitation or discrimination based on sex.

## EMPLOYMENT

ATTENTION JOB APPLICANTS
The Kingston Daily Freeman does not knowingly accept Help-Wanted ads from employers covered by the Fair Labor Standards Act if they offer less than the legal minimum wage or fail to pay at least time and one-half for overtime hours. The minimum wage for employment covered by the FLSA prior to the 1966 Amendments is $1.60 an hour with overtime pay required after 40 hours a week. Jobs covered as a result of the 1966 Amendments require $1.15 an hour minimum with overtime pay required after 42 hours a week. For specific information, contact the Wage and Hour Office of the U. S. Department of Labor, 881 Gerard Ave., Bronx, N. Y., 10452 WYandotte 2-1235.
IMPORTANT NOTICE: The New York State Law against Discrimination and the Federal Civil Rights Act of 1964 prohibit discrimination in employment because of sex unless based on a bona fide occupational qualification. Help Wanted and Situation Wanted advertisements are arranged in columns captioned "Male" and "Female" for the convenience of readers and are not intended as an unlawful limitation or discrimination based on sex.

## Dear Abby

# Let Her Feather Own Nest

By ABIGAIL VAN BUREN
(© 1968 by Chicago Tribune-N. Y. News Syndicate, Inc.)

DEAR ABBY: My 21-year-old daughter is moving into her own apartment, and she claims that the furniture in her bedroom, the piano, and some other items are HERS to take along because I bought them for her — like her clothes.

I feel guilty not letting her take these things, because altho I DID buy them for her, they were for her convenience and comfort only as long as she lived at home.

Abby, if all my other children decided to move out and take their bedroom furniture, desks, etc. with them, I would be left with an empty house, and I certainly can't afford to refurnish right now.

Have times changed so much in 25 years? When I left my mother's home, it never would have occurred to me to take anything but my clothing.

Please answer this in your column for other parents who must have been faced with this same problem. B.B.J.

DEAR B.B.J.: You have no reason to feel guilty. Any mother's "child" who is old enough to leave home, should not expect to take half of "home" with him.

* * *

DEAR ABBY: Last week my sister had the flu, so I went to her house to help her out. I did her laundry and when I went to put it in her linen closet, I couldn' help but notice an unusually large supply of soap and toothpaste. They were "free samples" — the kind I recently got in the mail, addressed to "occupant."

My sister's husband is a postman, so this might give you a clew. Another thing I noticed, they have every magazine under the sun and they all have little square "holes" on the covers, where the names and addresses have been cut off.

If these magazines and all those free samples of soap and toothpaste are undeliverable, I'm sure there are plenty of institutions that could use them.

If my brother-in-law is typical of all postmen, they must be the cleanest, sweetest-smelling men in town.

NO NAME, OHIO

DEAR NO NAME: I smell something — and it's not your brother-in-law. Ask your sister if she can explain the "free goods."

* * *

DEAR ABBY: For "Likes 'Em Real," who got in such a flap over foam-rubber fannies, etc., and suggested "truth in packaging,"" or verification cards for the ladies, may I suggest one for the gentlemen, too? One might read:

Hair: Natural color — Gray. Uses hair color. Also wears hair piece to cover baldness.

Eyes: Near-sighted. Wears contact lenses.

Teeth: Dentures (Lost his own when hit in the mouth after the "pinch test" for rubber fannies).

Shoulders: Natural width — 32". With padded shoulders in jacket — 44."

Chest: Actual measurement — 32". With abdominal belt — 44".

Waist: Actual measurement — 44". With abdominal belt — 32".

Height: Actual — 5'8". With elevated shoes — 6'1".

Many men could be in trouble under the same law, if it were passed. Right? M.R.M.

* * *

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal. 90069 and enclose a stamped, self-addressed envelope.

## Bridge

## Expert Displays Generous Streak

By Oswald and James Jacoby

My father used to write about a character named "Generous George." George was a fairly obnoxious person but a mighty good bridge player. His forte was to give away a trick accompanied by a speech about generosity. Then George would get two or three tricks back for the one he had been kind enough to give away.

Today's hand is taken from a practice match in which our team was engaged. My teammate Ira Corn Jr. emulated Generous George in part. He deliberately gave away a trick, but he didn't really give that trick to our opponents. He gave away the trick so that I could pick up several tricks later on as his partner.

My heart overcall was nothing to be proud of, but we weren't vulnerable and I wanted to encourage a heart lead in case South became the declarer.

Opening lead—♥ J

Ira would probably have opened the jack of hearts in any event but my overcall made that lead certain.

South held off two heart leads but had to win the third. Then he entered dummy with the king of spades and led the queen of diamonds. My king lost to his ace and at this point Ira came up with the winning generous play. He dropped his jack of diamonds under declarer's ace!

We were playing the match with International Match Point scoring. This makes the game similar to rubber bridge. Ira risked allowing an overtrick when he jettisoned the jack of diamonds and while no one likes to give away even an overtrick, the game is what really counts and since I did hold the nine of diamonds, Ira's play set the game contract.

## It's In The Stars —

*("The wise man controls his destiny . . . astrology points the way.")*

FORECAST FOR FRIDAY APRIL 19, 1968

ARIES (March 21-April 19): Friends, hopes, wishes are spotlighted today. Excellent evening for socializing. Give and accept invitations. Your sense of humor is tremendous ally. You intrigue people.

TAURUS (April 20 May 20): Check details. Get routine tasks out of way before celebrating. Your prestige could be on the line. At any affair tonight, avoid insulting remarks. One in authority may be testing you.

GEMINI (May 21-June 20): Good lunar aspect today coincides with planning, writing, presenting of unique format. Now is time to communicate desires, thoughts. Romance emphasized tonight.

CANCER (June 21-July 22): Concern today centers on the unknown — not speculation but more on a metaphysical plane. Get to know family and yourself. Key is meditation. Tap your subconscious.

LEO (July 23-Aug. 22): Spotlight on relations with outsiders. How you handle calls, communications is important. Don't lose sight on value of public relations.

VIRGO (Aug. 23- Sept. 22): Today you benefit through work, attention to duties, responsibilities. Some who have performed services require praise, flattery. Perform duties without appearing officious.

LIBRA (Sept. 23-Oct. 22): Emotions apt to fly high. Keep long-range goal in focus. Important to finish what is started. Stress creativity. Give of yourself. Don't feel tradition is everything. Impress your style.

SCORPIO (Oct. 23-Nov. 21): Concentrate on basics. Home area promises best results. Many depend upon you. Take initiative where originality is concerned. Means be confident in your own ideas, projects.

SAGITTARIUS (Nov. 22-Dec. 21): Relations with kin, neighbors demand special attention. Today you could be on receiving end of stories, problems, aspirations. Best to listen and to be discriminating.

CAPRICORN (Dec. 22 - Jan. 19): Be conservative where finances are concerned. Some put you in middle regarding neighbor dispute. Maintain poise. Don't commit yourself. Those who fight today are friends tomorrow.

AQUARIUS (Jan. 20-Feb. 18): Cycle high. Means now you can take initiative. Stress independence. Lead rather than follow. Stick to principles. Know you're a winner—act like you know it.

PISCES (Feb. 19-March 20): Not wise to mix friendship and business. Get best possible deal. Don't lend to one who merely leans, offers nothing in return. Be practical. Shake off emotional lethargy.

IF TODAY IS YOUR BIRTHDAY you are independent, have original ideas—last year you began project. Now you require determination and patience.

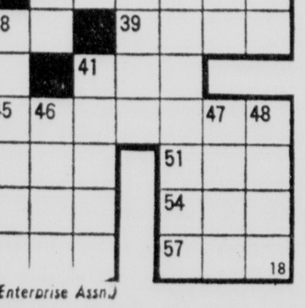

GENERAL TENDENCIES: Cycle high for AQUARIUS, PISCES. Special word to VIRGO: money question involving children can be solved through quiet discussion.

**Joey's Anniversary**

Joey Bishop celebrated the first anniversary of his late evening show Wednesday night with a program composed of highlights from the past 12 months. ABC celebrated it by announcing it had renewed his contract for another 39 weeks. The network also said that starting in late April, the program, routinely, will no longer be live, but taped one night for broadcast the next.

CBS's "Jonathan Winters Show," a late starter this season is among the few programs that still is showing new material. ## Broken

Pretty Helen Warman points to picket sign placed inside Bell Telephone window Tuesday in Trenton, N. J. Window was broken by rioters April 9. Other pickets can be seen in window reflection. Meanwhile, nearly 200,000 AFL-CIO Communications Workers were reported to be on the verge of the first nationwide telephone strike in 21 years, but their possible walkout isn't expected to interfere much with service. The strike deadline was to be at 3 p. m. today with talks continuing in Washington, New York and elsewhere. (UPI TELEPHOTO.)

# Rocky Under Pressure

WASHINGTON (AP) — New York Gov. Nelson A. Rockefeller is under increasing pressure from some key associates to take a new step toward active candidacy for the Republican presidential nomination.

Rockefeller, in Washington today to launch what he has said will be a series of speeches on major issues, will talk on big-city problems before the American Society of Newspaper Editors.

Some of the New Yorker's backers who participated in the abortive 1964 attempt to stop Barry Goldwater with then-Gov. William Scranton of Pennsylvania are convinced Rockefeller must abandon quickly his position of waiting for a draft.

Sen. Jacob K. Javits, R-N.Y., among others, thinks Rockefeller should say within two weeks he is willing to seek the nomination that former Vice President Richard M. Nixon is campaigning for vigorously.

Rockefeller said on April 12 there "could be" circumstances under which he might become an active candidate.

Some of his strategists feel action of this nature would help eliminate some of the political hangups they have encountered in trying to get a flow of convention delegates headed his way.

They believe Gov. James A. Rhodes and the 58-vote Ohio delegation might be favorable to Rockefeller. But they don't expect the canny Rhodes to make any commitments to a contender who isn't even in the ring.

Similarly, Gov. George Romney of Michigan has given clear signs he isn't inclined to reciprocate Rockefeller's support of his own abandoned campaign for the nomination until he is certain the New York governor is in the running. Michigan will cast 48 of the 667 votes needed for the nomination.

Gov. Raymond P. Shafer of Pennsylvania won't know exactly where his state's 64-vote delegation stands until members are elected in the April 23 primary. Shafer was not listed among governors backing Rockefeller when a national committee was formed recently to support the New Yorker for the nomination.

## No Changes Planned for Carolina Prison

RALEIGH, N. C. (AP) — North Carolina's top prison official says his efforts to build a progressive correction system were partially responsible for Wednesday's Central Prison riot in which six prisoners were killed.

But State Correction Commissioner Lee Bounds plans no change from his relatively new policy of collecting the worst offenders at the maximum security unit in Raleigh.

The advantage of the regrouping, Bounds said, outweighs the risks.

He said that his system insures that the "bulls"—extortionists, racketeers, assaulters, sexual offenders and other prisoners who have been terrorizing their fellow inmates—are removed from medium security facilities throughout the state, allowing more rehabilitation in those units.

Five inmates were killed and 78 wounded early Wednesday when guards fired shotguns into a crowd of more than 400 rioting prisoners. One of eight critically injured prisoners died late Wednesday night in a hospital.

Five officers were hurt, none seriously, in the confrontation that Bounds said lasted 10 minutes.

Bounds said the "root cause" of the trouble was administrative take-over of the prison handicraft system. For years the system was operated by inmates as a revenue source by making wallets and other leather goods for outside markets.

# Phone Strike Nears

WASHINGTON (AP) — Nearly 200,000 AFL-CIO Communications Workers are on the verge of the first nationwide telephone strike in 21 years, but their possible walkout isn't expected to interfere much with service.

Although talks continued in Washington, New York and elsewhere as today's 3 p.m. EST strike deadline neared, "We have regretfully reached the point of no return," said union President Joseph A. Beirne.

"We will maintain service and it will be good service," said H. I. Romnes, chairman of the American Telephone & Telegraph Co., parent firm of the strike-threatened Bell Telephone System.

Heaviest impact of a strike would be on new telephone installations around the country because 23,000 installers who work for Bell's subsidiary Western Electric Co. are involved.

"Despite lengthy attempts by both sides, I am convinced it is now too late to avoid the strike," Beirne said in a statement issued from union headquarters in Washington.

"I don't think it is too late to avert a strike," responded Romnes, who was in Boston Wednesday for an annual AT&T board meeting.

Beirne, who described the nationwide Bell System as a "30 billion dollar computer," conceded a strike would have little immediate impact on the company or telephone users.

But he said without the skills of union members who repair and keep the vast telephone system running, "that computer will eventually become an enormous pile of junk."

The union said a strike would probably hamper some long-distance calls, information requests and other services requiring operators.

Romnes said there might be some initial confusion at the start of a strike, but that supervisors would quickly take over the tasks of telephone operators.

The installers, pattern wage setters for the union, now average $3.27 per hour. Other Bell System workers involved in the threatened strike in 14 states and the District of Columbia average $2.79.

Company wage offers of 7.5 per cent, rejected by the union, would give pay raises averaging about 24 cents per hour to installers and about 20 cents to the other workers over 18 months.
